Pima County Board of Supervisors
130 West Congress Street, 5th Floor
Tucson, Arizona 85701

Dear Pima County Board of Supervisors:

Subject: Requested Approval for Removal of Delinquent Tax Bills

The Pima County Sheriff's Department, working in conjunction with Beth Ford, the Pima County Treasurer, is requesting approval to remove thousands of uncollectable tax bills from the Pima County tax rolls. There are over 47,000 delinquent tax bills on the Pima County tax roll. The Treasurer's Office along with the Sheriff's Department have worked together to identify 7,101 of the delinquent tax bills that are no longer collectable and currently on the tax roll. These identified delinquent bill properties are most likely not in existence any longer and therefore the tax bill is uncollectable.

Arizona Revised Statute 42-19118 allows for the treasurer, sheriff, and county attorney the ability to remove uncollectable taxes from the tax roll. Removing these delinquent taxes will allow Pima County to clean up the delinquent tax roll and allow better allocation of resources on those bills that are collectable.

Per Arizona Revised Statute **42-19118 Clearing Uncollectable Tax:**

A. If the county treasurer, sheriff and county attorney are unable to locate both the personal property on which taxes have been assessed and the person owning the property or the owner's successors or assigns, after diligent search by the sheriff, the tax may be declared uncollectible pursuant to this section.

B. The county treasurer shall:
1. Prepare and submit to the board of supervisors a certificate of clearance stating:
(a) The name of the person who is liable for the tax.
(b) A description of the property.
(c) The tax roll number.
(d) The delinquent date of the tax.
(e) The year and the amount of tax, interest and penalty involved.
(f) The extent of any lien on the property.
2. Submit an affidavit from the sheriff stating that after a diligent search both the property and the person owning the property or the person's successors or assigns have not been located.

C. On being satisfied that the tax is uncollectible, the board of supervisors may approve the certificate of clearance.

D. On approval of the certificate, the treasurer shall:
1. Delete from the treasurer's records the tax, interest and penalty covered by the certificate.
2. Make a notation in the records that the deletion was made pursuant to the approval of a certificate of clearance together with the number and date of the certificate.

E. If the property or the person who owns the property or the owner's successors or assigns are located after the approval of the certificate of clearance, the county treasurer may reinstate and collect the taxes, penalties and interest as if there had been no approval of the certificate.

Attached you will find 7101 Certificates of Clearance created by the Pima County Treasurer. All of these Certificates of Clearance are UNCOLLECTABLE at this time. The Sheriff's Department has determined that both the property and the persons owning the property of the person's successors or assigns have not been located. The Treasurer's Office and Sheriff's Department agree that removing these tax bills is the most reasonable step right now. While the number of certificates and the dollar amount is large, removing them will free up resources to use on tax bills that are collectable. If the property or the person who owns the property or the owner's successors or assigns are located after the approval of the certificate of clearance, ***the county treasurer may reinstate and collect the taxes***, penalties and interest as if there had been no approval of the certificate.

The request is being made that all of these Certificates of Clearance be removed from the Pima County tax roll. Thank you for your attention to this matter.

Sincerely,

CHIEF N. JANES (FOR)

Chris Nanos
Sheriff of Pima County
