

MEMORANDUM

Date: April 21, 2020

Re: Paycheck Protection Program Summary Report

As I indicated during the Board of Supervisors' discussion today regarding the COVID-19 pandemic update, we obtained the attached information related to the Paycheck Protection Program (PPP).

The attached PPP report, prepared by the US Small Business Administration (SBA), summarizes approvals through April 16, 2020 by State. The number of SBA loans approved in Arizona is 19,280. For all loans throughout the Country, the average loan size is \$206,000. Of the approved loans, 1,229,893 are for \$150,000 or less, which amounts to 74 percent by count, but only 17 percent of the total funds distributed. The SBA approved 177,905 national loans for the construction industry.

Of greater interest would be the number of small businesses in Pima County that applied, the number who were approved or denied and the number that have not applied. I have asked our Economic Development staff to research this subject to determine if they have the ability to obtain this information from the SBA or any State entity who may also be administering the program through the SBA.
