Members of the Pima County board of supervisors have spent the past 11 months on a "Blue Ribbon" commission to evaluate the condition of the Pima county adult detention center. The finding of this commission is that the facility is in such disrepair that it may actually be more cost effective to build a new one! Even after studying the several hundred page report, somehow the board can come up with nothing more than to suggest empaneling yet another new commission to study the exact same problem. The detention center is falling in on itself. Conditions are reported by this very commission to be unsafe, dirty, and understaffed. The board of supervisors should immediately respond to the findings of this commission's report and allocate funds to repair this center. The need for a safe facility to humanely incarcerate those sentenced to confinement is a fact of life. The years of neglect have taken a toll on our current facility and it calls for much more than another year long study and a new commission.

Oddly enough, in this same budget there seems to be \$7,168,471.00 available to improve the Richard Elias-Mission Library. These funds were approved Feb.20 2024 at the same meeting where we learned about the 600-900 million dollars needed for the Adult Detention Center. In addition to this there is a plan on the March 5 2024 agenda to increase funding for affordable housing another \$1,484,316. That budget has already been approved, awarded and spent.

In the Feb. 6, 2024 meeting they also found funding for a head spinning \$800,000 for portable restroom rental and services, \$6,628,217 for road work at Country Club/Kino Parkway, \$1,100,000 for weed (invasive plant) treatment, and \$157,000 for a special interest class to name a few. The Pima County Board seems to have plenty of money to take care of the public, but have willfully declined to uphold public safety as the first priority.

Perhaps it would better serve our county's needs to renovate our detention center and improve existing road conditions before the budget is spent on specialty projects.

Thank you!

ADD 2

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Agenda Items #41: Hearing - Code Text Amendment ORDINANCE NO. 2024 - 2, of the Board of Supervisors, relating to Law Enforcement; amending the Pima County Code, Title 9. (District 1).

Rex Scott is NOT representing his constituents. You cannot circumvent our 2nd Amendment and State of Arizona rights. Who is pulling Rex's puppet strings. We will not comply with their attempt to ignore state law and the 2nd Amendment regarding gun ownership.

Agenda Item #14: Additional FY 23/24 Pima County GAP Funding for Affordable Housing Development and Preservation.

Stick to the budget and to vote NO on item 14.

Agenda Item #15: Pima County Adult Detention Center Blue Ribbon Commission Discussion/Direction/Action: Establish a new charter for a new commission.

Get back to basic budget items for the benefit of all Pima County Tax payers. No new commissions about repairs.

Agenda Item #28: DH Pace Company, Inc., to provide for WPS Upgrade & Hosted Solution, Parking Garage Enterprise Fund, contract amount \$300,000.00

Vote NO. This is another way that our personal information is being collected and aggregated in the Cloud in the name of convenience. Once in the Cloud, there is no oversight and personal data can be shared, bought and sold, and used for purposes for which it was never said to be initially collected.

- Agenda Item #29: Mosaic Quarter Development, L.L.C., to provide for the Mosaic Quarter Master Ground Lease, contract amount \$25,513,540.00 revenue/42 year term
Agenda Item #30: MQD Phase I, L.L.C., to provide for the Mosaic Quarter Phase I Lease Agreement, General Fund, contract amount \$1,628,037,732.00/32 year term

MAR 04 24 4:08:26 PM CLK OF ED

RM

- **Agenda Item #31: MQD Phase I Operations, L.L.C., to provide for the Mosaic Quarter Phase I Sublease Agreement, contract amount \$2,301,845,664.00 revenue/32 year term**

We are aware that Pima County's Sustainable Action Plan was written to "implement policies and programs that reduce carbon emissions from County operations in accordance with the Paris Climate Agreement" and to "install green infrastructure." Be vigilant of any way the Mosaic Quarter project might be used to further these totalitarian, technocratic goals, and if there is any doubt about this to vote NO.

**Agenda Item #34:Agenda Item #35:Agenda Item #36:Agenda Item #37:**

**I am concerned** about unsafe fluoride, not letting schools be parents, and the dangers of surveillance in every part of our lives under the guise of "safety and convenience."

**Agenda Item #40:**

I appreciate having these facilities remain online during an off-grid situation. Nonetheless, these events are not always a result of climate change. Is this a predictive event?

**Addendum Item #2: Presentation of a proclamation to Eva Carrillo-Dong and Anakarina Rodriguez, Co-Chairs, Arizona César Chávez and Dolores Huerta Holiday Coalition, proclaiming the month of March 2024 to be: "Cesar Chavez AND Dolores Huerta Month"**

Proclamations are a waste of board time. How effective was the time spent at a recent meeting debating the language for the resolution to stand with Israel – the meeting in which Matt Heinz left the room immediately when he was voted down, so that he wouldn't be on record voting against Israel? Time is better spent discussing how to address issues like homelessness and crime.

**Agenda Item #13:**

I applaud the board for listening to the people who pay your salaries and for working "across the aisle". We need Jan Leshar for an update to her answer to Steve Christy's question at the last board meeting on whether the soon-to-be street-released "legal" "asylum-seekers" are going to be classified as "homeless", her answer to which was basically, "That is not the plan at this time..."

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Adult detention center: It is absolutely plain that the ADC is a necessity and that it is unsafe and filthy. A blue-ribbon commission has already studied it for 11 months and produced hundreds of pages. Something needs to be done besides appointing yet another commission. The most essential repairs need to be started at once. We cannot leave incarcerated individuals in unsafe conditions while a new facility is thought about and planned and built. There is plenty in the budget allocated for more elective purposes.

Essential infrastructure: We certainly need backup generator capacity for essential utilities, in case of grid failure--an increasingly likely threat as reliable electrical generating capacity is being replaced with unreliable, weather-dependent, non-economical (subsidy-dependent), purportedly "green" facilities.

Mosaic Quarter Development: while it seems that this might be a boon to the county, we should be vigilant that it is not a front for furthering the totalitarian, technocratic goals of a "15-minute city" that would limit mobility (in a spread-out city dependent on automobiles!) to limit CO2 emissions, with the stated but impossible goal of affecting the climate of the whole planet. Please vote no on anything that might relate to the UN's "sustainability" diktats instead of the good of your constituents.
