Award Contract Grant

Requested Board Meeting Date: December 3, 2024

* = Mandatory, information must be provided

or Procurement Director Award:

***Contractor/Vendor Name/Grantor (DBA):**

Department of Health and Human Services, Centers for Disease Control and Prevention (CDC)

***Project Title/Description:**

PimaREACH (Racial and Ethnic Approaches to Community Health) Coalition: Restoring Cultures of Health Among Native American and Hispanic/Latinx Communities in Pima County, Arizona.

***Purpose:**

Amendment #2 adds a section on Substantial Involvement by the CDC to the grant. The Pima County Health Department will work with community partners to improve health and quality of life in Pima County by working with Latinx and Native American communities to develop strategies related to: food and nutrition security, safe and accessible physical activity and nutrition and physical activity in early care and education settings.

***Procurement Method:**

This grant amendment is a non-Procurement contract and not subject to Procurement rules. The grant amendment was reviewed by PCAO.

***Program Goals/Predicted Outcomes:**

REACH aims to improve health, prevent chronic diseases, and reduce health disparities among the Pima County population at the highest risk/burden of chronic diseases including hypertension, heart disease, Type 2 diabetes, and obesity. The program addresses food and nutrition security, safe and accessible physical activity and nutrition and physical activity in early care and education settings.

***Public Benefit:**

The REACH program benefits target communities by reducing the risk of chronic disease and decreasing health disparities.

***Metrics Available to Measure Performance:**

The work plan submitted as part of the proposal includes outcome measures such as number of community support actions, number trained tribal and Latino community spokespersons, materials distributed to community-based organizations and other partners, and number of partnerships formed.

***Retroactive:**

Yes. This amendment is dated 09/18/2024. PCHD received it after that date. The change is to add language that was previously omitted.

1. Terms and Conditions - Administrative Correction

ADDITIONAL AWARD INFORMATION

Administrative Correction: The purpose of this amended Notice of Award is to correct the Substantial Involvement by CDC section from the previous notice of award dated 9/9/2024.

Substantial Involvement by CDC: CDC will have substantial involvement beyond site visits and regular performance and financial monitoring during the period of performance. CDC activities are intended to ensure the success of the project and will include the following:

- Provide ongoing programmatic and evaluation technical assistance.
- Provide REACH program implementation guidance to recipients on identifying and implementing strategies and activities.
- Facilitate collaborative opportunities with other CDC funded NOFO national and state partners.
- Promote information sharing among recipients:
 - Facilitate routine conference calls, webinars, and other informational exchange.
 - Develop mechanism for documenting and sharing lessons learned.
- Convene recipient strategy-specific and equity trainings.

Additionally, CDC will:

- Ensure that recipients have access to expertise found throughout the National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP). Technical assistance teams will also work in collaboration with other programs and divisions across NCCDPHP to identify specific actions that improve efficiency and greater public health impact.
- Collaborate with recipients to explore appropriate flexibilities needed to meet public health outcomes and goals. Flexibility in cooperative agreements includes recipient's ability to propose alternative methods to achieve the outcomes and goals of the cooperative agreement that align with recipient's opportunities for success, infrastructure, and partner buy-in, demographics, and burden. This includes bringing together resources from multiple cooperative agreements to jointly advance the goals of each and expanding the dialogue to bring in other CDC and recipient staff to reach a win/win solution.
- Create greater efficiencies and consistency across NCCDPHP programs. For example:
 - Jointly developed resources and tools that focus on cross-cutting functions, settings, risk factors, conditions, and diseases to ensure consistent messages and to meet technical assistance needs.
 - Joint training and technical assistance opportunities that help recipients produce policies and programs that are more holistic and fully supportive of work in tobacco, nutrition, physical activity, chronic disease management and other strategies and topics, as appropriate.
- Continue and expand support for recipients to leverage NCCDPHP resources to address cross-cutting functions, settings, risk factors, and diseases.
