Dear Supervisors Rex Scott, Matt Heinz, Sharon Bronson, Steve Christy, Adelita Grijalva and Clerk Of the Board Pima County:

**Pima County BOS addendum 4 Health Department Funding**

**Discussion/Direction/Action:** Directing the County Administrator and County staff to allocate an additional \$6 million in General Fund revenues to the FY23 Budget for the Pima County Health Department, with an eye toward additional increases in the Department's base funding in future years. As the Health Department leads us out of the pandemic and toward greater community health and wellbeing, we must ensure it has the dedicated personnel and other resources needed to accomplish its long-term goals. (District 2)

On March 30 the State's Covid Emergency order was Lifted. No emergency exists. Why is the Health Department trying to pad its budget when there is no more emergency? Do they think they have the same powers as the state legislature and Governor and can just keep milking the Pima County Board for more and more taxpayer funds?

Simply asked, why is the Pima County Board Of Supervisors and the health department requesting in addendum 4 the following: "Directing the County Administrator and County staff to allocate an additional \$6 million in General Fund revenues to the FY23 Budget for the Pima County Health Department, with an eye toward additional increases in the Department's base funding in future years."

- There is no justification for an *additional* \$6 million at this time.
- The Board majority are being led by unelected bureaucrats who want to pad their budgets for vague "long term goals." Today's Board has NO AUTHORITY to spend money for tomorrow's "long term goals" because it NO LONGER HAS EMERGENCY POWERS. Today--there is no emergency!
- Where are the line-item budget justifications for this extravagant request for an additional \$6 million? We urge the Board to demand transparency and vote NO to any new emergency funds now that the emergency order is lifted.

APR 04 2022 10:55 PM COB

This allocation of these funds needs to be stopped immediately by the Board of Supervisors.

Sincerely,

Karianne Croy
