Dear County Supervisors:

I am writing about the proposed community partnership program with Best Friends Animal Society, Pima Animal Care Center and the Humane Society of Southern Arizona to address the issue of cat overpopulation. I wish to indicate my strong support for this program.

Best Friends Animal Society has significant experience and success with these programs in other cities and have selected Tucson as a partner city. We must accept and provide enthusiastic support for this program.

The feral cat situation is one that is caused by humans and we therefore hold the responsibility to address it in a humane and compassionate and manner. A society is measured by how it cares for its needy, both two legged and four legged. It is time for Tucsonans to do the right thing and begin to address this issue with the solution that is now before us.

I would be willing to make a financial contribution to this effort once the right decision is taken.

Sincerely,

Martha A. Brumfield, PhD
