Re: **December 16, 2014 Addendum Item 5 – Star Valley Development**

This is to request that Addendum Item 5, the Star Valley Plat Abandonment, be continued to the January 6, 2015 Board of Supervisors meeting.

Discussions continue with the developer/owner regarding the provision of both onsite and offsite infrastructure to adequately and safely provide public improvements for additional development within Star Valley.

In addition, an appropriate settlement agreement requires finalization prior to final Board action on this item. Settlement discussions are ongoing and should be completed before the January 6, 2015 meeting.
