Please explain to the public with notice how this Economic Development Strategic Plan will be utilized before voting on it. Citizens want to know what your plans are and how they will affect each of us. The Stiletto Consulting Ltd does not represent my values and should only be part of the plan. I want a plan that includes more personal responsibility and smaller government. I want Pima County to remember that we are US citizens and enjoy the rights and privileges that come with that. Vote to ensure that we are not trampled in the equity stampede.
