**Your Message**

Dear Board Members and Board Chair Grijalva,

I am writing to express my ardent support for the continued operation of Pima Vocational High School (PVHS) as per Agenda Item 14.

**Demonstrated Effectiveness in Educating Diverse Learners**

PVHS has demonstrably addressed the educational needs of a student population that might not flourish in traditional academic environments. The school's success in boosting graduation rates despite lower enrollment underscores its ability to cater to varied learning styles and equip students with the tools necessary for future achievement.

**Strategic Development for Continued Success**

While acknowledging the potential for ongoing improvement, the closure of PVHS would significantly impact the student population it serves and the community as a whole. Therefore, I respectfully urge the Board to prioritize the development and implementation of a comprehensive strategic development plan. This plan should leverage the school's existing strengths while addressing any identified areas for improvement.

**Collaboration for Enhanced Opportunities**

Exploring collaborative efforts with various county departments, particularly those experiencing high vacancy rates, could offer students valuable exposure to potential career paths within the county. This collaborative approach would significantly enhance the program's effectiveness and provide graduates with a clearer pathway to successful employment.

**Maintaining a Distinct Role in the Educational Landscape**

As one of only three vocational high schools in Tucson, PVHS fulfills a crucial role within the educational ecosystem. Similar to Las Artes Arts & Education, it provides a specialized learning environment catering to a specific student demographic.

**Recommendation**

In light of the aforementioned, I strongly recommend that the Board prioritize the development and execution of a well-defined strategic plan to ensure the continued success of Pima Vocational High School.
