Pima County Board of Supervisors

33 N Stone Ave

11 Floor

Tucson, AZ 85701-1207

October 30, 2025

Dear members of the Board of Supervisors,

My name is Judy Lynch, and I reside in Pima County. I am writing to you today to ask you to support emergency funding for our refugee neighbors in need in Pima County. On November 1st refugee families will struggle to put food on their tables due to the HR1 SNAP cuts, which removed refugees from eligibility for SNAP- creating a total loss of food assistance for newly arrived refugees.

I write today to ask that Pima County support the positive impact of refugees on our local communities, and invest in programs that will ensure economic stability for our entire community. I urge you to support:

- Emergency funding for community food banks to address immediate needs
- Emergency funding for refugee support programs that deliver trusted guidance, basic needs assistance and accredited legal services: Refugee serving organizations are a trusted source of information, basic needs coordination, and also are DoJ accredited to deliver immigration legal services but require support for rapid scaling and capacity building to meet the moment.
- Pima County to work with AZDES on English language, workforce and volunteer programs and AZDOT on state IDs/driver's license renewal to remove unnecessary barriers and streamline processes.

I care about this issue because I have helped newly arriving refugees as a volunteer for the last 10 years with basic needs to assist them in adjusting to a new Country. I know they come with little to no financial

resources and need the services refugee resettlement agencies provide them to get a good start so they can contribute to society. Refugees contribute much to our society and economy over time. Please support the above needs.

The people are core to the success of Arizona's economy and the state thrives when we invest in the residents of our state. Please take action to ensure that refugees are supported as valuable long-term members and contributors of our Pima County community.

Thank you for your support.

Sincerely,

Judy Lynch

14200 N Alyssum Way

Oro Valley, AZ 85755

Dear Chair and Members of the Board,

As a former Pima College educator who worked with hundreds of refugee families and a current member of the **Iskashitaa Refugee Network (IRN)** board of directors, I am writing in strong support of Pima County's efforts to protect refugee families and other vulnerable residents from the harmful effects of H.R. 1 and related reductions to the Supplemental Nutrition Assistance Program (SNAP).

For over 20 years, **IRN** has worked to strengthen Tucson's food system through education, community partnerships, and sustainable local food initiatives that reduce food waste, and hunger.

Refugees and resident asylum seekers are not only receiving food – they are actively harvesting, gleaning, and redistributing it to others in need through IRN.

Each year, refugees with Iskashitaa glean **backyard fruits and vegetables**, and more than **half is donated** to local food banks, shelters, and tribal partners – reaching far beyond the refugee community.

Without the crucial support of SNAP in their first years of resettlement, refugees struggle to meet their families' basic needs while learning English, developing marketable skills, and finding employment. The loss or reduction of SNAP benefits at this stage could severely hinder their ability to become self-sufficient and integrated members of our community. Barriers to becoming legal permanent residents (green card holders), increased eligibility requirements for SNAP benefits all increase the possibility of evictions of Pima county residents.

We urge the Board of Supervisors to take all possible actions to advocate with DES and state leadership to mitigate the impact of H.R. 1 and protect access to essential food assistance for all Pima County residents – including our newest neighbors.

Thank you for your leadership and commitment to a compassionate, food-secure Southern Arizona.

Most sincerely,

Laura Porfirio

IRN board director

Dear Pima County Board of Supervisors,

My name is Jodi Perin and I am a resident of Pima County. I am contacting you today with regard to the impacts of the Reconciliation Package (HR 1) on our newest refugee neighbors. On Nov 1 refugee families will struggle to put food on their tables due to the HR1 SNAP cuts – creating a total loss of food assistance for refugees without green cards. At a time when we should be focused on how to best integrate the newest members of our community, we are instead focused on how to ensure their survival given dramatic changes to critical lifeline services.

Refugees in Arizona are resilient- rebuilding their lives and strengthening our communities as they start small businesses, address food scarcity by starting community gardens, and help to meet critical workforce needs in healthcare and other sectors. The limited and temporary services that they receive upon arrival are a lifeline to stabilization and a safe and humane integration process.

I write today to ask that Pima County support the positive impact of refugees on our local communities, and invest in programs that will ensure economic stability and prosperity for our entire community. I urge you to support:

Emergency funding for community food banks to address immediate needs
Emergency funding for refugee support programs that deliver trusted guidance, basic needs assistance and accredited legal services: Refugee serving organizations are a trusted source of information, basic needs coordination, and also are DoJ accredited to deliver immigration legal services but require support for rapid scaling and capacity building to meet the moment.

Pima County to work with AZDES on English language, workforce and volunteer programs and AZDOT on state IDs/driver's license renewal to remove unnecessary barriers and streamline processes as outlined in the Addendum Agenda

The people are core to the success of Arizona's economy and the state thrives when we invest in the residents of our state. Please take action to ensure that refugees are supported as valuable long-term members and contributors of our Pima County community.

Sincerely,

Jodi Perin

To: Pima County Board of Supervisors

Dear Chair and Members of the Board,

I am writing in strong support of Pima County's efforts to protect refugee families and other vulnerable residents from the harmful effects of H.R. 1 and related reductions to the Supplemental Nutrition Assistance Program (SNAP).

For 22 years, **Iskashitaa Refugee Network (IRN)** has worked to strengthen Tucson's food system through hands-on education, community partnerships, and sustainable local food providing initiatives that reduce food loss, food waste, and hunger. Learning from over 57 ethnic groups, Iskashitaa's approach to food security and community integration is both unique and effective. Refugees and resident asylum seekers are not only receiving food – they are actively **harvesting, gleaning, and redistributing** it to others in need through IRN.

Each year, refugees with Iskashitaa glean between **60,000 and 150,000 pounds of backyard fruits and vegetables**, and more than **half is donated** to local food banks, shelters, and tribal partners – reaching far beyond the refugee community. This work embodies the spirit of self-reliance, contribution, and community-building that Pima County stands for.

We recognize that SNAP is meant to be supplemental. However, without this crucial support in their first years of resettlement, refugees struggle to meet their families' basic needs while learning English, developing marketable skills, and finding employment. The loss or reduction of SNAP benefits at this stage could severely hinder their ability to become self-sufficient and integrated members of our community. Barriers to becoming legal permanent residents (green card holders), increased eligibility requirements for SNAP benefits all increase the possibility of evictions of Pima county residents.

We urge the Board of Supervisors to take all possible actions to advocate with DES and state leadership to mitigate the impact of H.R. 1 and protect access to essential food assistance for all Pima County residents – including our newest neighbors.

Thank you for your leadership and commitment to a compassionate, food-secure Southern Arizona.

Subject: Stand Up for Our Neighbors' Access to Essential Nutrition Programs

Dear Chair and Members of the Board,

As a student at the University of Arizona and a volunteer with the Iskashitaa Refugee Network, I am writing as a concerned community member who deeply values the dignity and well-being of our UN refugee and asylum-seeking neighbors. Refugees come to our county seeking safety and opportunity, and in turn, they enrich our communities through their hard work, culture, and generosity.

Can you recall the last refugee you spoke with in person? How you felt inspired by their bravery, and saddened by the unfortunate circumstances that forced them to leave their homes? I can. They are among the strongest, kindest, and most grateful people I've ever met. Because of this, I have been volunteering and collaborating with the Iskashitaa Refugee Network since 2012, when it became immediately evident to me how IRN has helped strengthen Tucson's food system through hands-on food rescue, education, and community-building. We Tucsonans are better citizens of the world when we connect with people from other perspectives and experiences.

As you know, IRN gleans tens of thousands of pounds of produce each year—often from local backyards—and donates it to those in need, including refugee and asylee families. This work nurtures self-reliance and strengthens the connections that help Pima County thrive.

With that in mind, I strongly urge the Board to protect refugee families and other vulnerable residents from the harmful effects of H.R. 1 and any related cuts to the Supplemental Nutrition Assistance Program (SNAP). For refugees in their first years of resettlement—when they are learning English, developing job skills, and building stable lives—SNAP provides the foundation for food and housing security, the most basic needs that everyone deserves. Reducing or removing access to these benefits would make it much harder for families to succeed and become self-sufficient.

If you stood before a room full of these refugee families who strive every day just to find stability for themselves and their children, could you look them in the eyes and tell them that they don't deserve to eat? I hope that question stays with you as you consider how essential this support is for the people who call Pima County home.

I respectfully ask the Board to take every possible action to advocate with DES and state leadership to safeguard SNAP access and mitigate any harmful consequences of federal

NOV 03 2025 09:27 AM

November 2, 2025

policy changes. Ensuring that all Pima County residents, including our newest neighbors, have reliable access to nutritious food will strengthen our community as a whole.

Thank you for your leadership and your continued commitment to a compassionate, food-secure Southern Arizona.

Sincerely,

Emily Rockey

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear Board of Supervisors,

My name is Pat Scanlan, and I reside in Pima County. I am writing to ask you to support emergency funding for our refugee neighbors in our county. As I am sure you know, as of yesterday due to HR1 SNAP cuts, refugee families will no longer have access to funding for food and other essentials for living.

I ask that Pima County support the positive impact of refugees on our local communities, and invest in programs that will ensure economic stability for our entire community. I urge you to support:

- Emergency funding for community food banks to address immediate needs.
- Emergency funding for refugee support programs that deliver trusted guidance, basic needs assistance and accredited legal services: Refugee serving organizations are a trusted source of information, basic needs coordination, and also are DoJ accredited to deliver immigration legal services but require support for rapid scaling and capacity building to meet the moment.
- Pima County to work with AZDES on English language, workforce and volunteer programs and AZDOT on state IDs/driver's license renewal to remove unnecessary barriers and streamline processes.

I care about this issue, because many refugees have been here for years; they came here in order to create a life that is safe for intergenerational families. They came to this country in order to live, to work, to survive. They make economic and workforce contributions to our communities.

Refugees are core to the success of Arizona's economy and the state thrives when we invest in the residents of our state. Please take action to ensure that refugees are supported as valuable long-term members and contributors of our Pima County community.

Thank you for your consideration.

To: Pima County Board of Supervisors

Dear Chair and Members of the Board,

I am writing in strong support of Pima County's efforts to protect refugee families and other vulnerable residents from the harmful effects of H.R. 1 and related reductions to the Supplemental Nutrition Assistance Program (SNAP).

For 22 years, **Iskashitaa Refugee Network (IRN)** has worked to strengthen Tucson's food system through hands-on education, community partnerships, and sustainable local food providing initiatives that reduce food loss, food waste, and hunger. Learning from over 57 ethnic groups, Iskashitaa's approach to food security and community integration is both unique and effective. Refugees and resident asylum seekers are not only receiving food – they are actively **harvesting, gleaning, and redistributing** it to others in need through IRN.

Each year, refugees with Iskashitaa glean between **60,000 and 150,000 pounds of backyard fruits and vegetables**, and more than **half is donated** to local food banks, shelters, and tribal partners – reaching far beyond the refugee community. This work embodies the spirit of self-reliance, contribution, and community-building that Pima County stands for.

We recognize that SNAP is meant to be supplemental. However, without this crucial support in their first years of resettlement, refugees struggle to meet their families' basic needs while learning English, developing marketable skills, and finding employment. The loss or reduction of SNAP benefits at this stage could severely hinder their ability to become self-sufficient and integrated members of our community. Barriers to becoming legal permanent residents (green card holders) , increased eligibility requirements for SNAP benefits all increase the possibility of evictions of Pima county residents.

We urge the Board of Supervisors to take all possible actions to advocate with DES and state leadership to mitigate the impact of H.R. 1 and protect access to essential food assistance for all Pima County residents – including our newest neighbors.

Thank you for your leadership and commitment to a compassionate, food-secure Southern Arizona.

Sincerely

Iskashitaa Refugee Network volunteer

Best regards

Rawia Soliman

apologize for blank message sent by accident

item #11

We don't want people to be hungry, and we object to Americans being held hostage to try to force passage of \$1 trillion in spending that the majority object to. But we need to help the hungry. It is disastrous that so many have been lured into dependency for the basics. SNAP is supposed to be temporary help, not generational dependency. We will surely hear sad stories, but taxpayers are losing patience with households who have members able to work and with persons ineligible for benefits because of immigration status. We should make assistance available to those who truly need it--not those who sell their cards to get cash for drugs or other things they prefer. Maybe people need to present id to collect, like for alcohol.

item #12

A lot of money is being given to supposedly religious charitable agencies. How many people could be fed and housed if the money didn't go to these intermediaries? Are they following immigration laws?

#13 and 14

Control of crime should be #1 priority. It affects everyone, especially the poor and the homeless. Maybe work assignments like trash and graffiti removal would be more effective than jail.

#17-20

The government's job is to serve the people not megacorporations like unreliable energy sources that cannot survive without subsidies or "data centers" that produce nothing tangible and might turn out to be the biggest financial bubble in history. If they are so wonderful they need to be able to pay for themselves.

Dear Pima County Board of Supervisors,

My name is Tom McKinney a resident of Pima County. I am contacting you today about the impacts of the SNAP cuts. Many of our fellow community members will struggle to put food on their tables due to these cuts. At a time when we should be focused on how to best keep our members healthy.

The funds from SNAP help many people including the working poor maintain some semblance of balance in their lives. The withholding of these funds will have a cascading impact in forcing community members to choose between food and rent or food and utilities or food and health care. All of these are not good choices. Our community food banks can help but only with increased funding.

I write today to ask that Pima County support the positive impact of Pima County residents and invest in food that will ensure people can feed their family and remain somewhat economic stability. I urge you to support:

- **Emergency funding for community food banks** to address immediate needs

As a resident of Pima County and the CEO of Interfaith Community Services I have already seen the impact of SNAP cuts. The lines for the food bank have dramatically increase and we are seeing people who have not been to the food bank in years or have never needed a foodbank. Please take action to ensure Pima County residents are supported.

Sincerely,

Tom McKinney
