Tech Parks Arizona is supportive of Project Blue and has been collaborating with the Pima County Regional Waste Water Reclamation Department (RWWD) regarding the advancement of the county sewer line improvement project that will benefit Southern Arizona economic development as well as the UA Tech Park planned upgrades to Science Park Drive. Today, our annual economic impact is \$2B to the state of Arizona and this infrastructure enhancement will directly increase our contributions to the economy of S. Arizona enabling new development along I10 and Kolb Road. UA Tech Park welcomes this opportunity to the SE region of Pima County.

Thank you.

C.
