BACKGROUND

The Pima County Specialty Courts Initiative is a project originating from the Pima County Attorney's Office (PCAO) and is a collaboration with multiple partner criminal justice agencies. The goal of this initiative is to develop an integrated continuum combining effective court supervision with adequate treatment capacity for all those in our criminal justice system suffering from co-occurring mental health and substance use disorders, and to implement and/or expand specialty court programs at both the misdemeanor and felony levels that will utilize the accountability of the justice system to encourage and assist in individual's recovery. This initiative includes but is not limited to the felony Drug Treatment Alternative to Prison (DTAP), felony Drug Court, and misdemeanor Consolidated Misdemeanor Problem Solving (CMPS) Court programs.

One objective of the Problem Solving Courts Initiative is to partner with treatment and social services agencies to ensure the clinical and "whole person" needs of court participants are addressed, and court programs coordinate with therapeutic interventions. When Medicaid-funding is not available, grant funding may be utilized to support these clinical needs, depending on medical necessity and funding availability. Grant and other funding may also be utilized to provide: wrap-around recovery resources (including but not limited to supportive housing, transportation, vision care, dental care, and other similar items/services), staff to provide case management and resource/treatment coordination, peer support, assessment tools, database management, drug testing, education or employment assistance, training, and other goods or services as permitted by funder regulations and funding availability.

The DTAP Program offers individuals with significant substance abuse disorders and criminal charges, the chance to receive residential and/or intensive outpatient substance abuse treatment in lieu of a prison sentence. In addition to the treatment program, DTAP provides to participants: wrap about recovery services, education assistance, job training and placement services, basic necessities, additional therapeutic and medical services as needed, accompanied by probation monitoring, drug testing and regular court hearings.
