Fellow Arizona Residents;

The cornerstone of America Democracy is the people right to elect who WE, choose to represent them/us. Last week the Pima County Board of Supervisor's voted to change the redistricting boundaries effectively ending my candidacy for Pima College Board of Governors, District # 2. I have lived in our family home since 1964.

I could recite a litany of problems at Pima College they all revert to Chancellor Lambert. Pima County largest minority is Hispanic. In his tenor of 9 years, Chancellor has NEVER stepped on any Sunnyside Schools property (90 plus % Hispanic) despite multiple invitation by Superintendent Holmes.

That effectively has destroyed our children opportunity to attend Pima Community College. At a significant less cost than U of A. , to comply with Arizona Constitution.

I have reached out to County Administrator Jan Lecher without any response.

I called the Pima County Elections Director. I was told verbally that I am in both Pima College Districts # 2 for school Board, Supervisors 5.

It is clear to me as it should be to everyone in this correspondence that something appears to be not only wrong but as we all know politicians have long history of deceit and more.

I am a senior Citizen. I still recall KINDNESS, Courtesy. That is how I was raised/taught by my parents. Pima County Leadership needs some retraining.

Why did Pima County Officials fail notify ALL candidates? I learned of this vile action by local TV News.

My sense is this was done deliberately to insure the incumbent has a better chance to win re-election. That will only lead to continued harm of our youth in Pima County Southside.

Asking for your assistance and support of your/our YOUTH, in Pima County. KIDS (students) FIRST.
