Subject: Vote NO to contract with Tenex

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear County Supervisors,

Please vote NO to the \$1.5 million contract with Tenex Software Solutions.

Pima County should first hold public polls about this trend toward electronic centralization of the voting process. This is a non-partisan issue and a great concern to many in the community regardless of political party.

Tenex Corporation has less than 20 employees yet its website states they "serve" more than 32 million American voters. This kind of top-down control of our elections process by a private corporation is taking us in the wrong direction to ensure a safe and fair voting system for people in all political parties.

Sincerely,
Kay Wegner
