

MEMORANDUM

Date: June 9, 2022

To:

The Honorable Chair and Members

Pima County Board of Supervisors

From: Jan Lesher

County Administrator

Re:

COVID-19 Additional Pay

Additional questions have been asked about the COVID premium and other pay types paid to some employees. In order to provide the full context of all additional pays, I have included an analysis of all of the additional pays that were authorized and paid to employees during FY 2020, FY 2021 and FY 2022.

There were several different types of additional pays for COVID-19 paid to various County employees. The authorizing memos have been attached.

- COVID Incentive Pay; CHH memos dated 4/2/21 and 4/7/21
- COVID Vaccine Hotline; CHH memo dated 1/14/21
- COVID-19 Premium Pay; Board of Supervisor Policy C.2.9 VII.D.
- Election Hazard Pay; CHH memo dated 11/23/20
- Recorder Ballot Process; CHH memos dated 8/24/20 and 10/23/20
- Recorder Incentive Pay; CHH memos dated 8/24/20 and 10/23/20
- Recorder Walk-in Vote; CHH memos dated 8/24/20 and 10/23/20
- Temperature Taker Hazard Pay; CHH memos, various

In total, the County paid an additional \$1.3 Million to staff during the pandemic.

Re: Request to Hire Temporary Temperature Takers and Interim Special Pay for Current Temperature Takers

The goal of moving the temperature-taking duties to individual Departments and/or floors, within their respective locations in July 2020, is quickly approaching. As a result, this request is to ensure that we have coverage to screen the public for the downtown locations and an interim request for the current temperature taking staff to receive an additional hourly special pay.

1. Permission to Hire 7 FTE and 4 PTE Program Specialist – Unclassified Positions

In order to ensure that the public is screened for the six downtown locations, 7 FTE and 4 PTE are needed. This request does not provide coverage for the Courts or the Library District. These 9 positions will be overseen by Human Resources and are requested on a temporary basis for six months (July through December 31, 2020).

The positions would be classified as 7136/Program Specialist – Unclassified, at a rate of \$12.00 per hour. The cost for a six month, full-time position is \$16,598 (salary and employee-related expenses) or for seven positions \$116,200. The cost for a six month, part-time position is \$8,299 (salary and employee-related expenses), or for four positions \$33,200. Total costs for 11 temporary positions for temperature taking duties is \$155,000 for a six month time period.

relielbau

C.H. Huckelberry

2. Interim Special Pay for Current Temperature Takers

Currently, temperature taking for employees and the public is currently being performed by Stadium District/Kino Sports Complex, Human Resources, and Court personnel, in lieu of their regular job functions. For the interim period that these employees will perform this function until full time temperature takers are hired, it is requested that they receive an additional special pay of .86 per hour. This special pay is in line with special pay provided to other County personnel who provide certain functions.

RE:

Permission to Allow Hazardous Pay for Temperature Takers

Our office has partnered with Superior Court to provide wellness screenings to employees and the public since May. I understand that we will no longer be responsible for the public screenings effective July 1, 2020; however, we will continue performing these wellness screenings for our employees.

We have six employees who accepted these responsibilities; however, when the screenings started in May, they accepted with the understanding that they would receive premium pay of \$2.00 per hour. Effective mid May, I understand the premium pay was discontinued; however, my employees have steadily continued to provide assistance with the screenings for both employees and the public.

Since the premium pay is no longer an option, and due to the fact that effective July 1, 2020, we will be providing screenings to only employees upon arriving at work in the morning, I am requesting that the following employees be able to receive hazardous pay of \$.8623 per hour for hours worked from mid-May through June 30, 2020. These six employees have worked and continue to work anywhere from 2 to 4 hours per day. It is my understanding that a specific pay code will be applied for this purpose (we utilize Kronos for timekeeping); specifically, Temperature Taker Hazardous Pay. This pay code would be applicable to volunteers from Superior Court and the Clerk of the Superior Court through June 30, 2020.

Nancy Barcenas	EIN	147855
Angelina Canez	EIN	149358
Angela Ornelas	EIN	124377
Karla Rodriguez-Toledo	EIN	147651
Judy Garcia ·	EIN	102352
Monica Martinez	EIN	149177

I will advise our six volunteers that effective July 1, 2020, there will be no further "hazardous" compensation for temperature screening duties. At that time and forward, we will assign employees to assist with those duties.

I appreciate your consideration of my request and look forward to hearing from you soon.

Subject:

Request for approval of Hazardous Pay

Superior Court and Juvenile Court would like to pay Hazardous Duty pay at the County rate of .8654 per hour for the Superior Court and Juvenile Court employees who are working the wellness check stations located at the Court buildings, Adult Probation satellite locations and the Pretrial Services offices at the County Detention Facility.

We propose to pay retro-pay dating back to 5/16/20 and forward for the hours staff were or are assigned to the wellness check stations.

If you need additional information, please let me know.

Thank you for your consideration.

RE: Additional Information Regarding Temperature Takers at Legal Services Building

Good Afternoon:

It looks like the County Attorney's Office is providing coverage for up to 17 hours and requesting an additional \$0.86 for those hours. Since the designated employees are not performing their normal course of duties during that time period, the \$0.86 is appropriate.

I do not know the current pay of the 13 County Attorney staff currently completing this task and the schedule appears pretty hectic. Another option would be to look at HR hiring two additional part-time temp takers (\$12.00/hr) to its current program staff to cover this busy time period. That cost through the end of the year would be roughly \$8,000.

Re: Additional Information Regarding Temperature Takers at the Legal Services Building

I initially denied this request since there was no specific information and no indication of the time-periods or durations of the special assignment pay or premium pay for temperature takers. Additional information has been provided by the Pima County Attorney Office, Legal Administrator David Smutzer. Please review the attached to determine if it provides sufficient information to approve the request.

RE:

Additional Information regarding request for Temperature Taker Premium Pay

\$.8654 for the County Attorney Staff

My July 21, 2020 memorandum (attached) requesting Temperature Takers Premium Pay of \$0.8654 for county attorney staff did not provide you with adequate background information in support of our request. In particular you raised several questions and concerns regarding our request and the purpose of this memorandum is to provide additional explanation as we request reconsideration of our original request based on this information.

We are asking on behalf of our employees and the ongoing concern regarding the continued high number of Covid-19 cases in Pima County which include some of our employees. County-wide transmission rates remain very high and concerning based on the volume of foot traffic in LSB. While the amount of the premium pay will be small, it does represent Pima County's acknowledgement and concern for our employees.

The Legal Services Building (LSB) is a high traffic facility with estimated normal daily traffic flow of 300-325 during Novel Coronavirus Outbreak. The peak hours of traffic in the LSB lobby are generally 6 am to 9am. Persons entering LSB include Pima County employees, law enforcement, general public and contractors.

In order to alleviate the high traffic flow during peak hours, ease the lobby traffic while waiting for elevators and enhance physical distancing, employees of the County Attorney's Office are working staggered schedules and are partially telecommuting. Starting on July 27th the County Attorney's Office re-implemented partial telecommuting schedules for the many of its employees working in LSB. On the first day of the re-implementation of telecommuting, the traffic flow was still very high, with 257 total people coming through the 1st floor LSB lobby by 11:30 am.

The Wellness Station at LSB is located on the first-floor lobby and is equipped with Thermal No-Touch Thermometers, a computer with Pima County Network Access and the scanning equipment. The Temperature Takers log in the EIN or visitor initials, take temperatures with scanning equipment or No-Touch Thermometer and hand out stickers. When the scanning machine is not working, one person takes the temperature and one person logs in the information on the computer or on the log sheet. At best, the scanning machine works about 75% of the time, or less than that on bad days. Additionally, for some individuals such as myself, I am too tall and therefore require a handheld temperature check.

We have only two individual employees from the County Attorney's Office working the wellness station each day during the peak hours, from 6 am - 9 am. They work along with the County program staff person, who is assigned to the LSB wellness station from 7 am - 4 pm daily (see below). The scanning equipment and computer are not operational until 7:00-7:30 am, when the County program staff person arrives to set up the device. Prior to that time, all temperatures and logging-in are done manually by the County Attorney's Office staff. Due to reduced staff, and for flexibility purposes we have spread out the wellness station shifts amongst 13 employees. Their schedules are managed by our office to ensure adequate staffing during high traffic times. The application of the premium pay for the temperature takers is only for the hours worked at the wellness station to be entered ADP by their supervisors.

Schedule:

ØMonday 6:00am to 7:30am — Dylan Imoeh ØMonday 6:30am to 7:30am — Emily Apolin ØMonday 7:30am to 9:00am — Annete Vale ØTuesday 6:00am to 9:00am — Alexis Gaile ØWednesday 6:00am to 7:30am — Mahmou ØWednesday 7:30am to 9:00am — Bianca F ØThursday 6:00am to 7:30am — Stephanie is ØThursday 6:30am to 8:00am — Kayla Mille ØThursday 8:00am to 9:00am — Luis Garcia ØFriday 6:00am to 7:30am — Jodi Karlan ØFriday 7:30am to 9:00am — Peter Santini	encia & Brianna Vera & Mahmoud Hourani

Re:

Alternative Temporary Compensation for Recorder's Office workers during 2020

General Election

This memo is to follow up our recent conversations regarding the upcoming November 3, 2020 General Election cycle. As I stated in our conversations, my office relies heavily on temporary workers throughout the entire election cycle to assist with processing early ballots, assist with large volumes of additional voter registration forms and to work at our walk-in early voting sites during elections. These workers are classified as Intermittent Election Aides. We regularly use retirees in these positions. Due to COVID-19 about one third of our regular intermittent workers have declined to work for our office during the 2020 elections for fear of being exposed to large numbers of coworkers or members of the public. While we tried to recruit new workers we were only partially successful during the August Primary Election cycle and that left us shorthanded. During that cycle you agreed to temporarily assign a number of workers from other departments and we had help from workers from the Libraries, Wastewater, the Medical Examiner, Kino Sports Authority and Environmental Quality. Those temporarily transferred workers provided us with excellent assistance. There were a total of 14 people who assisted during the Primary Election.

During the Primary Election 91% of the votes cast were by early ballot. That is a significant increase over what we have seen in Primary Elections before. The number of votes cast statewide in the election was also a record. We believe that this increased level of early voting was caused in significant part to the COVID-19 concerns,

We anticipate that the November 2020 election cycle will be the busiest early voting cycle we have ever experienced in Pima County. We have already received so many requests for ballots by mail that our initial mailing of early ballots will be the highest single day mailing in Pima County history and we are still 7 weeks away from the mailing date. The recent controversy over

Chuck Huckelberry
Alternative Temporary Compensation
August 24, 2020
Page 2 of 3

the post office budget reductions has resulted in hundreds of calls to my office asking for increased ballot drop off sites. Most of our walk-in early voting sites will have curbside drop off options available. All of these factors indicate clearly that we cannot be shorthanded during the November 2020 election cycle.

My office has taken extensive steps to create a safe working environment for our workers including enforcing a cloth mask requirement for anyone entering or remaining in the Ballot Processing Center facility, moving workstations at the Center to ensure social distancing, modifying start and end times for temporary workers to avoid congestion at time clocks, placing acrylic shields between work stations where six foot distancing is not possible, providing disinfecting solution and hand sanitizer through the center and providing training to workers on the correct and effect use of both the disinfecting solution and sanitizer and implementing daily disinfecting procedures. We enacted disinfecting procedures, mask requirements and social distancing rules at all of the walk-in voting sites, established curbside mail ballot drop off locations, implemented procedures to confirm a voter's status before they entered the voting facility and provided outside voting for voters who could not or would not comply with CDC COVID-19 guidelines. Despite these changes we still had a number of workers who were uncomfortable working at the Ballot Processing Center and at the walk-in sites.

During the height of the COVID-19 restrictions, the county enacted the equivalent of temporary "hazard pay" for workers who would be directly exposed to the public. That pay has now expired. As you are aware, both the Pima County Recorder's Office and the Pima County Elections Department applied for grant funds through the federal CARES act. Those funds are only available during the 2020 election cycle. The grant includes the ability to pay "extra" pay to workers as an incentive to fully staff voting positions.

We need to add between 100 and 114 additional people in order to be fully staffed for 2 shifts of signature verifiers, 2 shifts of ballot processors and to have each early voting site have the necessary 6 people per site. We can fill that with both new hires and other county employees. We are continuing to aggressively recruit new intermittent election aides.

In order to fully staff the early voting activities, I am requesting that you temporarily reassign volunteer employees from other county departments to the Recorder's Office. In order to encourage those employees to volunteer, I request that we be allowed to pay extra pay to those county volunteers and to the intermittent election aides and permanent staff in my office who are assigned to work either at the Ballot Processing Center or at any of our walk-in early voting sites. The pay will be limited to workers only while they are performing tasks at those locations. We will use the grant funds to pay those costs.

According to the Finance Department, this can be accomplished by using what they call ATC or "Alternate Temporary Compensation."

My request is that workers at the Ballot Processing Center be paid \$2.00 extra per hour while assigned to that location. Workers assigned to walk-in early voting sites will be paid an

.

Chuck Huckelberry Alternative Temporary Compensation August 24, 2020 Page 3 of 3

extra \$3.00 per hour for the time they are at those locations. We request that this approval include not only hourly workers but also any salaried worker who is performing tasks at the locations. We also request that salaried employees be either paid overtime should they work more than 40 hours in one week while assigned to the Ballot Processing Center or at a walk-in early voting site or be awarded administrative time off for the extra time worked. The workers at these locations will be working longer than 40 hours each week during this election cycle.

In order to ensure that we have properly trained workers, my department conducts in person training for each task. Most workers assigned to the Ballot Processing Center will be at the facility for four to seven weeks depending on the tasks they are assigned. Workers at the walk-in sites will be assigned for two to four weeks depending on the site location where assigned.

Our office will coordinate with Finance, Grants, Payroll and Human Resources to process all necessary paperwork and documentation for this to occur.

Since our grant application has already been approved and we are permitted to use grant funds for this extra compensation and to reimburse other departments for the salary costs of temporarily assigned workers, this request should have no negative impact on the general fund.

Should you have any questions concerning this, please let me know.

FROM:

F. Ann Rodriguez

Pima County Recorder

Center for Tech and Civic Life has reviewed your COVID-19 Response Grant SUBJECT: application and has approved a grant award totaling \$950, 445.50. to be split with the Department of Elections.

DATE:

October 23, 2020

As you are aware Pima County Government recently received a grant in the amount of \$950,445.50 to help offset the costs for conducting the 2020 General Election.

In previous communication, you approved special incentive pay in the amount of \$2.00 and \$3.00 for employees within the Recorder's Office, from other county departments and intermittent workers.

Now with these additional funds, I would like to increase those incentive pay amount from \$2.00 to \$5.00. Those that were \$3.00 to \$6.00. I would like to also request 2 new categories. One for Supervisors in the amount of \$10.00 and another category for some Recorder' salaried personnel for \$25.00. As you know salaried personnel are not compensated for any overtime.

I would like this to go into effect this pay period that ends Saturday, October 24, 2020

MEMORANDUM ELECTIONS DEPARTMENT

November 23, 2020

To:

C. H. Huckelberry County Administrator From:

Brad R. Nelson Election Director

Subject: Updated Request for approval regarding \$950,445.50 Center for Tech and Civic Life grant for COVID-19 response - employee stipend - details added

On November 10 the Pima County Board of Supervisors agreed to accept a grant of \$950,445.50 from the Center for Tech and Civic Life (CTCL) to promote safe and reliable voting during the COVID 19 pandemic.

Upon acceptance, the grant was split evenly between the County Recorder and the County Election Department. The portion provided to the Election Dept. after the split equals approximately \$475,000. Per the constraints of the grant, these funds can only be used to provide for pandemic related expenses not previously budgeted for. The CTLC grant is to be used for these efforts:

- Poll worker recruitment, hazard pay and training
- Polling place rental
- Temporary staffing support
- Drive-through voting
- Equipment to process ballots
- Personal protective equipment (PPE)
- Voter Education

Given that our standard budget provided for the costs of recruitment, training, rentals, etc..., and that the Arizona State CARES grant provided the necessary amount of PPE. There is little, save for the criteria of hazard pay, on which to use the CTCL grant funds.

Though the grant was accepted by the Board of November 10, the grant allows for the funds to be used for pandemic related expenses from June 15, 2020 through December 31, 2020.

As you may recall, on October 23 the County Recorder received your approval to use the CTLC grant funds to augment the hourly wages of three different categories of workers within the Recorder office. (Approval attached)

It is my intention to use the grant funds allotted to the Election Department to provide hazard pay to full time and intermittent employees via a stipend. Included with this memo is an itemization that reflects the details of my proposed hazard pay distribution.

With approximately \$475,000 available I propose to issue hazard pay stipends equal to \$3,000 for each election worked to each FTE and Intermittent employee.

May I have your approval to issue stipends, from the CTCL grant, to Election Department personnel, as noted above, in the amount of \$3,000 per election worked for the August 4, 2020 Primary Election and the November 3, 2020 General Election?

If approved it is estimated that approximately \$65,000 of the grant, allotted to the Election Department, would be unexpended.

Approved C. Dulletteren Date 1/24/2020

Re: Extra Pay for Staff Operating the COVID-19 Vaccine Hotline Over Holiday Weekend

Per your direction I have requested Health Department staff operate the COVID-19 Vaccine hotline over the holiday weekend. Also per your direction I have inquired with Pima County Human Resources on the most appropriate method to provide the supplemental compensation we discussed. This request is pursuant to the information we received from Cathy Bohland, HR Director, and my determination of the necessary supplemental pay rate to incent participation.

The Health Department requests that employees assigned the vaccine hotline during the holiday weekend (January 16th, 17th and 18th) be paid \$5.00 extra per hour while assigned to that duty. We request that this approval include not only hourly employees (non-exempt) but also any salaried employees (exempt) performing tasks for the vaccine hotline. Overtime or Holiday pay rules will also apply where appropriate. We additionally request that salaried employees be provided with management leave for the additional hours they work on the weekend performing the vaccine hotline duties, equivalent to the overtime/holiday premium hours worked (e.g. an exempt employee working in excess of 40 hours or on the holiday will receive 1 managerial leave hour per 2 hours worked).

The estimated impact of this request is \$9,720 in salaries and ERE, and an estimated 16 hours of managerial leave time.

TEMPORARY POLICY – NOVEL CORONAVIRUS (COVID-19)	C 2.9	8 of 12

for all employees and members of the public. If an employee is unable to wear a mask due to a medical reason, the employee must provide medical documentation to the HR Nurse Liaison.

- **B.** Pima County and/or security will provide masks to employees and members of the public if they need a mask. Employees are permitted to purchase simple cloth masks or can create their own homemade masks. Employees should not attempt to obtain facemasks used by health care professionals such as N95 masks, due to the short supply. If wearing a mask, it should:
 - a. Fit snugly but comfortably against the side of the face;
 - b. Be secured with ties or loops;
 - c. Include multiple layers of fabric;
 - d. Cover the nose and mouth
 - e. Allow for breathing without restriction; and,
 - f. Be able to be laundered and machine dried without damage or change to its shape.

VII. Temporary COVID-19 Premium Pay (only in effect during a stay-at-home order)

A. Definition

Employees who have frequent, unavoidable contact with the public and place themselves at greater risk for contact with the COVID-19 virus due to being unable to adequately distance themselves from others in the course of performing "front-line" work, are eligible for COVID-19 premium pay.

B. Eligible Employees

Eligible employees include, but are not limited to, certain law enforcement, corrections, and animal care positions, medical service positions, counter positions interfacing with the public that are responsible for processing payments, etc.

C. Process

- 1. Appointing Authorities are required to identify positions necessitating COVID-19 premium pay and request County Administrator approval for those positions to receive the extra pay.
- 2. Upon approval, the Appointing Authority shall submit the approval and a (PAF) for each employee identified/approved to receive the COVID-19 premium pay to Human Resources for processing. The requests can be sent to HR.Records@pima.gov.
- 3. Human Resources is responsible to apply the COVID-19 premium pay in the system.

D, Amount of COVID-19 Premium Pay

 Employees identified and approved for COVID-19 premium pay shall receive \$2.00 on top of their regular hourly rate of pay. For those individuals who are currently receiving Special Assignment Pay, those individuals would receive an increase in their current

Subject: TEMPORARY POLICY – NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
	C 2.9	9 of 12

amount of Special Assignment Pay, representing the COVID-19 premium pay increase, up to the maximum of \$2.00 per hour total.

2. The COVID-19 premium pay is not in addition to an employee's current Special Assignment Pay they receive.

VIII. Process for quarantine

A. Definition

A quarantine effects employees who have had close contact (6 feet or under for 15 or more minutes) with a <u>confirmed</u> COVID-19 person, but when the employee is not yet known to be symptomatic/ill.

B. Process for exposure to COVID-19 outside the workplace

- 1. Employees are required to report close contacts as defined by the CDC (6 feet or under for 15 minutes or longer) with a confirmed positive COVID-19 person to their supervisor who must then report the exposure to Human Resources. Human Resources will contact the employee to verify whether or not the employee has had close contact as defined by the CDC and will notify the employee and the employee's Department when the employee may return to work.
- 2. Where close contact is confirmed, the employee will be required to quarantine (remain out of work) for 14 consecutive calendar days from the last date of contact with the exposure.
- 3. The time period of concern with regard to close contact exposure includes any time a person is symptomatic and confirmed positive for COVID-19, as well as the 48 hours prior to the person becoming symptomatic. Close contact during such time period will require an employee to quarantine.
- 4. If the employee is in a position that would permit them to telecommute, the employee will be authorized to telecommute during the 14 day quarantine period. If at any time during the quarantine the employee exhibits symptoms or falls ill, the employee shall immediately notify their supervisor of their illness. The 14 day quarantine period resets at day 1 upon the first signs of symptoms. At this point, the employee is only permitted to telecommute with the approval of the Appointing Authority and an assessment of whether the employee's condition permits them to continue to perform their standard work duties with no negative impact on Departmental service levels or employee work performance. Where the employee is unable to telecommute, the employee may use any available leave accruals to include FEPST, pandemic outbreak leave, compensatory time, sick leave and vacation leave, in that order.
- 5. If the employee is in a position that would **not** permit them to telecommute, the employee is required to quarantine for the 14 day period and use any available leave accruals to include FEPST, pandemic outbreak leave, compensatory time, sick leave or vacation leave, in that order. If at any time during the 14 day quarantine the employee exhibits symptoms or falls ill, the employee shall notify their supervisor of

MEMORANDUM

Date: March 30, 2021

To: The Honorable Chairman and Members

Pima County Board of Supervisors

From: C.H. Huckelberry,

County Administra

Re: Board of Supervisor Policy C 2.9, Temporary Policy - Novel Coronavirus (COVID-19)

Please see the attached amendments to Board of Supervisor Policy C 2.9, Temporary Policy – Novel Coronavirus (COVID-19), which expand the use of Federal Emergency Paid Sick Time for self and/or caregiving, through September 30, 2021. (Sections II(A)(1) and (B)(1)) This is not additional FEPST, but extends the time for use by eligible employees who meet the criteria and have remaining FEPST available.

Human Resources will update the relevant FAQ's on the employee resource page to comport with these changes.

PIMA COUNTY, ARIZONA BOARD OF SUPERVISORS POLICY

Subject: TEMPORARY POLICY - NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
	C 2.9	1 of 13

Background

A public health emergency was declared by the State of Arizona and the Federal government to address the 2019 novel Coronavirus (COVID-19) pandemic. During the pandemic outbreak and community spread, the County intends to provide necessary and required services to the community, while ensuring the safety of its employees.

Policy

This temporary policy is to outline and implement the newly enacted Federal provisions, as well as provide additional County guidelines and address workplace expectations for employees. It applies to all appointed Departments and Elected Official Departments. The policy is effective immediately and will remain in effect until the end of the declaration of emergency, with concurrence by the Pima County Chief Medical Officer. This policy should be read in conjunction with Board of Supervisors Policy D 23.20, Attendance During Influenza or Other Viral Pandemic Outbreak. To the extent this policy conflicts with existing policy, procedures or rules, this policy shall supersede. As this is a fluid situation, this policy is subject to change and will be revised as events change.

I. Reduced Services

In the event that the County is required to provide reduced services, the County has identified what services are essential to provide to the community and will require certain employees to continue working. Examples of required services include, law enforcement and detention positions, public works services and administration functions necessary to support County government.

A. Essential Employees

Appointing Authorities are required to identify all essential employees that are required to work during a reduction in County-wide services. These employees are those that are necessary to ensure required County services are provided during a reduction in necessary services per Federal, State, or local declaration affecting employees' ability to work. Due to the varied and critical nature of work in Departments, Appointing Authorities have the ability to assign employees who perform nonessential functions to perform essential functions and vice versa, as the need for essential work changes.

1. Telecommuting

During the COVID-19 pandemic outbreak, employees are required to perform their duties; however, with approval of the Appointing Authority and Human Resources, subject to appeal to the County Administrator who would report his or her findings to the Board of Supervisors, employees may be permitted to telecommute. Appointing Authorities may permit employees to telecommute following the priority listed below:

Subject:	Policy Number	Page
TEMPORARY POLICY NOVEL CORONAVIRUS (COVID-19)	C 2.9	2 of 13

- a. Employees who have a compromising medical condition as identified by the CDC;
- b. Employees who have a family or some household member with a compromising medical condition as identified by the CDC;
- c. Employees with school-age children affected by a school or day care closure or whose school is not fully open for in-person school instruction; or,
- d. Employees 65 years of age or older.
- e. An employee who is part of a Federal, State, or local shelter-in-place order and can provide the required public services remotely as deemed by the Appointing Authority.
- f. As determined by the Appointing Authority and reported to the County Administrator.
- 2. It is the responsibility of each Appointing Authority to ensure that all Departmental services continue uninterrupted and make final determinations as to which employees are permitted to telecommute. Each Appointing Authority shall report to the County Administrator:
 - a. A list of approved telecommuters;
 - b. The reason the Appointing Authority is recommending the telecommuting; and,
 - c. How the Department will monitor the employee's work performance while telecommuting.
- Appointing Authorities must ensure that an adequate number of supervisors are physically present in the workplace to supervise remaining employees who are not telecommuting.
- 4. Employees who have had a known exposure to Covid-19 or are experiencing symptoms, are required to notify their supervisor and/or Appointing Authority and a determination shall be made as to whether or not the employee can telecommute during their quarantine or symptomatic period. The employee's expected level of job productivity and work quality must be maintained; therefore, the Appointing Authority will determine whether or not an exposed or symptomatic employee can effectively perform their standard work duties via telecommute with no negative impact on Departmental service levels or employee work performance.
- 5. Telecommuting employees are required to follow Administrative Procedure 3-33, *Telecommuting*, as well as complete the Telecommuting Guide and Agreement and on-line telecommuting courses.

	ų- ··	Υ
Subject: TEMPORARY POLICY - NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
TEMPORARY POLICY - NOVEL CORONAVIROS (COVID-19)	C 2.9	3 of 13

II. Federal Families First Coronavirus Response Act (FFCRA)

The Federal Families First Coronavirus Response Act (FFCRA) goes into effect April 1, 2020, and sunsets on December 31, 2020. FFCRA provides for paid sick time and paid family medical leave for a public health emergency. Federal Emergency Paid Sick Time, whether for self or caregiving, shall be available for immediate use by the employee, regardless of how long the employee has been employed by the County.

A. Federal Emergency Paid Sick Time - Self

- Federal Emergency Paid Sick Time -- Self (FEPST-Self) is effective April 1, 2020 through SEPTEMBER 30, 2021, and provides for up to 80 hours of paid sick leave at the employee's regular rate of pay where the employee is unable to work, or telecommute, for the following reasons:
 - a. Due to a Federal, State, or local government order to quarantine or isolate;
 - b. Due to a health care provider's advice to quarantine; or,
 - c. Due to the employee experiencing COVID-19 symptoms and seeking a medical diagnosis.
- 2. The employee is required to provide documentation from a health care provider that they are seeking a medical diagnosis for COVID-19, whether through a clinic, urgent care, Teladoc, or other healthcare provider. Every effort should be made to not burden the health care system.
- 3. All documentation must be approved or denied at the Department leave. The Department will submit all documentation to County Human Resources monthly.
- 4. The rate of pay for an employee taking leave for one of the reasons outlined in section II(A)(1) above will be at their standard rate of pay for a period not to exceed 80 hours.
- 5. If the employee qualifies for one of the reasons outlined above in Section II(A)(1), they are permitted to use FEPST; pandemic outbreak leave, sick leave, compensatory time, vacation leave, and in some instances, a leave without pay. Employees are not permitted to be on a leave without pay due to quarantine or isolation order (see furlough below).
- 6. For those employees who qualify for FEPST-Self under Section (A)(1)(c), they should consider filing for the Short Term Disability benefit. Any information regarding the County's Short Term Disability benefit can be found on-line or by contacting Human Resources-Benefits.
- 7. FEPST can be taken intermittently for up to 80 hours, based on the employee's regularly scheduled work hours; however, it must be taken in full day increments.
- 8. An employee may use FEPST for self or caregiving; however, in no event shall either, whether combined or alone, exceed 80 hours total.

Subject: TEMPORARY POLICY - NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
TEMI ORAKT FOLICT - NOVEL CORONAVIROS (COVID-19)	C 2.9	4 of 13

B. Federal Emergency Paid Sick Time - Caregiving

- Federal Emergency Paid Sick Time Caregiving (FEPST-Caregiving) is effective April 1, 2020 through SEPTEMBER 30, 2021, and provides for up to 80 hours of paid sick time at not less than 2/3's of the employee's regular rate of pay where the employee is unable to work, or telecommute, for the following reasons:
 - a. The employee is caring for an individual subject due to a Federal, State, or local government order to quarantine or isolate;
 - b. The employee is caring for an individual due to a health care provider's advice to quarantine:
 - c. The employee needs to care for a child (under 18 years of age) whose school or child care provider is closed or unavailable for reasons related to COVID-19; or,
 - d. The employee is experiencing a substantially similar condition as specified by the Secretary of Health and Human Services.
- 2. The employee is required to provide documentation.
 - a. If providing caregiving to an individual due to a health care provider's advice to quarantine, a statement from a health care provider stating such is sufficient.
 - b. If providing caregiving due to a school closure or where a school only provides online instruction, any documentation showing that the child is school age and currently attending school is sufficient. Examples may include a recent report card, a current student identification badge, notices of school closure or on-line instruction as the sole option available sent to the employee/parent, or any other relevant documentation. The employee must also attest that there is no other suitable person available to care for their child.
- 3. All documentation must be approved or denied at the Department level. The Department will submit all documentation to County Human Resources monthly.
- 4. The rate of Pay for an employee taking leave for one of the reasons outlined in Section II(B)(1) above is not less than 2/3's of regular rate of pay, capped at \$200 per day or \$2,000 total, for a period not to exceed 80 hours.
- 5. The employee is permitted to supplement their pay by using their leave banks to include pandemic leave, sick leave, compensatory time, or vacation accruals.
- 6. If the employee qualifies for one of the reasons outlined above in Section II(B)(1), they are permitted to use FEPST, pandemic outbreak leave, sick leave, compensatory time, vacation leave, and in some instances, a leave without pay.
- FEPST can be taken intermittently, for up to 80 hours, based on the employee's regularly scheduled work hours; however, it must be taken in full day increments.

Subject: TEMPORARY POLICY NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
PENN ORANT POLICE - NOVEL CONCHAVINGS (COVID-13)	C 2.9	5 of 13

8. An employee may use FEPST for self or caregiving; however, in no event shall either, whether combined or alone, exceed 80 hours total.

C. Emergency Family and Medical Leave Expansion Act Leave (E-FMLA)

1. The Emergency Family and Medical Leave Expansion (E-FMLA) is effective April 1, 2020 through March 31, 2021, and expands FMLA leave by adding a new qualifying absence to the FMLA for "public health emergency leave" that is paid and provides for protected leave. E-FMLA does not increase the amount of FMLA hours an employee receives annually, but expands the reasons for qualifying for FMLA to employees with school age children (under 18) who are affected by a school closure or whose school only provides on-line instruction. FMLA hours remain at 480 (12 weeks) of protected leave.

2. E-FMLA for School Closures

- a. Provides 12 weeks of protected leave.
- b. The first 10 days are unpaid; however, the employee is entitled to use FEPST-Caregiving, pandemic outbreak leave, compensatory time, vacation leave, sick leave, or leave without pay.
- c. The employee is required to provide documentation as outlined in section II(B)(2)(b). All documentation must be submitted to County Human Resources — Leave Administration, who will approve or deny the request. Where approved, the employee will be placed on FMLA for those FMLA hours that the employee has available.
- d. The rate of Pay for a qualified employee taking leave for school closure is not less than 2/3's of regular rate of pay, capped at \$200 per day or \$10,000 total, for a period not to exceed 10 weeks.
- e. The employee may supplement their pay by using their leave banks to include compensatory time, vacation accruals, pandemic outbreak leave, or sick leave, in that order.
- E-FMLA can be taken intermittently.
- 4. Employees who have been employed for at least 30 calendar days are eligible for E-FMLA.
- 5. An employee may use FEPST and E-FMLA; however, in no event shall the combined total exceed 12 weeks leave.

III. Temporary Assignments

During the COVID-19 outbreak, when the County is providing full services to the community, an Appointing Authority needing additional employees to assist in providing continuity of services may request temporary assignment of another Department's employees.

	,	
Subject: TEMPORARY POLICY – NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
	C 2.9	6 of 13

A. Process

Every effort will be made to temporarily assign employees from Departments experiencing closures or a shortage of work to assist Departments in need.

- 1. Departments needing assistance are to complete the Request for Temporary Assignment form located on line and submit it to HR.Reception@pima.gov.
- Human Resources will match employees from Departments experiencing closures or a shortage of work to a temporary assignment in another Department. Human Resources will notify Grants Management & Innovation and Finance of the change in assignment in order to determine proper funding of the position.
- 3. Employees on a temporary assignment maintain their work title, home Department, and rate of pay; however, their time may be charged differently.
- 4. Employees on a temporary assignment may have a change in their work hours and work location.
- 5. Employees who are provided a temporary assignment and decline, must use their leave banks to include FEPST-Self or FEPST-Caregiving, *if eligible*, pandemic leave, sick leave, compensatory time, or vacation leave.
- 6. When an employee chooses to go into a leave without pay status, their benefits will be impacted, e.g. retirement credits, health care benefits, leave accruals, etc. Employees may contact Human Resources-Benefits for more information.

IV. ANNUAL LEAVE

A. Annual Accumulation

During the period of the COVID-19 outbreak, essential employees may not be permitted to use their annual leave due to the need to maintain continuity of operations. As a result, Appointing Authorities may submit a memo to the County Administrator by January 15, 2021, requesting approval for their essential employees to carry over an amount of annual leave in excess of two hundred forty (240) hours. An essential employee authorized to carry over additional hours is expected to reduce their annual leave balance to two hundred forty (240) hours no later than their anniversary date in 2022. If the employee has annual leave in excess of two hundred forty (240) hours upon their anniversary date in 2022, the excess will automatically be transferred to sick leave pursuant to personnel policy 8-105(G). Employees who terminate during this timeframe with an excess of two hundred forty (240) hours of annual leave accrued will be paid out their full balance.

V. COVID-19 FURLOUGH

REPEALED IN PART – COVID-19 Furlough is only available to employees who do not have sufficient work to perform as determined by their Appointing Authority. For any employees who remain on furlough as of August 17, 2020, they are required to return to work no later than August 24, 2020. Failure to return to work may result in an unauthorized absence per Personnel Policy 8-109, Absences Without Leave.

	D-II	
Subject: TEMPORARY POLICY – NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
VEIN GIGHT HOVEL GONONAVINGS (GOVID-19)	C 2.9	7 of 13

A. Purpose

Due to the COVID-19 outbreak, there are employees who are unable to attend work for various reasons or insufficient work is available for employees to perform. As a result, several employees have been sent home and placed on various types of leaves. As the length of the COVID-19 crisis is unknown, employees may run out of available leaves to take in which to receive continued pay. Therefore, when an employee exhausts all possible leave banks, and is unable to return to work and/or unwilling to take a temporary assignment when available, the employee shall be placed on COVID-19 furlough. This action is necessary and vital to ensure that employees can file for unemployment and continue to receive money during this period of time.

B. Definition

COVID-19 furlough is temporarily placing an employee in a non-pay, non-duty status or in essence, placing the employee on a type of leave of absence without pay. During the period of time on the COVID-19 furlough, the employee remains an employee of the County. The COVID-19 furlough will not affect an employee's continuous service, length of service, or anniversary date.

C. Process

- Employees are permitted to utilize their Pandemic Outbreak Leave and FEPST-Self/FEPST-Caregiving pay(s) as outlined in policy. After exhaustion of these pay hours, an employee must use compensatory time, vacation leave, and sick leave, in that order. Once an employee has exhausted all available leave accruals, the employee will be placed on COVID-19 furlough.
- 2. Every pay period, Human Resources will run a report to identify employees with 80 or fewer hours of remaining accruals and who do not have sufficient work to perform as determined by their appointing authority. Of the identified employees, Human Resources will provide the employee a Notice of Placement on COVID-19 Furlough which the employee can use as documentation to file an unemployment claim with the Department of Economic Security (DES). Human Resources will also create a Personnel Action Form (PAF) and provide a copy of the Notice of Placement on COVID-19 Furlough and PAF to the employee's Department.
- Human Resources will process the PAF and place both the Notice of Placement on COVID-19 Furlough and PAF in the employee's official personnel file.
- 4. The employee will remain on COVID-19 furlough until such time as they are called back to work. During the time that an employee is on COVID-19 furlough, the employee remains a County employee.
- 5. Employees who are on COVID-19 furlough are not permitted to perform any County work tasks, to include responding to work-related emails and phone calls. Employees are required to return all County equipment and devices to the workplace, to include lap tops, SurfacePros, County-issued, cell phones, keys, door access cards, and County identification badges. Please contact your direct supervisor to arrange this.

TO AND ADDRESS OF THE PARTY OF		
Subject: TEMPORARY POLICY – NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
	C 2.9	8 of 13

6. Employees on COVID-19 furlough do not accrue vacation or sick time, do not receive holiday benefit, or County-sponsored leaves (to include, but not limited to, parental leave, bereavement leave, humanitarian leave. Family and Medical Leave Act leave, etc.) short-term disability benefits, workers' compensation, or retirement system contributions.

D. Request for Placement on COVID-19 Furlough - REPEALED

- 1. Any employee who is currently not working due to COVID-19 and using accruals can request to be placed on COVID-19 furlough by completing a Request for Placement on COVID-19 Furlough form available on line. Employees should note that if they choose to request COVID-19 furlough, unemployment benefits do not go into effect until exhaustion of all outstanding leave banks. Therefore, for an employee who has a large amount of available accruals, it may be the better practice to wait until available accruals are reduced before requesting COVID-19 furlough in order to allow DES time to process claims for those individuals in need of immediate assistance. It is recommended that only those employees who have fewer than 120 hours of available accruals request COVID-19 furlough.
- 2. The employee requesting COVID-19 furlough must submit the completed form to Human Resources at <u>HR Reception@pima.gov.</u>
- Upon receipt of the form and verification of available accruals, Human Resources will issue the employee a Notice of Placement on COVID-19 Furlough. Human Resources will also create a Personnel Action Form (PAF) and provide a copy of the Notice of Placement on COVID-19 Furlough and PAF to the employee's Department.
- 4. Human Resources will process the PAF and place both the Notice of Placement on COVID-19 Furlough and PAF in the employee's official personnel file.

E. Benefits

1. For a period of three (3) months, the County will pay the employer's portion of the insurance premiums. After three months, and in accordance with Administrative Procedure 23-4, when an employee is in an unpaid leave of absence such as COVID-19 furlough, the employee is responsible for payment of both the employee and the employer portion of the insurance premiums in order for coverage to continue and to avoid cancellation or a lapse in coverage See Administrative Procedure 23-4 for processing of payments.

F. Appeal

Placement on COVID-19 furlough is neither appealable nor grievable.

VI. MASKS

A. Due to community spread of COVID-19 and changing guidance of how the virus is transmitted, employees are required to wear a mask in common areas, lobbies, and elevators of all County buildings. Masks are also required where proper physical distancing

Subject: TEMPORARY POLICY - NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
Tami Statist Science (GOVID-13)	C 2.9	9 of 13

is not possible or where there is not a protective barrier. The wearing of masks is required for all employees and members of the public. If an employee is unable to wear a mask due to a medical reason, the employee must provide medical documentation to the HR Nurse Liaison.

- B. Pima County and/or security will provide masks to employees and members of the public if they need a mask. Employees are permitted to purchase simple cloth masks or can create their own homemade masks. Employees should not attempt to obtain facemasks used by health care professionals such as N95 masks, due to the short supply. If wearing a mask, it should:
 - a. Fit snugly but comfortably against the side of the face;
 - b. Be secured with ties or loops;
 - c. Include multiple layers of fabric;
 - d. Cover the nose and mouth
 - e. Allow for breathing without restriction; and,
 - f. Be able to be laundered and machine dried without damage or change to its shape.

VII. Temporary COVID-19 Premium Pay (only in effect during a stay-at-home order)

A. Definition

Employees who have frequent, unavoidable contact with the public and place themselves at greater risk for contact with the COVID-19 virus due to being unable to adequately distance themselves from others in the course of performing "front-line" work, are eligible for COVID-19 premium pay.

B. Eligible Employees

Eligible employees include, but are not limited to, certain law enforcement, corrections, and animal care positions, medical service positions, counter positions interfacing with the public that are responsible for processing payments, etc.

C. Process

- 1. Appointing Authorities are required to identify positions necessitating COVID-19 premium pay and request County Administrator approval for those positions to receive the extra pay.
- 2. Upon approval, the Appointing Authority shall submit the approval and a (PAF) for each employee identified/approved to receive the COVID-19 premium pay to Human Resources for processing. The requests can be sent to <a href="https://example.com/linear-new-content-com/linear-new-com/linear-new-com/linear-new-content-com/linear-new-content-com/linear-new-com/linear-new-content-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-com/linear-new-c
- 3. Human Resources is responsible to apply the COVID-19 premium pay in the system.

D. Amount of COVID-19 Premium Pay

1. Employees identified and approved for COVID-19 premium pay shall receive \$2.00 on top of their regular hourly rate of pay. For those individuals who are currently receiving Special Assignment Pay, those individuals would receive an increase in their current

Subject: TEMPORARY POLICY - NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
TEIN OIGHT FROME CORONAVIROS (COVID-19)	C 2.9	10 of 13

amount of Special Assignment Pay, representing the COVID-19 premium pay increase, up to the maximum of \$2.00 per hour total.

2. The COVID-19 premium pay is not in addition to an employee's current Special Assignment Pay they receive.

VIII. Process for quarantine

A. Definition

A quarantine effects employees who have had close contact (6 feet or under for 15 or more minutes) with a <u>confirmed COVID-19</u> person, but when the employee is not yet known to be symptomatic/ill.

B. Process for exposure to COVID-19 outside the workplace

- 1. Employees are required to report close contacts as defined by the CDC (6 feet or under for 15 minutes or longer) with a confirmed positive COVID-19 person to their supervisor who must then report the exposure to Human Resources. Human Resources will contact the employee to verify whether or not the employee has had close contact as defined by the CDC and will notify the employee and the employee's Department when the employee may return to work.
- 2. Where close contact is confirmed, the employee will be required to quarantine (remain out of work) for 14 consecutive calendar days from the last date of contact with the exposure.
- 3. The time period of concern with regard to close contact exposure includes any time a person is symptomatic and confirmed positive for COVID-19, as well as the 48 hours prior to the person becoming symptomatic. Close contact during such time period will require an employee to quarantine.
- 4. If the employee is in a position that would permit them to telecommute, the employee will be authorized to telecommute during the 14 day quarantine period. If at any time during the quarantine the employee exhibits symptoms or falls ill, the employee shall immediately notify their supervisor of their illness. The 14 day quarantine period resets at day 1 upon the first signs of symptoms. At this point, the employee is only permitted to telecommute with the approval of the Appointing Authority and an assessment of whether the employee's condition permits them to continue to perform their standard work duties with no negative impact on Departmental service levels or employee work performance. Where the employee is unable to telecommute, the employee may use any available leave accruals to include FEPST, pandemic outbreak leave, compensatory time, sick leave and vacation leave, in that order.
- 5. If the employee is in a position that would not permit them to telecommute, the employee is required to quarantine for the 14 day period and use any available leave accruals to include FEPST, pandemic outbreak leave, compensatory time, sick leave or vacation leave, in that order. If at any time during the 14 day quarantine the

Subject: TEMPORARY POLICY – NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
TEIMI ORAKT POLICT = NOVEE CORONAVIRUS (COVID-19)	C 2.9	11 of 13

employee exhibits symptoms or falls ill, the employee shall notify their supervisor of their illness. The 14 day quarantine period resets at day 1 upon the first signs of symptoms and the employee may continue to use any available leave.

- 6. Should an employee exhaust all available leave during the quarantine period, the employee may request to be furloughed. If the employee is not exhibiting symptoms or illness, the employee is required to return to work after the 14 day quarantine period whether it resulted from the date of last contact with the confirmed COVID-19 person or after the 14 day quarantine from the onset of the employee's own symptoms.
- 7. The employee's supervisor is responsible to complete the employee's time card to reflect the accurate hours worked or leave used to include, telecommute, FEPST, pandemic outbreak leave, compensatory time, sick leave or vacation leave, in that order.

C. Process for exposure to COVID-19 at the workplace

- Any employee who has a confirmed COVID-19 test must immediately notify their supervisor who must then report the exposure to human resources. Human resources will guide the department through the notification and reporting process, to include identifying employees in the workplace who may have experienced a close contact with the confirmed COVID-19 case.
- 2. The Human Resources Nurse Liaison will contact the infected employee to verify whether or not the employee has had close contact (as defined by the CDC) with any other County employee.
- 3. The time period of concern with regard to close contact exposure includes any time a person is symptomatic and confirmed positive for COVID-19, as well as the 48 hours prior to the person becoming symptomatic. Close contact during such time period will require an employee to quarantine.
- 4. If the employee is in a position that would permit them to telecommute, the employee will be authorized to telecommute during the 14 day quarantine period. If at any time during the quarantine the employee exhibits symptoms or falls ill, the employee shall immediately notify their supervisor of their illness. The 14 day quarantine period resets at day 1 upon the first signs of symptoms. At this point, the employee is only permitted to telecommute with the approval of the Appointing Authority and an assessment of whether the employee's condition permits them to continue to perform their standard work duties with no negative impact on Departmental service levels or employee work performance. Where the employee is unable to telecommute, the employee may use any available leave accruals to include FEPST, pandemic outbreak leave, compensatory time, sick leave and vacation leave, in that order.
- 5. If the employee is in a position that would **not** permit them to telecommute, the employee is required to quarantine for the 14 period and use either pandemic outbreak leave or federal emergency paid sick time (FEPST). If at any time during

Subject: TEMPORARY POLICY NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
FEMIL OKAKT FOLIOT - NOVEL COKONAVIKOS (COVID-19)	C 2.9	12 of 13

the 14 day quarantine the employee exhibits symptoms or falls ill, the employee shall notify their supervisor immediately of their illness. The 14 day quarantine period resets to day 1 upon the first signs of symptoms.

- 6. Where the employee is on quarantine due to a close contact in the workplace, and has exhausted all FEPST and pandemic outbreak leave, the County shall provide up to 80 hours total of paid quarantine leave to use during the quarantine period. The employee is required to return to work after the 14 day quarantine period, unless the employee is exhibiting symptoms or is otherwise ill, at which time, the 14 day quarantine period resets at day 1 upon the first signs of symptoms. Upon onset of symptoms the employee and/or employee's Department must contact the Human Resources Occupational Medical Manager.
- 7. The employee's supervisor is responsible to complete the employee's time card to reflect the accurate hours worked or leave used to include, telecommute, FEPST, pandemic outbreak leave, or paid quarantine leave, in that order. Employees who have experienced a close contact to a confirmed COVID-19 case in the workplace, are not required to use compensatory time, sick leave or vacation leave, during the 14 day quarantine period.

D. Discussions in the workplace

Human Resources will work with a COVID-19 infected employee and the employee's Department to conduct contact tracing to identify any co-workers who may have had a close contact (6 feet or under for 15 or more minutes) in the workplace. The identity of an employee who tests positive for COVID-19 will not be released to employees, unless express permission from the infected employee has been granted. Absent express permission, only employees who have a direct need to know will be advised of the employee's identity such as an immediate supervisor, Appointing Authority, or specified Human Resources staff. An employee may provide permission to the immediate supervisor or Human Resources staff to release their name but only for the purpose of helping to identify close contact(s) in the workplace.

Once identified, a Department is required to inform an exposed employee of a known close contact that takes place in the workplace, complete and submit required paperwork to the Human Resources Occupational Health Unit. Any employee concerned about a possible workplace exposure should contact their immediate supervisor or human resources. All efforts should be made to refrain from spreading unfounded workplace exposure rumors or personal medical information of others in the workplace.

IX. In-Person School Closures

It is necessary to provide departments and employees with school-aged children options, where possible, to manage school closures ensuring the public service needs of the community are met. These options are available in instances where only on-line school is available or where there is a choice between in-person instruction and on-line instruction. These options are available through October 16, 2020, and will be re-evaluated as that date approaches. Documentation is required to support requests.

The second of th	· · · · · · · · · · · · · · · · · · ·	1
Subject: TEMPORARY POLICY – NOVEL CORONAVIRUS (COVID-19)	Policy Number	Page
TEMPONANT FOCICT = NOVEE CONGNAVINGS (COVID-19)	C 2.9	13 of 13

Approval of options are at the Appointing Authority's discretion who must ensure maintenance of County operations. As such, some employees may be required to work in a County facility one or more days per week to meet these operational demands. Requests will be evaluated based on the totality of the circumstances including the Department's operational needs, the employee's individual circumstances, and what other options may be available to the employee. Where leave is requested, every effort should be made to take the leave intermittently.

A. Options

- Telecommuting is permitted for employees who perform duties that are conducive to working off site. The employee's expected level of job productivity and work quality must be maintained, and if productivity and work quality cannot be sustained, the employee may request intermittent leave for time the employee is unable to work while assisting their child with schooling.
- E-FMLA and FEPST (if available and employee is otherwise eligible) are permitted for those employees whose child only has access to on-line instruction due to the COVID-19 pandemic. Where in-person instruction is available, E-FMLA and FEPST cannot be utilized.
- 3. Available leave banks can be used to include compensatory leave, vacation leave, and sick leave, in that order.
- 4. Where employees are unable to telecommute and no leave is available, an employee may request up to 240 hours of School Leave which is an unpaid leave. Employees with no in-person school option due to the COVID-19 pandemic or with a child with documented medical needs will be prioritized for leave approval. Employees who choose to keep their child(ren) at home when an in-person option is available may still make a leave request; however, it may not be granted due to operational needs.

Re: Request for Temporary Additional Compensation

February 8, 2021

Michelle Campagne, Director

Finance & Risk Management

Finance & Risk Management and the Treasurer's Office are requesting temporary additional compensation in the form of COVID Incentive Pay and/or Management Leave for the employees listed below. These employees went above and beyond their job duties to ensure the continued operations of the Mailroom and Treasurer's Office as the staffing for both areas were severely impacted by a COVID outbreak.

Mailroom (12/21/20 - 12/24/20) Gabriel Romero, EIN: 148079 32 Hours at \$5.00/HR = \$160.00

Treasurer's Office (02/01/21 - 02/05/21)

Mary Scanlan, EIN: 128517

35.5 Hours at \$5.00/HR = \$177.50

Treasurer's Office (02/02/21 - 02/05/21)

Michelle Milensky, EIN: 123563 One Management Leave Day

Treasurer's Office (02/01/21 - 02/05/21) Rosemary Davenport, EIN: 093721 40 Hours at \$5.00/HR = \$200.00

Treasurer's Office (02/02/21 - 02/05/21)

Stephanie Kania, EIN: 130773 32 Hours at \$5.00/HR = \$160.00

We are requesting your authorization to provide this temporary additional compensation that would be absorbed within each Department's current budget. We thank you for recognizing the outstanding dedication demonstrated by these members of our staff. If you require any additional information to authorize this request, please let us know.

Approved

C. H. Huckelberry, County Administrator

Re:

Request Premium Pay for Health Department Staff

I am requesting premium pay as provided under the American Rescue Plan Act of 2021, Subtitle M - Coronavirus State and Local Fiscal Recovery Funds, Section 9901. This money is designated to provide premium pay to eligible workers of the County who are performing essential work during the COVID-19 public health emergency. The employees identified below are maintaining and responding to the increased needs of the continuity of operations of essential critical infrastructure to protect the health and well-being of the constituents of the County. This COOP response continues to be critical to the COVID-19 Vaccine Acceleration Delivery Initiative that is organized and supported by PCHD. This work has necessitated significant support for our essential critical infrastructure to manage, coordinate, distribute and support vaccinations throughout Pima County. This is for exempt employees specifically engaged on the vaccine acceleration work between March 28, 2021, through May 22, 2021.

We have a mechanism to accommodate classified staff for their work on the Pima County Health Department vaccine acceleration delivery initiative through overtime and flex time mechanisms.

MEMORANDUM

Date: April 7, 2021

To: C.H. Huckelberry

County Administrator

From: Jan Lesher 9W

Chief Deputy County Administrator

Re: Request for Premium Pay for County Personnel

Subtitle M, Section 9901 of the American Rescue Plan Act of 2021 – Coronavirus State and Local Fiscal Recovery Funds notes that Premium Pay may be designated to pay eligible workers who are performing essential work during the COVID-19 public health emergency. The Act allows for the payment of such for the period of from March 3, 2021 through June 30, 2021.

Currently, premium pay has been approved for some Health Department employees who have a significant role in the distribution of vaccine. It is difficult to overestimate the amount of time and energy committed to the pandemic response by Health Department employees. Clearly, these individuals are part of the operations of critical infrastructure defined in as eligible works in the American Rescue Plan.

It is important to note, however, that 'eligible workers' includes workers who are "needed to maintain continuity of operations of essential critical infrastructure". The County's response to the pandemic would not be possible if the Health Department were not supported by individuals within Central Administrative Services and the County Administrator's Office.

To ensure the necessary continuity of operations, I am recommending that the following individuals be provided premium pay in according with the table provided for a period of 10 weeks, effective with the Pay Period beginning April 11, 2021 and ending with the Pay Period ending June 19, 2021.

Mr. Chuck Huckelberry
