MEMORANDUM

DATE: August 16, 2022

TO: Jan Leshar
County Administrator

via COB_mail@pima.gov

FROM: Steve Christy
District 4 Supervisor

SUBJECT: 2022 Primary Election – Voter Concerns

AUG 17 2022 08:05 PM CLK OF BD

As discussed, attached are email and telephone messages received by the District 4 office from concerned voters throughout Pima County regarding the August 2, 2022 Primary Election.

To reiterate the summary I presented during yesterday's Board of Supervisors meeting:

- Clarification, once and for all, on ballpoint pens vs. Sharpie pens vs. Flair felt-tip markers and their usage on ballots.
- Why did sample ballots (noting some Election Day voters did not receive them) not mirror actual voter ballots?
- Delays and long waits at some Voting Centers due to printers not working, running out of ballots, and having no provisional ballot envelopes.
- Explanation of the issuance of Federal-only ballots and Provisional ballots.
- Woefully lacking poll-worker training with inaccurate and incomplete information presented by the Elections Dept. trainer.
- Were all of the Vote Centers fully staffed with a proper 50/50 poll worker balance by party affiliation? A review of the Election Director's report of July 14, 2022 shows that of the 129 Vote Centers, 45 had unbalanced staffing, six had no Republican poll workers, and two had no Democrat poll workers.
- The County Recorder would not allow any observers during Early Voting, citing an unspecified policy of "COVID pandemic measures". Why?
- Definition of confusing terminology such as "poll-workers" vs. "poll-watchers" vs. "poll-observers" and their respective functions and responsibilities.

I look forward to the discussion of the After Action Report from our Elections Director and the Pima County Recorder during the October 4, 2022 Board of Supervisors meeting.

Telephone Messages

Moreno, Raul- Ballot Box

August 12, 2022 8:39 AM

Raul Moreno

Contact: [REDACTED]

Address: 2982 W. Cranbrook St 85746 D5

Message: Called to let Sup Christy know the day of election ballot box he was asked to put his ballot in was a home depot style plastic box with a skinny zip tie. Not sure this type of box was in the voting protocol. Voting center he was at was the Lutheran Church on 6809 S. Cardinal

1:47 PM

Joanne Shay	
Called: 08/02/2022	
Contact: [REDACTED]	
Address: 4450 E. Poe Street 85711, DS	

Message: Ms. Shay wanted to express her displeasure to Sup. Christy on her experience at the voting center. The worker she handed her Driver license forgot to hand it back to her. When she went back to that worker she pointed to another lady across the room that she gave the driver's license to. The worker stated to her, "I was going to give it back to you before you left "It does not sit well with Ms. Shay that her Driver's license was passed around and now wonders if it was even going to be given back to her. She stated she was also going to give Elections Department a call to complain.

Gideon, Gary- Ipad Signatures on voting day

Mon, August 8, 2022 2:17 PM

Gary Gideon

Called: 08/08/2022

Contact:

Address: 9562 Sellarole Rd. 85730 D4

Message: Called to tell Sup. Christy to vote no on Resolution 2022-44. And to inform him he voted at Miller Golf Links Library and once he signed on the Ipad it did not display his name correctly. Which will be hard to verify. How will they be verifying signatures this way? Believes Ipads and the new voting system needs to go away.

Moreno, Jose- Election Ballots

Mon, August 8, 2022 11:50 AM

Jose Moreno

Called: 08/08/2022

Contact: [REDACTED]

Address: 103 E. Rodeo Drive 85714 D2

Message: Called to inform Sup Christy information he has come across. He believes the post office was ballot harvesting. Ballots that were supposed to be sent to Phoenix for processing were not sent. Instead ballots were being removed from containers and were put in tubs. Doesn't believe these ballots were processed.

"Lynn"-Voting center issues

Wednesday, August 3, 2022
9:10 AM

"Lynn" BRAKEMA	
Called: 08/03/2022	
Contact: [REDACTED]	

Message: Called to inform Sup. Christy what she observed yesterday as an observer at one of the voting centers. She said if Driver's License were not scanning right, workers were not asking for a second ID, but sending them to provisional instead. She asked about this to one of the inspectors which they realized was not correct and they corrected that action. Second, she noticed the elderly were having a hard time understanding and operating the Ipads. Third, workers kept printing the Federal Ballots. She noticed this was happening since they were choosing the wrong code when it came to printing the ballots. Believes this stems from bad training. (Did not want to leave her name or voting center since she is still working there for the rest of the week.)

Willingham, Larry- Voting center shutting down

Tuesday, August 2, 2022
1:59 PM

08/02/22- I called Mr. Willingham and left him a voice mail with the update.

Larry Willingham	
Called: 08/02/2022	
Contact: [REDACTED]	
Address: 3150 N. Bear Canyon Rd 85749 D4	

Message: Mr. Willingham called to express to Sup. Christy that he is extremely upset. He went to Bear Canyon Library to vote today only to find out by an election worker standing outside, that it was shut down due to them running out of supplies. And was asking everyone to go to another location. He states he has been going there to vote since he can remember and this is the first time this has happened. He believes this to be voter suppression.

Atkins, Kathleen- Voting Center concerns

Mon August 2, 2022 11:36 AM

Kathleen Atkins

Called: 08/02/2022

Contact: [REDACTED]

Address: 9195 W. Twin Peaks Rd 85743 D3

Message: Would like Sup. Christy to know her concerns today. She first went to Redeemer Evangelical Lutheran Church and School on 8845 Silverbell Rd. The computers were not working so they could not print out ballots. Some were waiting for over an hour until the workers directed everyone to go to a different voting center. Went to Picture Rocks Fire District but building had no voting signage and looked empty. She decided to go to Picture Rocks Community Center, they did have voting signage outside and was finally able to vote. She also wanted to point out, they only had felt tip pens to use.

Demple, Mike- Voting Center concerns

Friday, August 2, 2022 10:03 AM

Mike Demple

Called: 08/02/2022

Contact: [REDACTED]

Address: 5640 S. Old Spanish Trail D4

Message: Would like to Sup. Christy to know his voting experience was not good. When he was at the machine, there was no ballot that came out for him. But a lady next to him received the wrong ballot, which was for a republican, which ended up being his ballot. The election worker then asked everyone to stop what they were doing, that this could not happen again and checked on the situation. Also, noticed that they were sharpies in all the voting booths. Address: 7274 S. Paseo San Andres 85710 D4

Message: Mr. Freidinger wanted to inform Sup. Christy that once the Primary sample ballots are sent out, he should go on the Garrett Lewis Show and advise everyone to take pictures of their ballots and compare it with others to make sure they are the same.

Rob Freidinger

Called: 07/22/22

Contact: [REDACTED]

Address: 7274 S. Paseo San Andres 85710 D4

Message: Mr. Freidinger wanted to inform Sup. Christy of the sample ballot he received today in the mail. When Comparing the ballot with his neighbor's, he states the candidate names are in different order. He gave example of his ballot Jim Allen as number one, and his neighbor has Jim Allen as number 4. He is concerned this might be open for cheating.

I worked at 006. We were down 6 hours because the poll books did not recognize JOP or clerks to print out the situational votes. This Judge of the same party and Judge of the same party craap is not fair.

Comments	Good Morning. I just wanted to relay my experience as a poll worker at VC 127. I attended training on July 25. We were told that we are still using the felt markers, and that they bleed through but will not alter the count. We were told that an attempt was made to order ball point pens but due to supply chain issues they couldn't get enough. This morning I reported for work as JOP (Republican). I was only able to identify one other JOP, also new. Neither of us was asked to help in the night before setup, which makes me wonder if any Republicans were there. I was asking where to sit and the gentleman (clearly a regular) sitting at the first table said it didn't matter. I mentioned that there was supposed to be a person from each party at each check in and he again stated it didn't matter, which makes me wonder if they

have been following that rule. I then found ball point pens in the supply box and put one at each voting cubby. Another worker named Luis went around and collected them all and replaced them with felt markers. We had words over which pens to use and I informed him of what we were told in training. I eventually went and added pens to each station so that voters could have a choice. Inspector Marsha said we will only use the felt pens. I said ok and asked if voters could use their own pens, and she replied yes. At no time did I argue with Marsha or go against her instructions. Marsha chose to call a person named Yvonda Sullivan who told me I needed to go home for arguing with Marsha. I asked her title, she said she didn't have one and so I said she had to authority to send me home. She transferred the call to Evelyn Bustamonte who told me that I may not argue with the Inspector, to which I agreed. The call ended, I went back inside and shortly before the polls open a man named Thomas Guillen whose badge said 'intermittent' arrived, spoke to Marsha, called me outside,

Subject_or_Nature_of_Concern	Election - I was a poll/duplication observer
Comments	<p>Mr Christy, I was a credentialed Poll observer for the Pima Republican Party at Desert Sky Middle School (Rita Ranch). On election day, we had 452 walk in ballots, 262 dropped off early ballots. We were in the lobby of the gym, which was way too small for 11 voting booths, poll workers and voting public. The air conditioning was inadequate in that small space and, and there were times voters had to stand out in the heat/potential monsoon weather. We had only 2 ipads to check people in (should have had 5) and 1 printer (should have had a backup or extra printed ballots). Since they reduced our polling locations, and this location did 100 voters in 2020, you'd think they would have estimated the increased walk-in voters, because the ipads had to be shared between the 2 teams at the check-in table and the "Special Situation" desk for the 50 people who were either showing they had been mailed an early ballot or whose address didn't match. The 1 printer did break down, at the worst time, and we had several voters leave. Those who were on the early mailing list were asked if they could go get their ballot at home and bring it back in, as their vote would get counted sooner. We had a Democrat marshall who kept putting felt tip pens in the booths, even after someone put ballpoints in. I reported all this through the az.protectthevote website, but I wanted you to be aware. I can give you more detail if needed, plus my observations at the duplication room.</p>

Fickes, Sharon- Informal Comments on 2022 Pima County Primary

Thursday, August 8, 2022 7:59 AM

Subject: Informal Comments on 2022 Pima County Primary

From: [REDACTED]

To: District4

Sent: Monday, August 8, 2022 6:14 AM

DM

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an

Following is a **compilation** of Informal comments from various Pima County 2022 Primary Voters. This information is from an Informal request to members of United Republicans for Arizona reported as of today. IF any further information is received it will be provided.

MOCK ELECTION

The Mock Election did not simulate a real election. So many problems it was worthless as a "real" trial. Referred to Recorder's office when no Inspector or official at Mock Election could answer questions. Drove to Recorder's office, she was too busy. Employees could not answer questions. Referred to leaving message and someone would return call or to send an email. Appears Recorder's employees need more education on answering questions OR the Inspectors working at various elections need more training.

EARLY VOTING July 2022 various locations

Not enough locations near Green Valley and South. Must drive too far north.

Complete system failed for about 10 minutes. Then all came up and appeared to work. Overheard conversation by workers indicating the system went down frequently. Voters stand around and wait. Poll Workers wearing masks indicated Recorder, Gabriella told them to wear masks. When asked if they were just recommended to wear a mask. They said NO she told us to wear a mask. Updated information on mandates/masks etc should be provided to Recorder.

Poll Worker handing out early ballot mentioned ballot is double sided but voter did not have to vote on the second side. She repeated her information when asked again. Poll workers do not give political advice, more training needed.

Confusion by poll workers on handing out ballot to voter after check-in.

TRAINING FOR POLL WORKERS AT Casino location

Training provider was confusing and not coordinated with training materials. Pima County needs to coordinate the presentation with the training materials for poll workers to follow along with the information. Once training materials are updated before the 2024 General Election, Pima County should have employees who are NOT familiar with the equipment or training information given two hours to set up, prepare paperwork, as if they are preparing for voters to arrive. Then asked to provide feedback on the problems. Problems, concerns should be corrected BEFORE 2024 General Election.

EARLY SETUP for PRIMARY VOTING DAY 8/2/22

Confusion on paperwork provided by Pima County on Layout for room and missing documentation.

Missing supplies of Emergency Ballots and Provisional Ballot Envelopes. Reported by Inspector to contact at 6PM Monday 8/1/22 Received 8./2 @ 10AM. Inefficient, caused problems at polls.

Information for locks on cases caused confusion, took too long to finish

Closing doors to secure Voting room @ VC106 was problem for custodian. Fixed and secured within 1/2 hour. Contract/arrangements for all voting locations should require security ASAP following closing of poll location.

PRIMARY VOTING DAY 8/2/22

Voters wanted to know why they could not go to their Precincts to vote?

Inspector needed **more training** on set-up and paperwork provided by Pima County. Lots of confusion Worker login for payroll did not work. Inspector had everyone sign a separate sheet, retained in her files. Next day Inspector was informed of a separate security number to access payroll id.

Turned away voters because envelopes for Provisional not provided yet 8:00 AM, envelopes finally arrived @ 9:25AM

Turned away voters no Provisional envelopes provided. JSP took names and phone numbers to call when envelopes finally arrived,

Provisional Ballot procedure not clear, JSP & JOP worked 30 min to figure out how to process. Voter waited

Observer wandered around voting room talking with everyone and greeting voters. Training for Observers necessary.

Data Entry error by Pima County. Voter insisted he was Independent and NOT Democrat. Would not vote Democrat Ballot. Referred to Elections # and Recorder # they did not answer phone

CLOSE OUT 7:00 PM

Did not balance numbers at closing

Emergency Ballots received late, 3 boxes. Label indicated 3600 ballots. DO NOT OPEN UNLESS EMERGENCY. Based on size of box compared to 600 blanks for BOD printer there were about 1800 emergency ballots (3 boxes @ 600 each) NOT 3600 emergency ballots. Returned emergency ballots in unopened boxes.

Unofficial Return Instructions had contrary information: SEAL ENVELOPE then DO NOT SEAL ENVELOPE on the same sheet of paperwork

Voting space custodian could not lock doors. Equipment remaining was the BODprinter, voting booths in containers, locked steel cage on wheels with e-poll books, Easy Vote machine, ballot paper, other

Much confusion on close out paperwork provided by Pima County

Taking too long to complete paperwork and deliver

Some poll workers did not leave voting poll until 8:45, 9:30, 10:45 much confusion and problems providing ballots for delivery and pickup

Wednesday 8/3 following 8/2/22 voting day. Observed voting equipment remaining at Canoa Ranch in unlocked/open space. Pima County should have a contract ensuring secured space for equipment.

Not enough E-Poll Books.

Needed extension cords for equipment, not provided. Had to adjust layout of tables to accommodate plugs in the room.

No training provided for Observers in Elections Duplicate, processing or tabulation.

Unknown if Recorder's signature verification had observers at any or all times.

Unknown if Express Vote machine in Duplicate processing area provides an official "count" at beginning and ending of each Batch.

God Bless America

Sharon Fickes

Hello Sir:

I have attached a review of my day working at a poll center on August 2. I feel obligated to my Pima County neighbors to share the days events with someone who can help to make the things work smoother and better for all.

thank you for your time.

Anna Peto

August 6, 2022

Dear Pima County Supervisor of District 1 and 4;

A few notes from my day of working at the poll on primary election day. I volunteered to work at the voting poll for my first time. I worked at the polling center located at Udall Park. My eyes were opened to the operation of polling places and the support (or lack) of the elections department during my 5 a.m. – 8 p.m. shift. I must report to you, County Supervisor of these areas most like effect and for my voting neighbors, situations that occurred that effect ones right to vote.

Doors open at 6 a.m., we are ready for the voting public. **Missing** from the elections department supplies for this voting center were provincial envelopes for the ballots. We had none. It took 2 hours for a staff member to deliver the envelopes. Voters were not happy, as a matter fact they were very angry. Do we not understand when these voters who say “the fix is in” and who are disgusted with the system saying they won’t come out to vote again because of situations like this? Angry folks, very angry. Ah, but it happened again. We ran out of provincial envelopes around 2:30 p.m. More angry voters. We were told to take voters phone numbers to call them to come back when envelopes arrived. REALLY? Voters left; did they go somewhere else? They certainly did not come back. It took close to an hour for more envelopes to be delivered. WHY?

I worked the Special Situations table. We had 100 special situations, 95% of the situations were voters not turning in early or mail-in ballots. These voters said over and over again they don’t want nor requested an early or mail-in ballot. These voters were not happy. I could only suggest they go to the Pima County/voter registration website and update their information.

Around 1 p.m. workers from the Kirk-Bear Canyon Library voting center joined the Udall Park voting center. The Kirk-Bear Canyon voting center CLOSED. This location ran out of ballot paper. I’m sure by now you have heard of this closure.

When you hear candidates saying the elections/voting process is scandalous, **you, yourself** need to work a polling place. Voters don’t trust the process. Several voters angrily expressed their opinion and displeasure of the process. It is the voter who doesn’t trust the system, it is the voters!

I will work the poll again. I fear what could happen in November.

I happy to discuss more of the day with you if you have an interest or questions.

Respectfully submitted,

Anna Marie Peto

Subject: Early Vote Appears to be Not Yet Counted

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Hi Steve,

I voted at the early voting center on 7/28 at the Good Shepherd UCC at 17750 S. La Canada, Sahuarita. I was told to place my completed ballot in a mailing envelope and to deposit it in the box at the voting center.

I was also given a pre-printed slip of paper for me to check on the recorder's website to check the status of my vote that should be recorded within 48 hours. I assume that this would be 2 workdays which should have been recorded by at least on Tuesday, August 3rd.

Every time I have checked the recorder's website, it shows that my ballot was processed on 7/28 but they are in the process of verifying my signature.

I would like to know why my ballot is being treated as a mail-in ballot since I presented my voter's ID card and driver's license and signed a document at the voting center. I have more confidence in someone at the voting center to confirm my identity rather than someone at the recorder's office. I realize that this is a new process, but I would hope that my ballot has a chain-of-custody from the voting center to the recorder's office (that does not include the US Mail).

Below is the information I entered at the voting center with the status returned that as of 8:00 am on 8/3 that my vote has not been recorded as yet.

Any help you can provide on this process will be appreciated. Thanks much.

Message Subject Ballot missing candidates

I voted yesterday at christ lutheran church on colossal cave road. When I arrived I showed my DL and signed an electronic pad. I was handed a ballot and went to my voting stand. I had a list of names that I wanted to make sure I voted for. There were several NOT IN MY BALLOT. I thought maybe they were supposed to be write ins, and I wasn't sure which Ld they were running for so I placed my ballot in the box and left. Listening today to the radio, I hear these election workers were giving people federal only ballots. I am steaming mad. I wanted to vote for these candidates and they weren't on the ballot. Someone needs to take action within Steve Christy's office on this matter. I await your response. Matt Bruns [REDACTED]

Ladies and Gentlemen,

I am (for the first time ever in my life) voicing a disappointment in the decision that you all have made to change the voting process. As someone who has lived in Arizona for 30 years and voted in every single election, today's process was terrible. BTW I am a registered independent as well as is my entire family of 6 registered voters. The workers struggled to figure out how to handle any issue that came up. I watched as the workers pulled out "how to" books on the voting process. The controversial felt tip pens were back again. If your reasoning for making this decision to change to voting centers was to bring more confidence to the voting process, it actually accomplished just the opposite.

It is clear that once again, common sense is lacking in our government agencies.

Very disappointed in each of you.

Comment	Although I am not in your district, when I have listened to Garret Lewis on WKNST, I have heard you may be a member I should reach out to. I am interested in volunteering to be a poll watcher or do whatever is needed to be a part of assuring our elections are fair and free of any possibility of problems. It may be too late for this august primary, but who do I contact to get involved and help? In full disclosure, I am a conservative and a registered Republican. I am a person that can accept losing as long as election integrity is there. I hate that the 2020 election continues to have more questions than answers and even if outright fraud and theft were not involved, too many variables allowed for this to happen it seems. So, instead of complaining or questioning the past, I'd like to see what I can do to help make sure everything is on the up and up and many are asking how they can help. I am in District

Comment Hello Supervisor Steve Christy! My husband Alex and I live in Pima County, Vail, AZ. We want to thank you so much for your professional service to our Community. Also, thank you so much for the beautiful paving of our roads south of I-10, Wentworth Rd, etc. Both my husband and I are elected Pima County GOP PCs so we strongly support you the only Republican Supervisor in enemy (Democrat) territory. We also signed up to be GOP Poll Observers in one of the Early Voting Centers in Tucson to be told there are NO observers allowed. Obviously a Democrat controlled hidden strategy to manipulate our votes, and as Republicans we do not feel comfortable about this rule. Yesterday, we voted in person at an Early Voting Center. After we were given our paper ballot, we went to the voting desk to discover 2 different pens, one was a felt tip pen marked Official Voting Pen and the other was a ball point pen. Again, we feel uncomfortable about this voting process. Thank you, Filis Cardieri, Pima County, Vail, AZ

Comments	I am hearing that voters will not be required to show ID in the primary election next week. I have also heard that there are not enough ball point pens to give out to mark the ballots and markers may be used. After infamous marker fiasco at the last election and the doubt most voters have in the security and integrity of our elections I am disappointed that my fellow Republicans would not have made sure we do not have the

To the Pima County Board of Supervisors,

I received my mail-in ballot and noticed a strange window on the back of the outside envelope, through which my political party can be seen. Please see the image below.

What is the purpose of this window? It seems odd to have on the outside of the envelope going to voters and does not instill much confidence in the voting process after the last election.

I would imagine that this window, which has a clear covering and is not just a cut out, costs the County more than a plain non-window envelope.

Just wanted to bring this to your attention and am interested in what you find out. I am in Rex Scott's district.

Thank you.

Mindes, Louis- ballot question - Voter Fraud Possible

Good afternoon Pamela.

We received our ballots in the mail.

A few years ago, the recorders office called because our ballots were returned. As it turned out, we were in the mountains with mail on forward. I was informed that ballots were not allowed to be forwarded so it was sent back to the county. Your staff was kind enough to call us to see what happened and it was resent to our home after the forwarding was removed.

This election, there was not a DO NOT FORWARD notice on the envelope. The new boxes to return if someone does reside at the address seems to be an invitation to voter fraud. It seems like this was done intentionally as it will result in many fraudulent votes being cast.

I am a REALTOR so have access to the Multiple Listing Service of Southern Arizona. When doing research in early June, there were over 13,000 owner occupied properties sold since the last election. When a home sells, the county requires an Affidavit of Value. In that form, the Seller fills in their future address and the property is transferred to the new owner using this form. That is 26,000 households when you consider buyers and sellers. If half of those were married or partner owned properties, that totals 39,000 potential faulty votes in only 18 months noted in the Southern Arizona Multiple Listing Service. Many properties are sold outside the system so there could be a much larger number.

The County recorders should have been following up with all buyers and sellers involved with a sale. An Affidavit of Value is completed with each sale so the county knows who all these parties are so the voter rolls should be constantly updated. Same thing for Death Certificates. Since the county tracks deaths within the county, every deceased person should be removed from the voter rolls immediately upon notification.

Please advise on when the mail in ballots had the request for address correction added.

Thanks for your time.

Sincerely,

Louis Mindes
