Declaration of Emergency - Restaurant, Bar, etc. Closures

To All members of the Pima County Board of Supervisors:

t oppose the Declaration. It is difficult enough for restaurant and bar owners to stay afloat and keep their employees employed.

By making such a declaration, you risk causing the bankruptcy of dozens, if not hundreds of businesses.

The Pima County taxpayer should not be held to account and it is not I who wishes to be responsible for this action.

Remember, this is NOT your decision, you are deciding in my name and the names of all members of your District.

Extremely disappointed in the lack of info from Pima county health dept Director.

They should have made contact tracing info (the where's, not The Who's) available for all the initial Pima county cases.

We should be getting daily updates on number of tests administered & results.

Our nursing facilities & elderly population are going to be decimated.

Your immediate & significant action is required!
