Pima County Board of Supervisors -

I am writing today in support of providing legal representation to all tenants facing eviction. Housing insecurity has become a growing threat for too many in our community. With the rapid increase of gentrification, mainly student housing type structures, families and working class Tucson folks are being pushed out. Struggling families deserve a fighting chance. When sheltering in place could mean the difference between life or death, the importance of safe and secure housing has never been more clear. The time is now. Pima County must take meaningful and lasting action. Please, please vote YES on the Eviction Defense Proposal. Let's rewrite history together.

Best,
Brytnee Laurette

This email concerns Landlord Rights and the Eviction Moratorium.

We are a soon to retire couple who bought a house in Green Valley. I am working a few more years as a window cleaner here in CA before we move to Green Valley permanently.

We decided to rent out our home in GV because we couldn't cover both the house payment and my mobile home space rent here in CA.

You see, most landlords are not wealthy. Just regular folks. It would be financially impossible for us to allow someone to live in our GV house for free.

Please consider the tax paying home owners in your county with regards to extending the Eviction Moratorium. Please don't make us the scapegoats for Covid 19.

Mike Hatcher
