Dear Board of Supervisors,

My name is Lee Marsh, I am a resident and property owner in Tucson. I am writing today to express my support for providing legal representation to *all* tenants facing eviction. I am a landlord, and I believe that even a tenant facing eviction should be entitled to their "day in court" and have their side of the story heard and fairly represented. I have always carefully followed ARLTA to the absolute letter of the law, as it should be, but many landlords disrespect these laws knowing that disadvantaged tenants are either unwilling or unable to defend themselves in court. During COVID times it is doubly disgraceful to throw someone out on the street. I fully support legal representation for tenants facing eviction and I hope the board will pass the measure instituting this measure.

Thank you

Lee Marsh

Dear Pima County Board of Supervisors,

I am writing in support of providing legal representation to all tenants facing eviction. Housing insecurity has become a growing threat for too many in our community. Struggling families deserve a fighting chance. When sheltering in place could mean the difference between life or death, the importance of safe and secure housing has never been more clear. The time is now. Pima County must take meaningful and lasting action. **Housing is a Human Right.**

Vote YES on eviction defense and NO to outsourcing.
