Subject: Please do what's right for the county

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

The owners of Viva Coffee House are recruiting people to protest against vaccines and masks via their Facebook and Instagram pages. Please consider the less vocal majority and our concern for a safe and healthy environment. Masks work as well as do vaccines, please take appropriate steps to protect each other.

Thank you,
Kelly Yiu

Friends- can you help by sending
1 email by early afternoon?

Pima board of supervisors voting
TODAY to impose a mandatory
mask mandate in businesses.

They have also hinted at a
'participation pass' (vaccine
passport) for Pima. We need to
stop them.

Please email them by early
afternoon to stop this
nonsense. Tell them no on mask
mandates (and no on vaccine
passport too).

Not in favor of any mandatory masks in businesses and participation passports! It should be an individual's choice.

Hello,

I am writing in regard to the COVID-19 mask mandate that is on the agenda for tomorrow, 12/21/21. I am asking to please keep in mind that not all constituents are in favor of mask mandates. Some constituents have valid reasons why they cannot wear a mask or why they choose not to and they should not be discriminated against. These constituents contribute to our local economy as well as those who choose to wear a mask. I am kindly asking to please keep ALL constituents freedoms in mind and let everyone choose for themselves if they would like to wear a mask or if they would not. Please do not enact another mask mandate in Pima County. Everyone should retain the right to choose what is best for them and their particular situation. Thank you kindly for your time and consideration.

May you all have happy holidays.

Respectfully,
A concerned citizen

To whom it may concern:

I am emailing regarding the mask mandate being considered by the board of supervisors. I am fully vaccinated and believe everyone should be, but it should also be an individual choice. I run a plumbing company and I do not see it's necessary for to put a mask mandate in place for indoors in Pima County. I do not want my hard working office staff to be in a position of being the mask police and getting in confrontations with people entering my office.

Thank you for your consideration.

Hello, I want to voice my opinion as of NO, for the upcoming vote of a mask mandate passport. I do not believe citizens of Tucson should be subject to showing a vaccination card or any proof of vaccination to business just for entry. It is absolutely wrong and absurd to force a need of favoritism amongst business who want to only serve those that are vaccinated. Such conflict and exclusion should not happen in Tucson, let alone Arizona which is why we should NOT have a Mask Mandate. Thank you.

To Whom It May Concern-

I am all for personal responsibility and being considerate of others. Unfortunately, a mask mandate and, even worse, a participation pass would be a gross overstep of power and I urge you you please vote against these measures.

There are people with extenuating circumstances and withholding goods and services based on personal health decisions is out of step with the fundamental principles of liberty.

I have zero opposition to a business owner or a music venue, etc requiring a vax card OR negative test to enter. But that needs to be the decision on the business owner, promoter, or responsible party. Not a mandate Thank you Loren Dircks

Please do not pass a mask mandate or vaccine passport! The vaccine does not prevent you from getting Covid or from passing it on to others. It does have numerous negative side effects that are going to just keep coming out! Heart conditions, Bell's palsy and blood clots just to name a few! If people want to risk that, it's their choice, but the unvaccinated should not be punished. I had Covid last month and it was like a flu! I'd much rather risk getting Covid than developing a life long medical condition.

Also no mask mandate. They don't work. If you can smell through a mask, germs can pass through it.

Good afternoon,

Regarding the vote. As a tax payer in Pima county I would prefer their not be a mandate along with no vaccination passport.

Being someone who has been vaccinated it is troublesome hearing the recent news on Johnson & Johnson, other countries moving strictly to Pfizer due to myocarditis and we are only a year into "results". By creating a mandatory vaccine, that will be forced on children where results are not near where we are with adults.

Among all of this which I can go into more detail, Omicron is not nearly as severe and we should be viewing this as positive trends.

Thank you for your time and support in our community.

Phil

ABSOLUTELY NO MASK MANDATES ARE NEEDED!!!! THIS MASK SHIT IS STUPID UNLESS YOU'RE GOING TO MANDATE N95 MASKS BECAUSE IT'S THE ONLY MASK THAT HAS THE ABILITY TO PROTECT FROM SARS-COV-2!!!!

CLOTH AND SURGICAL MASKS ARE AS EFFECTIVE AS WEARING PANTIES OVER YOUR FACE!!!! PLUS, WHO ACTUALLY EVER CLEANS THESE MASKS???? NOBODY!!!!!!

This Omicron is no more dangerous than a cold or flu. Did you board members ever live with the possibility of catching a cold or the flu? Of course you did and you do now, there's no need to go BATSHIT crazy over something that has CAUSED ONLY 1 DEATH WORLD WIDE!

APPLY SOME COMMON DAMN SENSE AND CHILL OUT!!!!

County Board,

In view of the serious circumstances posed by Covid-19 to our area hospitals, we fully support a county-wide mask mandate. A mask mandate is the best and easiest precaution the county can take to keep local businesses open.

Thanks for your vote for public health and the common good.

To whom it may concern. Please vote no on any mandate regarding masks or vaccination passports.

The science is not there! People with vaccinations are getting it and spreading it.

The size of the virus is over sixty times smaller than the holes in regular masks.

Please vote no!

Sincerely
Scott Woodworth

Hello, I would like to express my concern about the mask and vaccine mandates. It is a complete corruption of our freedom and rights.

Not only is it disrupting our freedom but it is also shown to not be very effective considering the fact that people are still able to contract the virus regardless of the vaccination which is still very new.

Someone I know personally got the vaccination and shortly after lost nearly his entire memory and for 3 months and was hospitalized. The doctors did not want to report this because they were not positive it was caused by the virus.

This man also had other symptoms. He couldn't speak words. He was locked in. He was terrified. Screaming and crying like a new born.

This isn't the first time there has been things similar to this nature. The rate of myocarditis has increased incredibly since the vaccinations came out. The vaccination has SM 102 which if you look into what that is, there are informational pages that show that this synthetic amino lipid is indeed hazardous. Now it's said that there's only a trace amount used for the vaccination which makes it harmless. But that's incredibly difficult to believe after looking at informational pages that show that SM 102 "warning label" says not for human consumption and warns about disrupting woman's reproductive organs. For this to be the warning label and to see many reports on woman having reproductive issues after the vaccination can not be any coincidence. And this is what is going to be forced on us? Please make the right choice and do not move forward with the vaccination mandates.

Why do you keep beating this issue to death. The science is very clear on masks and it appears no one is reading about this or paying attention to it. Masks are like putting up a chain link fence to keep mosquitoes out.

When wearing a mask you are breathing out germ and bacteria etc. into the mask and then inhaling them back into you lungs and body. The carbon dioxide that your exhaling is going back into your body and diminishes your ability to take in oxygen and that diminishes your brain capacity and thinking ability. Get back to true scientific results and stop trying to control the lives of hard working people. You are not doctors or medical scientists so stop trying to push your own agenda onto the citizens. If some want to wear a mask to make them feel good that's fine but don't mandate it.

NO TO MASK MANDATES

Hello,
NO TO RESOLUTION #2021 -87 NO MORE MASKS
Masks are unhealthy. The data is out there. NO!

Thank you,
Leiann Anderson

In what logical realm do you have authority to implement? Masks do not prevent spread as stated in dozens of studies. You have over reached your authority and in doing so, the organized will vote you out and replace with people that respect the individual freedoms granted by the constitution. Dr. Kevin Wallace.

We are asking that you vote "NO" on both the mask mandates and the vaccine passports. They are not good for either our businesses or community!

Thank you!
Nancy and Rick

To whom it may concern: myself, a medical student and US citizen, representing my cohort and many community members of PIMA county, Tucson, and Oracle region, request PLEASE NO MASK MANDATE TO TAKE EFFECT. This is completely unconstitutional, yet alone ineffective. Please take this message seriously as we citizens are very serious about this too.

Thank you for your time,
Lillea Ellisian
