I am Sharon Fickes a legal resident of Pima County, AZ. Contact [REDACTED]
Find below my comment for the 01-04-22 Board of Supervisors Meeting.

01-04-2022 AGENDA ITEM #10 UNFINISHED BUSINESS In-Person Board of Supervisors Meeting: SUPERVISORS MEETING IN PERSON

EFFECTIVE IMMEDIATELY, It is time for the Board of Supervisors to have their public meetings in- person. You have hidden away from the public long enough for more than one year with extensive restrictions for the public even in 2020. Your office space remodel was long ago finished and you can still choose to remain behind a plastic partition, keep 6ft distancing and have an OPTION to wear a mask. Your voting public should also have these options to attend these meetings and look you in the face with regarding actions or in-actions and lack of supporting Pima County residents. If you choose not to pursue in-person meetings, then let's talk about a Board of Supervisors' reduction in annual salary during the upcoming budgeting sessions for 2022. Only fair since you have made over-the-top decisions affecting the Pima County residents and over-extended our taxpayer funds to support your COVID decisions and illegal migrants causing a shortfall where you are now looking for a shifting of funds from somewhere to cover your financial decisions. Vote to Go Back to Work In-Person.

Please add the following comment for the 01-04-22 Board of Supervisors Meeting.

10 UNFINISHED BUSINESS In-Person Board of Supervisors Meeting:

We now know that while the latest variation of the virus passes more easily, the severity of it is much less. Our "following the science" has brought us to a point where it is time to try to resume life as normal. That said, it is time for the Board of Supervisors to have public in-person meetings.

For over a year your zoom meetings have restricted access to the public you serve. You can still choose safety options (masks, plexiglass partitions, distance from fellow supervisors and the public by 6 feet). The public you serve deserves to attend Board of Supervisors meetings and, if this cannot be accomplished, you are not doing the job you were elected to do and your salaries should be docked.

In addition you have not upheld your fiduciary duties with regard to allocating county funding provided to you by county taxpayers. How much better to put the concerns and needs of county residents above that of housing illegal migrants, many of whom were covid-infected, just because the county can request funding from the Federal government (more of our taxpayer dollars!)

It's time to get back to business and do some serious budgeting to put our county on a better footing financially and most importantly do your job in person where the citizens can look you in the eye and tell you how your lax fiscal policies are adversely affecting them.

Thank you
Gail Ault
