Re: **Distinguished Budget Presentation Award from the Government Finance Officers Association**

The Government Finance Officers Association has awarded Pima County the Distinguished Budget Presentation Award. Thanks to the annual budget process overseen by the Budget Division within Finance and Risk Management, this is now the twenty-fourth consecutive year that the County has received this award. This achievement confirms both the clarity and transparency of our budget process development and adoption.

I very much appreciate the hard work and dedication of our Finance and Risk Management Department and their success in winning this award for another year.

(Chicago, Illinois)--Government Finance Officers Association is pleased to announce that **Pima County, Arizona**, has received GFOA's Distinguished Budget Presentation Award for its budget.

The award represents a significant achievement by the entity. It reflects the commitment of the governing body and staff to meeting the highest principles of governmental budgeting. In order to receive the budget award, the entity had to satisfy nationally recognized guidelines for effective budget presentation. These guidelines are designed to assess how well an entity's budget serves as:

- a policy document
- a financial plan
- an operations guide
- a communications device

Budget documents must be rated "proficient" in all four categories, and in the fourteen mandatory criteria within those categories, to receive the award.

When a Distinguished Budget Presentation Award is granted to an entity, a Certificate of Recognition for Budget Presentation is also presented to the individual(s) or department designated as being primarily responsible for having achieved the award. This has been presented to **Pima County Finance and Risk Management Budget Division**.

There are over 1,700 participants in the Budget Awards Program. The most recent Budget Award recipients, along with their corresponding budget documents, are posted quarterly on GFOA's website. Award recipients have pioneered efforts to improve the quality of budgeting and provide an excellent example for other governments throughout North America.
