Item 8 Recommendation for Additional Sick Leave for Those Negatively Affected by the April 2020 Stay-At-Home Order

Is this an instance of preferred treatment? Employees who chose not to be vaccinated found their health insurance premiums raised and/or were terminated. Now you want to give an additional sick leave (80 hours to full time and 40 hours to part time) to employees. The pandemic affected everyone in different ways. Let's now work on moving forward with our new normal. Precedences like this should be avoided.
