I request the following comment becomes part of the Agenda for the Board of Supervisors Meeting of Tuesday, May 3, 2022.

Item 12 Sustainability Action Plan for County Operations

Kudos for what's been accomplished without big changes in funding, personnel, and assigned responsibility. Shows what can be done - now continue the same without additional funding and personnel. Seems there is no need to lengthen the timeline - we have several years left. All county employees should be made aware of the goals and it automatically becomes a responsibility of theirs. Focus should be to - Reduce Water Use 15% (Water Target 5) and reduce landfill waste and increase use of preferred products (Materials 22 - 24)

Addendum Item 15/Office of Sustainability should note that support for or opposition to the Paris Climate Accords is unnecessary - this is an action item, not a flag-waving event.

Gail Ault

I am a legal resident and voter living in Pima County, and I would like to submit my comments to the Board of Supervisors.

S. Price
[REDACTED]

Item #15, Addendum #1

At this time of hardship (soaring cost of gas, food, etc. along with the invasion at our boarder) for the citizens of Pima County, we have far more important issues than climate change. I do not support the proposed resolution #25 to support Paris Climate Agreement.

VOTE NO

Following are my comments for the Board of Supervisors' meeting May 5, 2022

Addendum 1 Item #15 Paris Climate Agreement Resolution #25

VOTE NO. Pima County also needs to evaluate all direct and indirect costs related to the Climate Change Action Plan. Pima County does not have unlimited County funds and should not continue to be a funnel for any and all of the federally funded policies promoting projects that do not directly BENEFIT our Pima County tax paying community. It's time you step back and look at the total funds you are filtering through to the non government organizations. You already know them because you vote in favor of them every month. What are you doing for the taxpayers who want a safer community, greater economic opportunities, and a secure border where we don't worry about the drug cartel, sex trafficking, illegal migration, and exposure to various diseases coming into Pima County and other points beyond. What's happening here? In 2010 our population was 981,649 now about 1,043,333 a population growth of 6% in 12 years. Our Pima County Budget in 2009-2010 was \$1,435,652,978 and in 21/22 it was \$2,115,600,207 for a increase of 47,3%. What's happening here? What are you doing? As we approach the budgeting session I hope you wake up and provide for Pima County, And I hope our tax paying residents wake up and start holding you accountable. Listen to us, our voices matter!!
