To All,

Please vote "NO" on any COVID 19 vaccine requirements. No one should be forced to get something injected into their bodies that they don't want, especially since they are experimental, have never been used on humans, have no data on the long term effects, and to some, they are immoral. If the survival rate of covid is over 99%, then why is a shot needed? It doesn't keep you from getting it or spreading it. Actually, the data that is coming out and that has been reported shows that these "vaccines" are dangerous; they can cause death and have caused many adverse reactions. Below are some recent headlines:

**VAERS reveals massive increase in fetal deaths, following maternal COVID injection**

**Updated VAERS data show the number of COVID jab-induced injuries and death toll continue to rise**

**The damage continues: Data released by the CDC in early November reveals STARTLING number of injuries, deaths in people who got COVID shot**

**Data shows risks of mRNA COVID jabs far outweigh benefits for most people**

Please vote NO!

Sincerely,  
Chris Torgerson

Dear Supervisors,

I understand that you will soon be voting on a vaccine mandate for County employees. My opinion is based upon the opinions of at least 25 medical doctors and medical researchers. Please see my attached notes. You most likely do not have time to read/view all the web links. But a quick perusal of the titles of the articles and videos clearly show that the benefits of the jab are questionable, if they are not dangerous and life-threatening.

I encourage you to vote NO on any vaccine mandate. You do believe in "My Body, My Choice" - don't you?

Sincerely,  
Robert G. Kahl
