There has been an untenable number of migrants coming into our community. We will not reward this illogical behavior by allowing our county BOS to give more money to transient housing. You don't even have enough money to function the growing number of activities you have already promised to manage. There is NO MORE MONEY. You are just going to have to tell the migrants we have no more resources for them to come live, free to them, in our community. Putting more money into this failing plan is actively telling the local citizens all of their hard work to not be a burden on society is pointless because anyone can just come into our nation and get everything for free.

Vote NO to transfer more money into transient lodging.

Sincerely,

Elizabeth McGwire
