I know this is after the cut-off for tomorrow's BOS meeting, but I will send just the same since I just received notice of all the travesties under review.

There is a definite disconnect between the majority of BOS members and the majority of your constituents. It is definitely intentional. Some items are troubling; most should be illegal.

Troubling: more property tax increases

Our taxes are higher than many American cities in much wealthier areas. We are much higher even than Scottsdale. And we see very little benefit except thinner wallets. Please do not hurt your constituents any more than you already have. No increases are needed.
