I know this is after the cut-off for tomorrow's BOS meeting, but I will send just the same since I just received notice of all the travesties under review.

Should be illegal: dysfunctional voter cards

All of Europe is laughing at how the USA has such poor management of our voting system. They do NOT allow mail in ballots because that always leads to fraud. They look to us for what NOT to do. Voter records should be purged of all dead, duplicate and illegal names.

Thank-you Supervisor Christy for discovering this problem.
