Please add the following to the 6/6/2922 meeting

Regarding Addendum 1:

2. COVID-19 Employee Mandates

Discussion/Direction/Action regarding the current COVID-19 vaccination mandates for Pima County employees.

It's time the county look at the real science since both Fauci and Walensky admit to errors in their previous communications. Those who have not been vaccinated but had covid are much better off than the vaccinated. They should pay less in county health care premiums than the vaxed who very possibly will have serious cardio conditions. The county discrimination against current and former employees was unconscionable.

Additionally it's time to eliminate the March 12, 2022, masking requirements and allow individuals to choose to mask or not.

Regarding Addendum 1: HUMAN RESOURCES

29. Revisions to Personnel Policy

Special Leaves of Absence with Pay.

Attachments. Cesar Chavez Day is a specific day - as is Juneteenth. If the Juneteen holiday is following the Chavez example WHY would the employee get to choose any day in June?? Change the personnel policy to read June 17!
