Item 15. COVID-19 Vaccination Requirements for Pima County Employees Hurrah on ending the administrative requirement for the documentation of COVID-19 vaccination status for employment with Pima County. Based on what we now know about the misinformation circulated about this non-vaccine shot it's more than time to stop discriminating against those who choose not to take the shot.

That said, it is totally discriminatory to put the second statement into effect. (vaccinated employees who provide yearly documentation of COVID-19 booster vaccination receive an additional 16 hours of paid leave.) STOP the discrimination now.

Meeting 09-20-22 Agenda Item #15 COVID-19 Requirements for Pima County Employees

Yes of course you should get rid of the employment requirements for COVID vaccinations and boosters. If you are willing to read any of the latest medical data, these vaccinations and boosters are not a solution nor a prevention. And bribing employees with more paid leave to provide documentation of current vaccination or booster is an affront to employees' dedication working for Pima County and another method for you to divide employees into "us and them". **Rephrase Item #15** and remove the 16 hour bribe then only approve removing employment requirements for vaccinations and boosters.

Hello

I'm a full-time resident of Quail Creek and a registered voter in Pima County. The following are my comments for the 9/20/22 meeting.

Regarding Meeting on 9/6/22 Addendum 1 - Item no. 3. I am strongly opposed to having any of our voter information process off our sites. Do not allow outside contractor to manage our voting records. We have had enough problems with our election processes here in Pima County. We want our votes to stay in our facilities. VOTE NO on this item. Hopefully our Recorder can handle this because it's what she was elected to do.

Regarding Agenda Item #15 on the 9/20/22 Agenda. It is now past time for Pima County to remove all COVID mandates. Do not offer 16 hour paid leave for time off. We have had more than enough of this type of incentive. VOTE NO on Item 15.

Respectfully submitted by
Sarah Price
