DEC 20 22 08:00 POC\KJF-BD

BOS meeting December 20, 2022

- **Agenda Item #8: Discussion and Legal Advice on Memo Re: State Firearm Preemption Laws Executive Session**

May I remind you all that the state of Arizona has established gun laws and local jurisdictions cannot make up their own. In 2017, the Arizona State Supreme Court ruled in the State's favor, causing the City of Tucson to repeal an ordinance that was in violation of the state statute. Stop overreaching, especially when crime is up in Pima County.

- **Consent Item #4: EMS Leasing Company, L.L.C., FEMA EFSP Humanitarian Relief Fund**
How many more buildings are you planning to rent to hold the "legal asylum seekers" while we have American citizens living in the streets and in the desert this winter. We are needing a report on how many "legal asylum seekers" Tucson is currently housing, and how many more they plan to house using this 65,250 square foot building on 8.25 acres. We deserve to see monthly reports on the number of "legal asylum seekers" that are coming through Tucson.

- **Consent Item #10: Award Amendment of Award: Master Agreement No. MA-PO-22-26, Amendment No. 4, AAA Cab Service, Inc., d.b.a. AAA Full Transportation, to provide for short distance transportation services for asylum seekers.**
Where do these "asylum seekers" get transported to? Is this transportation service for the "asylum seekers" to go shopping? What limitations are set with this transportation service? We ask for a report on the number of paid transportation services and details on how these transportation services are actually used.

- **Consent Item #21: Acceptance - Grants Management and Innovation Federal Emergency Management Agency (FEMA), Emergency Food and Shelter Program (EFSP).**

Please provide a detailed breakdown of how much money has been granted from various federal agencies for humanitarian aid for “asylum seekers” since 2020. Also an annual report of the cost per asylum seeker so that Pima County residents can see these numbers and be able to put this situation into perspective. Are there any long-term plan to provide for the volume of people immigrating into Arizona and the United States in general in the face of a worsening economic situation and increasing homeless population made up largely of our own citizens?

- **Consent Item #22: Acceptance - Grants Management and Innovation Federal Emergency Management Agency (FEMA), Emergency Food and Shelter Program (EFSP), National Board, Amendment No. 3, to provide for the FEMA, EFSP, Humanitarian Relief.**

Provide a detailed breakdown of how much money has been granted from various federal agencies for humanitarian aid for “asylum seekers” since 2020. Also an annual report of the cost per asylum seeker so that Pima County residents can see these numbers and be able to put this situation into perspective. We ask you to review the case of Rajneeshpuram in which thousands of homeless people were invited into the community so that they could vote, only to later be cast aside when they had served their purpose:
<https://99percentinvisible.org/episode/rajneeshpuram/>

- **Addendum Item #3: 2022 General Election** Supervisor Steve Christy, we thank you for requesting a discussion on the 2022 General Election. The rest of the BOS, please have a discussion and take action regarding the After-Action Reports prepared by the Pima County Elections Director and Recorder.

Please keep the best interest of residents of Pima County first and foremost. We are the people you serve and should be listening to first. This IS in the sworn oath you took. We are watching more and more.

Regards,

Karen Roellig
