Regarding agenda item# 34 IGA for May 16, 2023, Special Election.

This Intergovernmental agreement is a complete waste of City of Tucson's taxpayers' money.

The City of Tucson has two more elections (Primary and General) this year, again wasting of City of Tucson taxpayers' money.

Why are we wasting time and taxpayers' money for these off-cycle elections?

We have elections every two years in Cities (not Tucson!), in Counties, in the State of Arizona, and in Federal elections. More people vote in person or by mail in the standard election cycle, which is every 2 years.

I say, Tucson's Mayor Romero and the City Council must be afraid that they will lose the election, if they didn't do it off cycle and make it mail-in ballots only! There is less interest, less participation, and less scrutiny and that's what they count on. That's the only way these people can get in.
