Following are my comments for the 5-16-23 Board of Supervisors Meeting**

**Agenda Item #39 Acceptance Wastewater Surveillance for SARS COV-2  
3/2023 thru 7/2023 GTAW/\$9,988.00**

Dr T. Cullen requested to participate and approve funding or she will lose the funding for this project. The CDC grant began in March 2023 and ends July 31 2023. So many of the months of work has already been provided without approval – OR next she will ask for an extension so they can research ?? and spend the money before expiration. IF this surveillance project was so important then she should get her ducks in order and provide the paperwork in a timely manner. Such an obvious game. Dr. Cullen needs to be more creative and figure out how to move funds around without adding another useless project being approved. **VOTE NO**

**God Bless America**
