Subject: Mosaic Quarter Project

To the Clerk of the Pima County Board of Supervisors, and all County Supervisors,

My name is Danny Plattner and I am the co-founder and operator of the Tucson Adult Hockey League, LLC. Our league has been in operation since 2007. Our first season we had 4 teams, and we are now at 22 teams! In addition, we are consistently at capacity with a waiting list. I am writing in support of the Mosaic Quarter Project. Not only on a selfish level, but community wide. Both of my adult children participated in sports throughout their youth and high school years, which had a huge impact on the people they are today. The Mosaic Foundation's vision of including all children to participate in sports "regardless of economic standing" is remarkable and will have a positive effect on generations of Pima County children (and their parents) for years to come. Frank Knott and I have established a great relationship over the past few years. Frank's vision and leadership are unmatched, and all of Southern Arizona will benefit greatly from the Mosaic Quarter Project.

Danny Plattner

Good afternoon- I just wanted to voice my support for the Mosaic Quarter Sports Complex project. This project would secure a greatly needed ice rink facility to UofA and to the burgeoning hockey community in Tucson.

Thanks so much for your consideration!

To whom it may concern,

I am 100% in full support of the Mosaic Quarter Ice Rink Project. I've been a member of the Tucson Hockey Community since I moved here from Michigan in 1994. I skated in the rink we had that opened in 1996 and closed in 2006. Since then, I've only been able to play hockey six or so months out of the year in Tucson. The TCC is our only place to play. During the summer months, I'm forced to play hockey in Chandler since the Tucson Convention Center removes the ice after the Roadrunners and Wildcat Hockey teams are done with their seasons. Please pass this project so all of us in the hockey community can continue to enjoy the sport we love and be able to introduce it to our children and families.

Thank you so much for your time and consideration.

Dear Clerk of the Board of Supervisors,

I am emailing to express my endorsement for the city to pass the proposed construction of a new ice rink facility in our community. As a resident and active member of this area, I believe that such a facility would bring numerous benefits to our community, both socially and economically.

Ice skating is a beloved activity for individuals of all ages, and having a dedicated facility in our area would provide our residents with a convenient and accessible venue to enjoy this sport. Furthermore, an ice rink facility would also serve as a hub for recreational activities, fostering a sense of community and providing a space for families and friends to gather and engage in healthy, active lifestyles.

In addition to the social benefits, the construction of an ice rink facility would also have positive economic implications for our community. Such a facility would attract visitors from neighboring areas, boosting local tourism and stimulating economic growth. Moreover, the operation of the facility would create job opportunities for residents, further contributing to our local economy.

Furthermore, the presence of an ice rink facility could also provide valuable opportunities for youth development and enrichment programs. From figure skating to ice hockey, the facility could host a variety of programs aimed at promoting physical activity, teamwork, and leadership skills among our youth. These programs would not only benefit the participants but also contribute to the overall health and well-being of our community.

I urge the Board of Supervisors to consider and support the construction of the new ice rink facility in Tucson. We are one of the largest cities in the United States without a full time ice rink.

Thank you for your attention to this matter, and I look forward to seeing the positive impact that this project will have on our community.

Sincerely,

Eric Holton

I am writing this email in support of the ice center proposal. I have been playing I've hockey in Arizona, mainly Tucson for over 30 years and the hockey community has needed a rink since the shutdown of the Iceoplex rink years ago. The number of players has increased steadily over the years and we are in dire need of a permanent facility and I am a HUGE supporter of and a player in the Tucson Adult Hockey League. I hope the Mosaic Quarter and the ice facility are going to be a new addition to the community.

Cheers
Todd Martin

To whom it may concern ,

Please ensure that the new construction of a Pima county permanent ice facility in Tucson happens! I will be a part of the new group who helps grow and build the youth hockey league here and bring so much joy and fun to our young kids and this wonderful community!

Hi folks,

Just dropping you a line to say how excited I am to have this moving forward. Keep up the good work!

Thanks,

-brad matheson
