Hi all

My name is Mike and i have played ice hockey in Tucson since 1990. It is a huge travesty that we are the largest city in America without a public ice rink and the state of youth and adult hockey in town have been sad since the gateway rink closed (even tho that place was a joke and deserved its fate).

Mosaic quarter needs to happen and fast. There is such a large youth league that i help officiate and they need more ice time. I also play in the adult leagues and being restricted to 840pm or later and only during the winter is awful.

Please approve the project It is needed.

Thanks

Pima County Clerk Of The Board Of Supervisors
33 N Stone Ave
Tucson, AZ 85701

To the Esteemed Board of Supervisors with Pima County, and good afternoon!

The reason I am writing to you is to urge for a "yes vote" on the Mosaic Quarter Project, on Tuesday, March 5.

As a native Tucsonan, I am proud to have called Southern Arizona my home for the last 36+ years and am elated at the rich and eclectic history this city holds.

For those of you who don't know, Southern Arizona is quickly becoming a hotbed for competitive hockey and has produced many great talents, some of whom are playing at some of the highest levels.

As someone who plays here in Tucson with the Tucson Adult Hockey League, the fun, exercise, and memories I have, are second to none. And a yes vote for the Mosaic Quarter would be impactful for so many reasons.

Beyond the economic boost you would see from establishing the Mosaic Quarter, your support is vital to the future progress, development, longevity, and success of this sport in Southern Arizona.

For those of us who have the pleasure of playing ice hockey here in Tucson, the opportunities are limited and also very logistically challenging. Not only do we share the ice with the Tucson Roadrunners, but also with the University of Arizona's men's club hockey team, fellow club teams, and perhaps most importantly, the Little Howlers (Tucson's youth hockey program).

In short, Tucson's growing hockey community is bursting at the seams, and we severely need more resources to support the sport and our close-knit community. Additionally, a center like the Mosaic Quarter would provide more exposure to our beloved sport and would allow more youth to be exposed to and participate in a tremendous game!

I implore you to do what is right and vote yes on the Mosaic Quarter Project this Tuesday!

Should you have any questions or require further information, please do not hesitate to contact me at

Thank you all for your time, consideration, and commitment to making an informed decision!

Kindest Regards,

Eric Townsend
