

PCBOS 3-5-2024 Remarks:

Leiann "Angie" Anderson Green Valley, AZ [REDACTED]

**We have an Illegal Invasion.** Tucson is the center of attention with NGO's financing the illegal invasion (with your dollars) due to the O'Keefe Media Group OMG activist James O'Keefe and Wisconsin Congressman Tim Tiffany. Watch for upcoming congressional committees and attention into how the Board of Supervisors is involved in funding the illegal invasion.

Administrator Leshner 2-14-24 Memo regarding financial status and departments over budget: "In conjunction with the remediation plans previously provided and my communication regarding fiscal responsibility for the remainder of this fiscal year, Finance will continue to work with Departments and provide updated remediation plans in March."

3-5-24 is the first March Board of Supervisor meeting and Item #10, however worthy it may appear, is looking into spending **FY24 Contingency funds \$400,000. When does fiscal responsibility begin in Pima County?**

Within the past week, criminal migrants have been arrested for—raping a woman in Florida —murdering a college student in Georgia —murdering a 2 year-old in Maryland —sexual assault against a minor in Virginia —Raping a 14 year old girl & stabbing a man in LA. Nobody is safe in Biden's America.

**Please tell me Supervisors, Are we safe here in Pima County considering Arizona's open border and your continued support of illegal migrants using our taxpayer funds?**
