Subject: Support for resolution concerning proposed Sierrita Pipeline

Dear Supervisor Bronson,

I understand that the Pima County Board of Supervisors will consider a resolution tomorrow concerning opposition to the western route of the proposed Sierrita Pipeline and establishment of a mitigation fund. Charley and I endorse this resolution, and sincerely hope that the Board of Supervisors take positive action on it tomorrow.

The Altar Valley Conservation Alliance and its many partners, including Pima County, have invested millions of dollars and countless hours into regional conservation endeavors in the Altar Valley. Thus far, Kinder Morgan and its affiliates have shown little to no regard for these efforts. It is thus critical that any organization with any permitting authority, such as Pima County, do all that it can to use its authorities to provide maximum protection and benefit for the ecological and human community that will be impacted by the proposed Sierrita Pipeline. The resolution you will consider tomorrow is thus a critical step in fortifying our region's opposition to the project and forcing Kinder Morgan to take full and lasting responsibility for its actions and impacts should this project be built.

Thank you for your ongoing support of Altar Valley watershed conservation work and the people who live and work out here.

Sincerely,

Mary and Charley Miller
