I am sorry that illness will prevent me from being at your Board's deliberations tomorrow morning on the bond proposal. I fully support it and urge your support as well. Government DOES provide us with many, many essentials and it has to be paid for. Thank you. Sherry Teachnor

Pima County Board of Supervisors

130 W. Congress

Tucson, AZ

Dear Supervisors:

Please approve the November bond election. We especially urge you to allocate the full proposed amount for open space. We have not had a bond issue to acquire open space since 2004. These bond monies acquired vital desert areas that would have been developed. One important acquisition with the 2004 bond money was the Sweetwater Preserve. It is heavily used by hikers and bicyclists. It is close to residents on the west side of town and can be reached quickly for a short hike.

With the city growing in population, it is more vital than ever that we have open space for people to enjoy the out of doors in a natural desert environment and for the protection of our birds and other wildlife. If open space is not made a priority, we may not have the chance to acquire these valuable lands.

Sincerely,

Richard and Anne Edwards

Dear Supervisors Miller, Valadez, Bronson, Carroll and Elias:

Please APPROVE putting the \$815,000,000 BOND PROPOSAL before the electorate next November.

I strongly believe this choice is an important one for voters to be able to make for themselves -- as our choices on each item will directly effect our quality of life in Pima County.

Thank you in advance for your thoughtful consideration in this matter.

Sincerely,

Johanna Lisa Jones
