

Petition to **VOTE NO** on the proposal to modify the "planned land use designation" for future rezoning of Tortolita Planning Area, Sections 16 & 17, Township 12 South, Range 13 East, also referred to as: IR-06 ARIZONA PISTACHIO, ET AL - SHANNON ROAD.

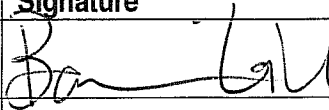

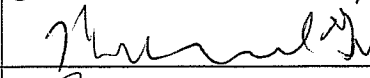

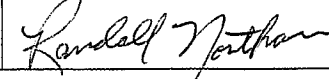

DO NOT
Change
Planned Land
Use
Designation

Growth and change are inevitable and can ultimately be a good thing. But growth that is out of control and is not planned will have major negative consequences for all who live here. A few of our concerns are: An Increase in traffic congestion; an Increase in noise and disturbances to the remaining residential homes; the cost to the taxpayers for infrastructure improvements including roadways, sewer systems, flood control system, and the like; decimating the wildlife and vegetation when a developer plows down the desert for a MIU subdivision.

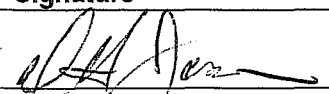

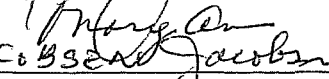

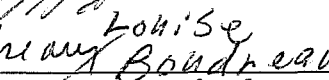

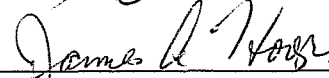

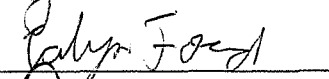

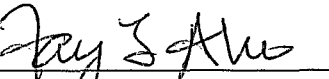

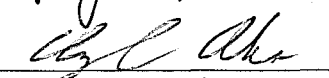

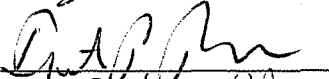

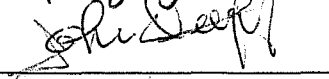

from Low
Intensity
Urban 0.3
(LIU 0.3) to
Medium
Intensity
Urban (MIU)
93 Acres +/- .

We, the undersigned, are concerned citizens who urge our leaders to act now to guarantee that the change and development that affect your current tax paying citizens happen in a way that ensures it is done responsibly and retains the quality of life that brought us to these neighborhoods in the first place. Opening the door to future rezoning of this property serves no benefit to the surrounding communities.

Keep this area designated as a Low Intensity Urban 0.3, which was what it was intended to be.
