

BOARD OF SUPERVISORS AGENDA ITEM REPORT

Requested Board Meeting Date: 07/05/2016

Title: Donation of deadlined Sheriff's Dept patrol vehicle to Pima County Joint Technical Educational District (JTED)

Introduction/Background:

The Sheriff's Department would like to donate a 2008 Ford Crown Victoria patrol vehicle that will be deadlined, because it has reached the end of its useful service life, to the Pima County JTED to support their Law, Public Safety and Security program.

Discussion:

The designated vehicle is a 2008 Crown Victoria patrol vehicle with approximately 137,000 miles. (G105FN / 116499)

The vehicle is a Sheriff's Department asset not a Fleet Services asset even though it is registered and titled under the BOS.

All Sheriff's Department striping, decals, and communications equipment would be removed. The light bar, push bars, prisoner screen, and center console would remain with the vehicle.

Current value of the vehicle from sale at auction is estimated to be \$1000.

Conclusion:

The Sheriff's Department believes that donating a former patrol vehicle will help to provide an opportunity for students to experience law enforcement and security training using real equipment to create a better understanding of our profession and some of the tools that we use every day.

Recommendation:

The Sheriff's Department is asking for Board approval and authorization to donate the patrol vehicle to the Pima County JTED training program as a community service.

Fiscal Impact:

\$1000 that would not be gained from sale at auction.
