

BOARD OF SUPERVISORS AGENDA ITEM REPORT CONTRACTS / AWARDS / GRANTS

Requested Board Meeting Date: June 6, 2017

or Procurement Director Award

Contractor/Vendor Name (DBA): Maddie's Fund

Project Title/Description:

Utilizing Trained Volunteers to Conduct Targeted Outreach on Responsible Pet Ownership

Purpose:

Maddie's Fund has made a generous grant to PACC so it can purchase supplies related to building a volunteer corps that will conduct targeted community outreach and education on responsible pet ownership. These educational materials, handouts, and teaching resources will be used when these specially trained volunteers visit the neighborhoods in Pima County from which PACC receives the highest numbers of sick, neglected, and unwanted pets.

Procurement Method:

N/A - Grant

Program Goals/Predicted Outcomes:

The goal of this project is to train at least ten solid volunteers who can conduct this important work, and to procure the supplies they need to succeed.

Public Benefit:

The residents of Pima County have made it clear that the welfare of animals in the county is a priority for them. At the same time, tax dollars are limited. This donation allows PACC to save more lives at no additional cost to the taxpayer.

Metrics Available to Measure Performance:

To quantify our success, we will track the number of volunteers we recruit and retain, as well as the number of community members they reach through their presentations, the type of location and venue they visited, and the topics they presented on. We will also track the number of pets being admitted from our targeted neighborhoods so we can identify if our programming is contributing to our ongoing pet-retention efforts.

Retroactive:

No.

innovation-grant-application - Pima Animal Care Center.pdf

Hi Candy, Natalie and Sharon:

Per the email below, we have received a \$5K grant from Maddie's Fund. I have attached the application we submitted back in January. On page 4 it says what we are going to do with the funds.

Thanks so much, Karen

Karen Hollish, Director of Development and Marketing Pima Animal Care Center 4000 N. Silverbell Rd. (520) 724-5984 (desk) / (520) 247-3649 (cell) Adopt, Volunteer, Give!

Subject: Maddie's Fund - Innovation Grant Approval

Dear Karen,

We are pleased to tell you that your Innovation Grant application for your Community Outreach (Pets for Life) project has been approved in the amount of \$5,000. Congratulations! We are proud to support Pima Animal Care Center's efforts on behalf of homeless dogs and cats. We will be mailing your check in the next 3 weeks to the address you provided on your application.

We thank you for your patience as we reviewed the nearly 500 applications we received. Our Innovation Grants are helping to fund projects at shelters, independent rescue organizations, non-profit clinics and TNR groups across the country that advance lifesaving and ultimately guarantee a healthy home or habitat for all dogs and cats. We applied your forward thinking and are excited to hear about the success of your new program!

In appreciation of this grant, please use the hashtag #ThanksToMaddie in any posts on social media about this grant or activities funded by this grant.

As your reporting requirement for this grant, we will be sending you a follow up survey via email in approximately six months to learn how your project went/is going. This will need to be completed within 30 days of receipt of the survey.

If you have any questions about this grant, please contact our Grants Team at grants@maddiesfund.org or 925.310.5450.

Congratulations, again, on receiving this grant! We wish you the best in your humane work.

Sincerely,

Kelly Clardy

	We aim to ta	ke in 150 fewer pets from the thre zip codes we target through this program.						
		ogram you're applying to implement (you must select one of the below categories or tion will not be accepted):						
	Community (Outreach (Pets for Life)						

MADDIE'S® INN Ö-VATION GRANTS

7. What are you trying to achieve and in what timeframe?

While it is a hallmark of many humane organizations, community outreach and humane education programming has never been a funded priority for our municipal shelter, which handles nearly 20,000 pets a year. We are lucky to have recently brought two outreach-minded leaders to our team: Gina Hansen, a veteran humane educator who oversees our volunteer program, and Adam Ricci, who's working to transform our enforcement arm into a progressive field services team. Gina and Adam share a desire to bring humane education to the areas of our community that need our help the most, especially the key zip codes -- 85705, 85706 and 85713 -- from which we receive the most surrendered pets, see the most leash law violations, and get the most reports of pet neglect and abuse. While Gina and Adam have endless passion and skills, they have almost no supplies or staff to do this job. With your support, we would build a robust team of volunteers who will have the supplies and training they need to serve as our humane education and outreach team. Working in collaboration with our Field Services Officers, these specially trained volunteers would visit schools and community groups to talk about humane pet care, pet safety, and other key animal-welfare issues facing our community. Your funds would underwrite the program's material costs, including modern curriculum materials, such as pet safety handouts, plush "example" pets, and the books used in our fledgling Read to a Dog Program; humane pet care giveaways such as leashes, collars and bowls; the costs for receiving Canine Good Citizen certification for ambassador dogs, who our volunteers can take to visits; and the costs for volunteer recruitment and training. We currently have no budget for any of these items, and your generosity would be greatly appreciated. We would begin the volunteer recruitment process as soon as we receive funding, and our volunteer training courses would launch within a month. Within three months of receiving funding, we would have outreach team members working in the community, and alongside our Field Services Officers, to promote responsible pet care.

8. How will you measure or evaluate your success?

To quantify our success, we will track the numbers of volunteers we recruit and retain, as well as the numbers of community members they reach through their presentations, the type of location and venue they visited, and the topics they presented on. We are currently receiving almost one inquiry a day from community groups and schools who want us to come discuss pet care, so we know we will be busy.

We will also track the numbers of pets being admitted from our targeted neighborhoods, so we can identify if our programming is contributing to our ongoing pet-retention efforts.

MADDIE'S® INN-Q-VATION GRANTS

If your application is approved, you agree to complete a survey 6 months after funding on how grant funds were spent and the results of implementing the selected lifesaving program.

Grant recipients will be asked to honor Maddie, the little dog who inspired a movement, through their social media and donor recognition about this grant on their website, donor wall, annual report, newsletter or other promotional materials or marketing communications, as appropriate.

Please submit this **completed** application form to <u>innovation@maddiesfund.org</u> between **February 6 - 13, 2017**. Incomplete applications will not be accepted.
