

BOARD OF SUPERVISORS AGENDA ITEM REPORT

Requested Board Meeting Date: August ²⁰~~7~~, 2018

Title: Revisions of Pima County Code, Title 10, Traffic and Highways, Chapter 10.40 Stopping, Standing and Parking Restrictions

Introduction/Background:

Pima County Department of Transportation periodically receives citizen requests regarding semi-trucks parking in dedicated Pima County road right-of-way. These requests are typically related to the trucks affecting the residential area character, causing noise, road or shoulder deterioration.

Discussion:

Pima County Code, Chapter 10.40 currently provides for parking prohibitions on signposted streets. It is not feasible to signpost each location where truck parking is determined to be undesirable as this practice can be costly in terms of labor, materials and staff time.

Conclusion:

Pima County Department of Transportation recommends approval of a blanket ordinance to prohibit truck parking on dedicated Pima County road right-of-way within or contiguous to land zoned or used primarily for single family or multi-family residential uses. Restricting the parking of vehicles over 20,000 pounds near residential properties will preserve the character of residential areas and reduce air pollution, excessive noise, impairment of access to residences, road or shoulder deterioration, and vehicle, bicycle or pedestrian conflicts. A blanket ordinance will reduce labor, materials and staff time associated with these requests, and will provide the Sheriff's Department with a means for enforcement.

Recommendation:

Pima County Department of Transportation recommends amending Pima County Code, Chapter 10.40 (Stopping, Standing and Parking Restrictions) by renaming Section 10.40.050 (Posted Prohibitions) and adding prohibitions and violations related to truck parking.

Fiscal Impact:

Minimal.
