To whom it may concern:

I would like to take a moment to express my support for Amanda Ortiz Moreno for Justice of the Peace, Pima County. I have known Amanda for approximately 6 years, both professionally and personally. As such, I have gotten a close up view of her unwavering support to those in our community. Amanda serves her community with a level of passion, dedication and impartiality that has truly inspired me. I don't know a more fair, impartial or compassionate person; or person who is more deserving of this honor. As an attorney she fights for Pima County families in crisis every single day. I have interacted with, and witnessed her service to the most vulnerable in our community professionally, and personally as I served alongside her on community service projects. Amanda would bring a level of professionalism and impartiality, coupled with a genuine passion that I believed is unmatched. It is my hope that she be allowed to take this dedication and professionalism to the next level of greater service on a much larger scale.

Thank you for considering such a dedicated individual.

To the members of the Pima County Board of Supervisors;..via the Honorable Sharon Bronson;

It is known that you are in the process of selecting a replacement for the retiring Justice of the peace in Precinct #9,... It has also been said that under consideration is former deputy pima county attorney... Kendrick Wilson Esq..(currently a prosecutor with the Pascua-Yaqui nation.)

This letter is to plead with you to give his appointment due consideration, during Kendrick's previous assignment to JP9 as the prosecutor, unequalled excellence is an accurate assessment of his skills, I know this first hand as having been called as an expert witness in a tragic case of animal neglect and abandonment.

I am certain that if you choose to select Kendrick to replace Judge Felix, the Nationally recognized (& imitated) and "ground-breaking" "Animal Welfare Court" will continue to have the previously noted positive effect on the recidivism of convicted Animal Cruelty suspects , and the continuing decline in serious acts of Violence towards animals and domestic partners in the home, as it rapidly becomes known that crimes such as these are taken very seriously, by the Justice courts in general, and yourselves in specific.... thus helping Law Enforcement, take positive reinforcement solutions to situations that used to baffle them.

Thanking you in advance!

Michael
