Julie,

This was not submitted to CLEPC because it is a grant amendment for the County Attorney's office. This is a modification only to increase funding for the County Attorney's salary portion of the HIDTA award. The Sheriff's Department Finance Section processes the administrative functions of the entire ONDCP/HIDTA grant to Pima County. We are not a Pass Through but because the Sheriff receives the largest portion of the annual grant, we accept the responsibilities for the administrative functions. This particular item does not go before CLEPC because the Sheriff's Department is not receiving any of the increased funding. Please see below as well for further.

Makes sense to me.

Russ,

Would you please communicate with Julie as to why this isn't going to CLEPC and to ensure it stays on the BOS addendum?

Thanks.

Good Afternoon-

This was not submitted to CLEPC because it is a grant amendment for the County Attorney's office. This is a modification only to increase funding for the County Attorney's salary portion of the HIDTA award. Our office processes the administrative functions of the entire ONDCP/HIDTA grant to Pima County. This involves submitting paperwork to the Board of Supervisors for approval, draw downs and financial reporting for all Pima County HIDTA participants that include County Attorney, Adult Probation and Sheriff. We are not a Pass Through but because the Sheriff receives the largest portion of the annual grant, we accept the responsibilities for the administrative functions. I don't believe it should go through CLEPC because the Sheriff is not receiving any of the increased funding.

Please let me know if you have any questions.

Thanks.

Julia

Document indicates funding for PCAO through HIDTA. Are we a pass-through in that respect? Is this something that should go to CLEPC?
