

FLOOD CONTROL DISTRICT BOARD MINUTES

The Pima County Flood Control District Board met in special and regular session at their regular meeting place in the Pima County Administration Building (Hearing Room), 130 West Congress Street, Tucson, Arizona, at 9:00 a.m. on Tuesday, June 18, 2019. Upon roll call, those present and absent were as follows:

Present: Richard Elías, Chairman
Ramón Valadez, Vice Chair
Sharon Bronson, Acting Chair
Ally Miller, Member
Steve Christy, Member

Also Present: Chuck Huckelberry, County Administrator
Andrew Flagg, Chief Civil Deputy County Attorney
Julie Castañeda, Clerk of the Board
Eric Thompson, Sergeant at Arms

TRUTH IN TAXATION AND FINAL BUDGET HEARING

1. Truth in Taxation Hearing

Pursuant to A.R.S. §48-254, conduct a public hearing on proposed expenditures and the District's intent to raise the secondary property taxes over last year's level.

(Clerk Note: See Flood Control District Minute Item Nos. 2 and 3, for further discussion and action regarding this item. Discussion of this item was in conjunction with Board of Supervisors Minute Item No. 12.)

Keith Van Heyningen addressed the Board regarding the budget.

It was moved by Chairman Elías and seconded by Supervisor Valadez to close the Truth in Taxation public hearing. Upon roll call vote, the motion unanimously carried 5-0.

2. Final Budget Hearing

Flood Control District Final Budget for Fiscal Year 2019/2020. If approved, pass and adopt: RESOLUTION NO. 2019 - FC3

Keith Van Heyningen addressed the Board regarding the budget.

It was moved by Supervisor Valadez and seconded by Chairman Elías to close the public hearing, adopt the Flood Control District Final Budget in the amount of \$16,914,213.00 with an effective tax rate of \$0.3335, and adopt Resolution No. 2019 – FC3. No vote was taken at this time.

Supervisor Miller addressed the Board indicating that her proposal was for an overall tax neutral budget. She stated that there were three components proposed for reducing taxes: the Library District, the Flood Control District and the Primary. She indicated that the bottom line would be a zero increase to taxpayers. She clarified that this was not a revenue neutral proposal but a tax neutral proposal.

Supervisor Valadez inquired whether the definition was outside of the statutory definition.

Supervisor Miller responded that it was not Truth in Taxation (TNT) neutral but tax neutral to the taxpayer. She summarized the Board's previous discussion indicating that her original proposal had included the Library District, but the Board expressed the need to increase those taxes in order to sustain the library's operations. She indicated that she agreed with that direction and asked that the Board find ways to reduce expenses among the other components. She stated that the proposal included maintaining the same level of safety and services for the Flood Control District. She indicated that a potential for decreases was in the Regional Flood Control District's \$8.4 million increase for capital projects. She stated that the analysis provided by the County Administrator indicated that by reducing the Flood Control District's rate and levy neutrality could be achieved and easily executed. She stated that would result in delaying or eliminating projects allocated within the \$8.4 million Flood Control District increase. She asked the Board to consider identifying those projects that could be placed on hold to achieve tax neutrality. She indicated that one of her proposals was reducing the use of Certificates of Participation (COPs), but it was clear that would impact transportation funding, so that recommendation was tabled. She added that the Board should consider discontinuing utilizing COPs once the Pay-as-You Go (PAYGO) fund was established and sustainable. She indicated that another proposal was utilizing monies in the fund balance. She stated that in order for the County to maintain its bond rating, \$34 million had to be maintained in the fund balance. She stated with the expected deduction for employee salary increases, \$1.4 million liability for the DTAP program and the Superintendent of Schools Accommodation District expenses, there was \$2 million available in the fund balance to use towards a tax neutral budget. She added that the County's bond rating would not be impacted. She stated that the analysis provided with regards to object codes indicated that reductions were not significant enough to consider. She stated that without the inclusion of these options to create a tax neutral budget she considered vacancies. She indicated that the County Administrator's analysis addressed the complexity involved in reducing attrition, and that budgeting vacancy savings could create a budget hold that would need to be addressed the following year. She suggested using the vacancies to produce expenditure savings and implementing a hiring freeze to reduce expenditures. She added that freezing 1,000 positions would result in a \$4.16 million reduction per month.

Supervisor Bronson asked for clarification on the reduction and time period for the proposed hiring freeze.

Supervisor Miller responded that she was recommending a two month period which totaled approximately \$6 million in savings. She also recommended freezing only half

of the vacant positions for a longer period to realize an equal savings amount. She indicated that if the Board considered the \$8.4 million from Regional Flood Control District, \$2 million from the general fund balance, and instituted a hiring freeze, a tax neutral budget could be implemented without significant impacts. She stated that the County Administrator's analysis also indicated that the debt services would be decreasing for Fiscal Year 2020 and that would present more options for funding. She proposed that the Board take more time for discussion and analysis since they had until August 5, 2019 to pass the final budget.

Supervisor Bronson inquired about the consequence and legality of the Board continuing the budget discussions.

Andrew Flagg, Chief Civil Deputy County Attorney, responded that the Board had legal authority, under the open meeting law statutes, to recess and hear the item on a future date. He indicated that in order to comply with the statutory requirements of the TNT hearing he recommended the final budget adoption and the TNT hearing be postponed simultaneously.

Supervisor Christy commended Supervisor Miller on her analysis and conveyed his support. He stated that previously the Board discussed pay increases for deputies, the accumulation of money in the general fund for road repairs (\$5 million), PAYGO tax rate accommodation and the Library District. He inquired whether funding for those recommendations were included in her proposal.

Supervisor Miller responded that the pay raises were included in the budget and she was not recommending removal. She indicated that the PAYGO was scheduled to begin next year and the County Administrator proposed that half of the debt service savings be used to fund the PAYGO and the other half be used to reduce the primary rate. She stated that her proposal had included reducing the County use of COPs, but the County Administrator's analysis indicated that would impact the \$5 million per year for road repair. She added that recommendation was removed.

Supervisor Christy inquired about the tax rate reduction.

Supervisor Miller responded that the primary rate would be reduced by 17 cents and half would be used to fund the capital projects PAYGO program and the other half to reduce rates.

Supervisor Christy inquired about the tax rate bottom line.

Supervisor Miller responded that she did not have all the calculations but estimated that \$10.6 million was needed for a bottom line that was tax neutral.

Supervisor Christy asked that the motion be restated.

Chairman Elías responded that the motion was to approve the Flood Control District budget, including Resolution No. 2019-FC3.

A substitute motion was made by Supervisor Miller to close the public hearing and continue the Flood Control District Board public hearing to July 2, 2019.

Supervisor Bronson recommended not closing the public hearing.

Supervisor Miller restated her substitute motion to continue the public hearing of the Flood Control District Board Final Budget for Fiscal Year 19/20 to the Board of Supervisors' Meeting of July 2, 2019. The motion was seconded by Supervisor Christy. No vote was taken at this time.

Supervisor Valadez expressed concern that the Board did not have adequate information regarding the interpretation of the term "property tax neutral." He stated \$10 million in the overall budget needed to be identified to accomplish neutrality, but it was ironic that the state-shared revenues had increased approximately \$9.2 million, because of a constitutional mistake by the Arizona Legislature and the retirement systems. He stated that part of the issue of the County moving away from utilizing COPs, was that expenditures would spike beyond the expenditure limit. He inquired whether the County would be required to do an override.

Mr. Flagg responded that would be constitutionally required.

Supervisor Valadez elaborated that under the Arizona Constitution, the issue would have to be placed on the next general ballot for authorization.

Supervisor Miller inquired whether that was related to discontinuing the use of COPs.

Supervisor Valadez replied that it did relate to the use of COPs.

Supervisor Miller indicated she had removed COPs from her proposal because the expenditure limit was impacted and using COPs exempted the County from the expenditure limitation.

Supervisor Valadez reiterated that due to the lack of a definition for "property tax neutrality" there was confusion. He stated that he was concerned that a property tax neutral budget would impact PAYGO or present other issues. He indicated that the Board was still required to conduct TNT hearings because the deficit could not be transferred from one area to another. He added that without a defined interpretation he could not make a decisive decision.

Supervisor Miller indicated that her motion to continue the item was so that it could be studied, analyzed and discussed further.

Chuck Huckelberry, County Administrator, stated that the proposal was an aggregate of all the property taxes totaling approximately \$10.7 million. He clarified that the proposal included \$8.4 million from the Flood Control District, and \$2 million from the fund balance.

Supervisor Miller indicated that was one of the possibilities and implementing a hiring freeze was another. She added that it would depend on whether the entire \$8.4 million from the Flood Control District could be used.

Mr. Huckelberry indicated that dropping the \$8.4 million from the Flood Control District would reduce the tax rate by 10 cents, from 33 cents to 23 cents. He stated that variable transfers from the Flood Control District were related to project development and the Flood Control District Capital Programs would cease and it would take years to replenish. He stated that some of the dangers were how and when do we replenish the program and what would be the right year to implement the PAYGO. He indicated that his proposal was to gradually build on the PAYGO by taking half of the 17 cents saving from debt service and applying it to the PAYGO program and that would allow the levy to remain the same. He indicated that one of the analysis provided was a review of Maricopa County's capital program for their PAYGO program. He indicated that Maricopa County had \$269 million, which was a significant amount, but looking back it was because Maricopa had held their rates constant, regardless of growth in assessed value, and they have been able to basically build their capital PAYGO program significantly. He indicated that the County's goal was less aggressive, it was anticipated to be \$50 million within five years. He indicated that these adjustments were possible, but consideration should be given on how to rebalance next year.

Supervisor Miller inquired whether the percentage of debt service savings could be increased to accelerate the PAYGO funds and whether additional HURF funding could be used for roads. (Supervisor Miller provided a handout of her analysis.)

Mr. Huckelberry responded that the PAYGO could be accelerated, but the issue would be whether taxpayers would realize a difference.

Supervisor Miller stated that if the County was able to maintain tax neutrality and use some of the funding for road repairs the taxpayer would be appreciative.

Supervisor Valadez asked that Supervisor Miller's handout be included as part of the record. He then inquired whether Supervisor Miller's calculation directed 100% of debt service reduction to be applied to the PAYGO.

Supervisor Miller replied in the affirmative.

Supervisor Valadez inquired which year this would take effect.

Supervisor Miller responded that the scenarios were ran for Fiscal Year 20/21. She indicated that the County Administrator cautioned the Board about utilizing 100% and having to conduct another Truth in Taxation hearing.

Supervisor Valadez directed the County Administrator to develop a PAYGO plan, for ratification by the Board, which included dollar amounts, project descriptions, implementation processes, project timelines, and transparency. He indicated that once the plan was developed, under the proposed budget, the Board should examine the implications discussed and how the plan could be further developed. He added that this will allow the Board the opportunity to make a better decision and know exactly what the impacts would be.

Chairman Elías also directed that an administrative procedure be developed for the PAYGO plan to ensure equity for all supervisorial districts.

Supervisor Christy indicated that the success of the entire budget was dependent on where the primary property tax rate is set. He stated that the tax rate needed to be set in order to accommodate a successful PAYGO and benefit the taxpayers.

Mr. Huckelberry provided clarification on vacancy savings and attrition. He indicated that some of the problems were that departments hoarded PCNs for the purposes of padding their budget. He indicated that attrition hurt the smaller departments and needed to be done carefully because it could drive the County into a budget hole. He added that hiring freezes were difficult to implement.

Chairman Elías expressed concern over the proposal's realistic impact. He stated that attrition would progress naturally because positions could not be filled and the money will be realized in the fund balance at the end of the year. He indicated that the County's failure to properly compensate employees resulted in many employees leaving the County because they did not see improvement. He added that he had some trepidation with the PAYGO plan because of the tax equity in the districts.

Chairman Elías called for a roll call vote on the substitute motion. Upon roll call vote, the motion carried 4-1, Chairman Elias voted "Nay."

Mr. Flagg indicated that in order to comply with the statutes the Board would need to continue all three TNT hearings on the agenda. He suggested that the Board vote to reconsider Flood Control District Minute Item No. 1.

3. Request for Reconsideration – District 2

On June 18, 2019, the Board of Supervisors approved the following:

Pursuant to A.R.S. §48-254, conduct a public hearing on proposed expenditures and the District's intent to raise the secondary property taxes over last year's level.

It was moved by Chairman Elías and seconded by Supervisor Valadez to close the Truth in Taxation public hearing. Upon roll call vote, the motion unanimously carried 5-0.

Andrew Flagg, Chief Civil Deputy County Attorney, stated that in order to comply with statutes, a motion for reconsideration was needed to continue the Truth in Taxation public hearing.

It was moved by Supervisor Valadez and seconded by Supervisor Miller to continue the Flood Control District Truth in Taxation public hearing to the Board of Supervisors' Meeting of July 2, 2019. Upon the vote, the motion carried 4-1, Chairman Elías voted "Nay."

Keith Van Heyningen addressed the Board regarding the budget.

It was moved by Chairman Elías and seconded by Supervisor Bronson to close the Truth in Taxation public hearing. Upon roll call vote, the motion unanimously carried 5-0.

BOARD OF SUPERVISORS

12. Final Budget Hearing

Final Budget for Fiscal Year 2019/2020. If approved, pass and adopt:
RESOLUTION NO. 2019 - 48

It was moved by Supervisor Valadez and seconded by Supervisor Bronson to continue the Final Budget public hearing and adoption to the Board of Supervisors' Meeting of July 2, 2019. Upon roll call vote, the motion carried 4-1, Chairman Elías voted "Nay."

(Clerk's Note: The following discussion took place during Flood Control District Minute Item No. 2 and is related to this Item.)

Supervisor Miller addressed the Board indicating that her proposal was for an overall tax neutral budget. She stated that there were three components proposed for reducing taxes: the Library District, the Flood Control District and the Primary. She indicated that the bottom line would be a zero increase to taxpayers. She clarified that this was not a revenue neutral proposal but a tax neutral proposal.

Supervisor Valadez inquired whether the definition was outside of the statutory definition.

Supervisor Miller responded that it was not Truth in Taxation (TNT) neutral but tax neutral to the taxpayer. She summarized the Board's previous discussion indicating that her original proposal had included the Library District, but the Board expressed the need to increase those taxes in order to sustain the library's operations. She indicated that she agreed with that direction and asked that the Board find ways to reduce expenses among the other components. She stated that the proposal included maintaining the same level of safety and services for the Flood Control District. She indicated that a potential for decreases was in the Regional Flood Control District's \$8.4 million increase for capital projects. She stated that the analysis provided by the County Administrator indicated that by reducing the Flood Control District's rate and levy neutrality could be achieved and easily executed. She stated that would result in delaying or eliminating projects allocated within the \$8.4 million Flood Control District increase. She asked the Board to consider identifying those projects that could be placed on hold to achieve tax neutrality. She indicated that one of her proposals was reducing the use of Certificates of Participation (COPs), but it was clear that would impact transportation funding, so that recommendation was tabled. She added that the Board should consider discontinuing utilizing COPs once the Pay-as-You Go (PAYGO) fund was established and sustainable. She indicated that another proposal was utilizing monies in the fund balance. She stated that in order for the County to maintain its bond rating, \$34 million had to be maintained in the fund balance. She stated with

the expected deduction for employee salary increases, \$1.4 million liability for the DTAP program and the Superintendent of Schools Accommodation District expenses, there was \$2 million available in the fund balance to use towards a tax neutral budget. She added that the County's bond rating would not be impacted. She stated that the analysis provided with regards to object codes indicated that reductions were not significant enough to consider. She stated that without the inclusion of these options to create a tax neutral budget she considered vacancies. She indicated that the County Administrator's analysis addressed the complexity involved in reducing attrition, and that budgeting vacancy savings could create a budget hold that would need to be addressed the following year. She suggested using the vacancies to produce expenditure savings and implementing a hiring freeze to reduce expenditures. She added that freezing 1,000 positions would result in a \$4.16 million reduction per month.

Supervisor Bronson asked for clarification on the reduction and time period for the proposed hiring freeze.

Supervisor Miller responded that she was recommending a two month period which totaled approximately \$6 million in savings. She also recommended freezing only half of the vacant positions for a longer period to realize an equal savings amount. She indicated that if the Board considered the \$8.4 million from Regional Flood Control District, \$2 million from the general fund balance, and instituted a hiring freeze, a tax neutral budget could be implemented without significant impacts. She stated that the County Administrator's analysis also indicated that the debt services would be decreasing for Fiscal Year 2020 and that would present more options for funding. She proposed that the Board take more time for discussion and analysis since they had until August 5, 2019 to pass the final budget.

Supervisor Bronson inquired about the consequence and legality of the Board continuing the budget discussions.

Andrew Flagg, Chief Civil Deputy County Attorney, responded that the Board had legal authority, under the open meeting law statutes, to recess and hear the item on a future date. He indicated that in order to comply with the statutory requirements of the TNT hearing he recommended the final budget adoption and the TNT hearing be postponed simultaneously.

Supervisor Christy commended Supervisor Miller on her analysis and conveyed his support. He stated that previously the Board discussed pay increases for deputies, the accumulation of money in the general fund for road repairs (\$5 million), PAYGO tax rate accommodation and the Library District. He inquired whether funding for those recommendations were included in her proposal.

Supervisor Miller responded that the pay raises were included in the budget and she was not recommending removal. She indicated that the PAYGO was scheduled to begin next year and the County Administrator proposed that half of the debt service savings be used to fund the PAYGO and the other half be used to reduce the primary rate. She stated that her proposal had included reducing the County use of COPs, but the County Administrator's analysis indicated that would impact the \$5 million per year for road repair. She added that recommendation was removed.

Supervisor Christy inquired about the tax rate reduction.

Supervisor Miller responded that the primary rate would be reduced by 17 cents and half would be used to fund the capital projects PAYGO program and the other half to reduce rates.

Supervisor Christy inquired about the tax rate bottom line.

Supervisor Miller responded that she did not have all the calculations but estimated that \$10.6 million was needed for a bottom line that was tax neutral.

Supervisor Christy asked that the motion be restated.

Chairman Elías responded that the motion was to approve the Flood Control District budget, including Resolution No. 2019-FC3.

A substitute motion was made by Supervisor Miller to close the public hearing and continue the Flood Control District Board public hearing to July 2, 2019.

Supervisor Bronson recommended not closing the public hearing.

Supervisor Miller restated her substitute motion to continue the public hearing of the Flood Control District Board Final Budget for Fiscal Year 19/20 to the Board of Supervisors' Meeting of July 2, 2019. The motion was seconded by Supervisor Christy. No vote was taken at this time.

Supervisor Valadez expressed concern that the Board did not have adequate information regarding the interpretation of the term "property tax neutral." He stated \$10 million in the overall budget needed to be identified to accomplish neutrality, but it was ironic that the state-shared revenues had increased approximately \$9.2 million, because of a constitutional mistake by the Arizona Legislature and the retirement systems. He stated that part of the issue of the County moving away from utilizing COPs, was that expenditures would spike beyond the expenditure limit. He inquired whether the County would be required to do an override.

Mr. Flagg responded that would be constitutionally required.

Supervisor Valadez elaborated that under the Arizona Constitution, the issue would have to be placed on the next general ballot for authorization.

Supervisor Miller inquired whether that was related to discontinuing the use of COPs.

Supervisor Valadez replied that it did relate to the use of COPs.

Supervisor Miller indicated she had removed COPs from her proposal because the expenditure limit was impacted and using COPs exempted the County from the expenditure limitation.

Supervisor Valadez reiterated that due to the lack of a definition for "property tax neutrality" there was confusion. He stated that he was concerned that a property tax neutral budget would impact PAYGO or present other issues. He indicated that the Board was still required to conduct TNT hearings because the deficit could not be transferred from one area to another. He added that without a defined interpretation he could not make a decisive decision.

Supervisor Miller indicated that her motion to continue the item was so that it could be studied, analyzed and discussed further.

Chuck Huckelberry, County Administrator, stated that the proposal was an aggregate of all the property taxes totaling approximately \$10.7 million. He clarified that the proposal included \$8.4 million from the Flood Control District, and \$2 million from the fund balance.

Supervisor Miller indicated that was one of the possibilities and implementing a hiring freeze was another. She added that it would depend on whether the entire \$8.4 million from the Flood Control District could be used.

Mr. Huckelberry indicated that dropping the \$8.4 million from the Flood Control District would reduce the tax rate by 10 cents, from 33 cents to 23 cents. He stated that variable transfers from the Flood Control District were related to project development and the Flood Control District Capital Programs would cease and it would take years to replenish. He stated that some of the dangers were how and when do we replenish the program and what would be the right year to implement the PAYGO. He indicated that his proposal was to gradually build on the PAYGO by taking half of the 17 cents saving from debt service and applying it to the PAYGO program and that would allow the levy to remain the same. He indicated that one of the analysis provided was a review of Maricopa County's capital program for their PAYGO program. He indicated that Maricopa County had \$269 million, which was a significant amount, but looking back it was because Maricopa had held their rates constant, regardless of growth in assessed value, and they have been able to basically build their capital PAYGO program significantly. He indicated that the

County's goal was less aggressive, it was anticipated to be \$50 million within five years. He indicated that these adjustments were possible, but consideration should be given on how to rebalance next year.

Supervisor Miller inquired whether the percentage of debt service savings could be increased to accelerate the PAYGO funds and whether additional HURF funding could be used for roads. (Supervisor Miller provided a handout of her analysis.)

Mr. Huckelberry responded that the PAYGO could be accelerated, but the issue would be whether taxpayers would realize a difference.

Supervisor Miller stated that if the County was able to maintain tax neutrality and use some of the funding for road repairs the taxpayer would be appreciative.

Supervisor Valadez asked that Supervisor Miller's handout be included as part of the record. He then inquired whether Supervisor Miller's calculation directed 100% of debt service reduction to be applied to the PAYGO.

Supervisor Miller replied in the affirmative.

Supervisor Valadez inquired which year this would take effect.

Supervisor Miller responded that the scenarios were ran for Fiscal Year 20/21. She indicated that the County Administrator cautioned the Board about utilizing 100% and having to conduct another Truth in Taxation hearing.

Supervisor Valadez directed the County Administrator to develop a PAYGO plan, for ratification by the Board, which included dollar amounts, project descriptions, implementation processes, project timelines, and transparency. He indicated that once the plan was developed, under the proposed budget, the Board should examine the implications discussed and how the plan could be further developed. He added that this will allow the Board the opportunity to make a better decision and know exactly what the impacts would be.

Chairman Elías also directed that an administrative procedure be developed for the PAYGO plan to ensure equity for all supervisorial districts.

Supervisor Christy indicated that the success of the entire budget was dependent on where the primary property tax rate is set. He stated that the tax rate needed to be set in order to accommodate a successful PAYGO and benefit the taxpayers.

Mr. Huckelberry provided clarification on vacancy savings and attrition. He indicated that some of the problems were that departments hoarded PCNs for the purposes of padding their budget. He indicated that attrition hurt the smaller departments and needed to be done carefully because it could drive the County into a budget hole. He added that hiring freezes were difficult to implement.

Chairman Elías expressed concern over the proposal's realistic impact. He stated that attrition would progress naturally because positions could not be filled and the money will be realized in the fund balance at the end of the year. He indicated that the County's failure to properly compensation employees resulted in many employees leaving the County because they did not see improvement. He added that he had some trepidation with the PAYGO plan because of the tax equity in the districts.

Chairman Elías called for a roll call vote on the substitute motion. Upon the roll call vote, the motion carried 4-1, Chairman Elias voted "Nay."

Mr. Flagg indicated that in order to comply with the statutes the Board would need to continue all three TNT hearings on the agenda. He suggested that the Board vote to reconsider Board of Supervisors Minute Item No. 11.

13. Request for Reconsideration – District 2

On June 18, 2019, the Board of Supervisors approved the following:

Pursuant to A.R.S. §42-17104 and §42-17107, the Board of Supervisors will conduct a public hearing on proposed expenditures and Pima County's intent to raise the primary property taxes over last year's level.

It was moved by Chairman Elías and seconded by Supervisor Bronson to close the Truth in Taxation public hearing. Upon roll call vote, the motion unanimously carried 5-0.

Andrew Flagg, Chief Civil Deputy County Attorney, stated that in order to comply with statutes, a motion for reconsideration was needed to continue the Truth in Taxation public hearing.

It was moved by Supervisor Valadez and seconded by Supervisor Miller to continue the Truth in Taxation public hearing to the Board of Supervisors' Meeting of July 2, 2019. Upon the vote, the motion carried 4-1, Chairman Elías voted "Nay."

14. Adopt Debt Service Final Budget for Fiscal Year 2019/2020

It was moved by Supervisor Valadez and seconded by Supervisor Bronson to continue the Debt Service Final Budget Hearing to the Board of Supervisors' Meeting of July 2, 2019. Upon roll call vote, the motion carried 4-1, Chairman Elías voted "Nay."

It was moved by Supervisor Valadez and seconded by Supervisor Bronson to approve the item. No vote was taken at this time.

Chairman Elías asked the Board to consider adding an additional \$20,000.00 to the outside agency funding for Clinica Amistad.

Supervisor Valadez suggested that the County Administrator be directed to provide funding through a reserve or another funding source.

Chairman Elías agreed and directed the County Administrator to provide Clinica Amistad funding in the amount of \$20,000.00.

Supervisor Miller asked for clarification on Pima Association of Government's (PAG) overall work program.

Chuck Huckelberry, County Administrator, explained that this was Pima County's contribution for PAG's annual regional air quality, water quality and transportation planning.

Upon roll call vote, the motion unanimously carried 5-0.

DEVELOPMENT SERVICES

16. Final Plat With Assurances

It was moved by Supervisor Bronson, seconded by Supervisor Valadez and unanimously carried by a 5-0 vote, to approve the item.

INDUSTRIAL DEVELOPMENT AUTHORITY

18. Center for Academic Success Project

RESOLUTION NO. 2019 - 49, of the Board of Supervisors, approving the proceedings of the Industrial Development Authority of the County of Pima regarding the issuance of its not to exceed \$8,500,000.00 Education Revenue Refunding Bonds (Center for Academic Success Project, 900 Carmelita Drive, Sierra Vista, Arizona and 919 E. 3rd Street, 510 G Avenue and 1415 F Avenue, Douglas, Arizona) Series 2019 and declaring an emergency.

Jonathan Salvatierra addressed the Board regarding his opposition to the Industrial Development Authority's (IDA) Charter School funding and asked that no further funding be provided.

Chairman Elías asked Mr. Michael Slania, Industrial Development Authority Attorney, to respond to Mr. Salvatierra's comments.

Mr. Slania explained the process and indicated that debt issued by the IDA was not a debt of its governing body. He stated that funding was not provided from the County budget and no taxpayer monies were used. He added that all funding for charter schools was conducted through the State, the Charter School Boards, and the Arizona Department of Education. He stated that this did not impact bond rating or the annual budgets of entities in Pima County. He explained that state statute allowed the funding of projects within the state and as a result monies were returned through employment and affordable housing programs.

Chairman Elías asked whether monies were used for staffing and companies working with the IDA and for affordable housing projects within Pima County.

Mr. Slania responded in the affirmative and indicated that the IDA was also involved in a number of economic development projects outside of Pima County that provided a benefit to the County.

Supervisor Miller inquired whether the Board approved the affordable housing or whether it was approved through a separate funding mechanism.

Mr. Slania responded that it depended on the nature of the program.

Supervisor Miller asked for the total invested in affordable housing and also asked that a report be provided.

Mr. Slania responded that a report would be provided.

It was moved by Supervisor Valadez, seconded by Supervisor Miller and unanimously carried by a 5-0 vote, to adopt the Resolution.
