***Contractor/Vendor Name/Grantor (DBA):**

Arizona Department of Health Services (ADHS)

***Project Title/Description:**

The federal Family Planning Program (Title X) was enacted by Congress in 1970 to offer a broad range of effective family planning methods and related services to low income individuals. The goal of the ADHS Title X funding is to enhance the Family Planning services already being provided throughout Pima County under a grant contract with Arizona Family Health Partnership.

***Purpose:**

The purpose of the Family Planning Services Program is to assist in the operation of voluntary family planning services. This contract provides \$127,000 for the purchase of equipment and supplies that are both expensive and vital for program and clinic operations such as exam tables, lab equipment (e.g. microscopes, centrifuges) and office equipment (ID scanners, paper scanners, printers). The funds will allow the Pima County Health Department to purchase vital equipment and supplies that will help to enhance and maintain clinic operations. This special short-term grant does not include any indirect costs as the money is to be used for expenses outside of ordinary operations. In addition, there are no Personnel Costs in the budget, which is the usual basis for indirect costs.

***Procurement Method:**

This grant is a non-Procurement contract and not subject to Procurement rules.

***Program Goals/Predicted Outcomes:**

The goal of the Title X program is to improve pregnancy planning and spacing and prevent unintended pregnancies through increased awareness of the importance of preconception care and increased access to family planning services. The program also seeks a decrease in unintended and teen pregnancy rates, an increase in screening, and a decrease in STD rates.

***Public Benefit:**

Access to family planning and reproductive health services are essential to reducing the personal and societal costs of unintended pregnancy and sexually transmitted diseases. For every \$1 spent on family planning services, \$7.09 in public expenditures is saved. The ability to provide quality services is contingent on staff and organizational capacity, including infrastructure (i.e. equipment and supplies). PCHD will use these special one-time funds to purchase laboratory and clinical equipment and supplies, pay for travel to family planning-related conferences and events, purchase equipment and supplies for front office staff for patient check-in, and purchase equipment for the mobile clinic to enhance family planning services outside of brick-and-mortar clinic sites.

***Metrics Available to Measure Performance:**

Due to the nature of these funds, there are no established activities, goals or objectives that need to be evaluated for effectiveness. The successful compliance and subsequent completion of this contract revolves around the purchase of aforementioned materials, supplies and equipment by the termination date of this contract, March 31, 2020.

***Retroactive:**

Yes. The IGA was received from ADHS on July 18 and takes effect August 1, 2019. However, no purchases will be made until the BOS approves the IGA.

REQUEST FOR WAIVER OF INDIRECT COSTS

| Requestor (Department Lead) | Sharon Grant |
| Project Title | Title X Reproductive Health Services |
| Sponsor Due Date: | N/A |
| GMI Lead | |

Pima County's Indirect Cost Waiver Policy:

Refer to County Administrator's March 5, 2019 directive regarding recovery of indirect costs:
"No grant acceptance on behalf of the County is to be processed unless there is a clear
indication that indirect costs can and are being reimbursed" (insert link to memo).

Instructions for Requesting Indirect Cost Waiver

Please be aware the request for waiver must be submitted with the Grant Application Approval Request. All requests for waiver of indirect costs must present a compelling reason. Reasons that do not meet the "compelling reason" justification include:

- ✓ An application will be more competitive without indirect costs requested
- ✓ A budget cut is anticipated in future years

We are seeking a waiver of indirect costs for this project based on the following: These additional one-time funds are to be used for expenses outside of ordinary operations. There are no personnel costs included in the budget. Since Pima County bases indirect costs on personnel costs, there are no indirect costs budgeted.

results, software, data and any other intellectual property or deliverables created, prepared, or received by the Contractor in performance of this Contract. Contractor acknowledges that all Materials are the property of the State by and through the ADHS and, as such, shall remain under the sole direction, management and control of the ADHS. The Contractor is not entitled to a patent or copyright on these Materials and may not transfer a patent or copyright on them to any other person or entity. To the extent any copyright in any Materials may originally vest in the Contractor, the Contractor hereby irrevocably transfers to the ADHS, for and on behalf of the State, all copyright ownership. The ADHS shall have full, complete and exclusive rights to reproduce, duplicate, adapt, distribute, display, disclose, publish, release and otherwise use all Materials. The Contractor shall not use or release these Materials without the prior written consent of the ADHS. When this Contract is terminated, the disposition of all such Materials shall be determined by the ADHS. Further, the Contractor agrees to give recognition to the ADHS for its support of any program when releasing or publishing program Materials.

- 4.10.3. *Notwithstanding the above, if the Contractor is a State agency, the following shall apply instead:* It is the intention of ADHS and Contractor that all material and intellectual property developed under this Agreement be used and controlled in ways to produce the greatest benefit to the parties to this Contract and the citizens of the State of Arizona. As used in this paragraph, "Material" means all written and electronic information, recordings, reports, findings, research information, abstracts, results, software, data, discoveries, inventions, procedures and processes of services developed by the Contractor and any other materials created, prepared or received by the Contractor and subcontractors in performance of this Agreement. "Material" as used herein shall not include any pre-existing data, information, materials, discoveries, inventions or any form of intellectual property invented, created, developed or devised by Contractor (or its employees, subcontractors or agents) prior to the commencement of the services funded by this Agreement or that may result from Contractor's involvement in other service activities that are not funded by the Agreement.
- 4.10.4. Title and exclusive copyright to all Material shall vest in the State of Arizona, subject to any rights reserved on behalf of the federal government. As State agencies and instrumentalities, both ADHS and Contractor shall have full, complete, perpetual, irrevocable and non-transferable rights to reproduce, duplicate, adapt, make derivative works, distribute, display, disclose, publish and otherwise use any and all Material. The Contractor's right to use Material shall include the following rights: the right to use the Material in connection with its internal, non-profit research and educational activities, the right to present at academic or professional meetings or symposia and the right to publish in journals, theses, dissertations or otherwise of Contractor's own choosing. Contractor agrees to provide ADHS with a right of review prior to any publication or public presentation of the Material, and ADHS shall be entitled to request the removal of its confidential information or any other content the disclosure of which would be contrary to the best interest of the State of Arizona. Neither party shall release confidential information to the public without the prior expressly written permission of the other, unless required by the State public records statutes or other law, including a court order. Each party agrees to give recognition to the other party in all public presentations or publications of any Material, when releasing or publishing them.
- 4.10.5. In addition, ADHS and Contractor agree that any and all Material shall be made freely available to the public to the extent it is in the best interest of the State. However, if either party wants to license or assign an intellectual property interest in the material to a third-party for monetary compensation, ADHS and Contractor agree to convene to determine the relevant issues of title, copyright, patent and distribution of revenue. In the event of a controversy as to whether the Material is being used for monetary compensation or in a way that interferes with the best interest of the state or ADHS, then the Arizona Department of Administration shall make the final decision. Notwithstanding the above, "monetary compensation" does not include compensation paid to an individual creator for traditional publications in academia (the copyrights to which are Employee-Excluded Works under ABOR Intellectual Property Policy Section 6-908C.4.), an honorarium or other reimbursement of expenses for an academic or professional presentation, or an unprofitable distribution of Material.

- 4.11. E-Verify Requirements In accordance with A.R.S. § 41-4401, Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. § 23-214, Subsection A.

Further, the Contractor shall flow down this requirement to all subcontractors utilized during the term of the Contract. Any unearned State funds that have been advanced to the Contractor and remain in its possession at the end of each budget term, or at the time of termination of the Contract, shall be refunded to the ADHS within forty-five (45) days of the end of a budget term or of the time of termination.
- 5.2.2. Contracted Services. In a fixed price contract, if the number of services provided is less than the number of services for which the Contractor received compensation, funds to be returned to the ADHS shall be determined by the Contract price. Where the price is determined by cost per unit of service or material, the funds to be returned shall be determined by multiplying the unit of service cost by the number of services the Contractor did not provide during the Contract term. Where the price for a deliverable is fixed, but the deliverable has not been completed, the Contractor shall be paid a pro rata portion of the completed deliverable. In a cost reimbursement contract, the ADHS shall pay for any costs that the Contractor can document as having been paid by the Contractor and approved by ADHS. In addition, the Contractor will be paid its reasonable actual costs for work in progress as determined by Generally Accepted Accounting Procedures up to the date of contract termination.
- 5.2.3. Refunds. Within forty-five (45) days after the end of each budget term or of the time of termination of the Contract, the Contractor shall refund the greater of: i) the amount refundable in accordance with paragraph 4.2.1, Unearned Advanced Funds; or ii) the amount refundable in accordance with paragraph 5.2.2, Contracted Services.
- 5.2.4. Unacceptable Expenditures. The Contractor agrees to reimburse the ADHS for all Contract funds expended, which are determined by the ADHS not to have been disbursed by the Contractor in accordance with the terms of this Contract. The Contractor shall reimburse ADHS within 45 days of the determination of unacceptability.
- 5.3. Unit Costs/Rates or Fees. Unit costs/rates or fees shall be based on costs, which are determined by ADHS to be reasonable, allowable and allocable as outlined in the Accounting and Auditing Procedures Manual for the ADHS.
