County will furnish the DO or DOM to Contractor via facsimile, e-mail or telephone. **If County gives the order verbally, the County Department issuing the order will transmit a confirming order document to Contractor within five (5) workdays of the date it gives the verbal order.**

**Contractor must not supply materials or services that are not specified on the MA and are not documented or authorized by a DO or DOM at the time of provision. County accepts no responsibility for control of or payment for materials or services not documented by a County DO or DOM.**

Contractor should establish, monitor, and manage an effective contract administration process that assures compliance with all requirements of this contract. In particular, Contractor may only provide goods or services in excess of the executed contract items, item quantity, item amount, or contract amount upon written authorization via contract revision that County has properly executed and issued. Any items Contractor provides in excess of those stated in the contract are at Contractor's own risk to include verbal requests to deliver items in excess of the contract. Contractor should report all such requests in writing to the County Procurement Department within one (1) workday of the request. The report should include the name of the requesting individual and the nature of the request.

##### **6. ACCEPTANCE OF GOODS AND SERVICES:**

The County Department designated on the issued order (DO or DOM) will accept goods and services only in accordance with this contract. Such acceptance is a prerequisite to the commencement of payment terms.

All Invoice documents will reference the County's DO or DOM number under which the services or products were ordered. **ALL** Invoice line items will utilize the item description, precise unit price and unit of measure defined by the County's order document. County may return invoices that include line items or unit prices that do not match those documented by the County's order to Contractor unprocessed for correction.

Standard payment terms are net thirty (30) days from the date of valid invoice document and do not commence until the later of 1) the receiving County Department receives goods or services into County's payment system or 2) County Financial Operations receives and verifies Contractor's invoice.

**OPTIONAL EARLY PAYMENT DISCOUNT TERM:** Pima County Administrative Procedure No. 22-35 section 2.2.4 defines County's practice regarding discounts for early payment. Contractor offers the following discounts to those prices to be used for all orders issued pursuant to this contract. County will utilize the existing payment code that best matches that offered and does not exceed the offered discount percentage. Payment days cannot be less than ten (10) calendar days.

Contractor shall submit valid invoice document consistent with the associated DO or DOM to County Finance Department at least seven (7) calendar days prior to the date on which the discounted payment is due. Although an order may not fully define State and City sales tax, County will pay such taxes as are DIRECTLY applicable to Pima County and Contractor invoices such taxes as a separate line item. Contractor must not include such taxes in the item unit price.

**Price Warranty.** Contractor agrees to give Pima County the benefit of any price reduction before actual time of shipment.

**Price Escalation.** All unit prices should include compensation for Contractor to implement and actively conduct cost and price control activities. Pricing should remain firm during the initial year of the contract term after which the parties may consider price increases no more frequently than once per year. County will review proposed pricing and determine if it is allowable, fair and reasonable. County reserves the right to continue, accept or reject the price proposal, or terminate the contract.

Quantities in this solicitation are estimates only. County reserves the right to increase or decrease quantities and amounts. County makes no guarantee regarding actual orders for items or quantities during the term of the agreement. County is not responsible for Contractor inventory or order commitment.

Contractor's unit prices must include all incidentals and associated costs required to comply with and satisfy all requirements of this solicitation, which includes the *Instructions to Offerors, Standard Terms and Conditions*, and Offer Agreement. County will make no payments for items not in the contract.

Contractor will provide detailed documentation in support of payment requests, which should be consistent with and not exceed County's DO or DOM document. Contractor will bill County within one (1) month after the date on which Contractor's right to payment accrues ("Payment Accrual Date"), which, unless this contract specifically provides otherwise, is the date Contractor delivers goods, performs services or incurs costs. Invoices must assign each billed amount to an appropriate line item of County's order and document each Payment Accrual Date. County may refuse to pay any amount that Contractor bills in which does not conform to County's DO or DOM document. County will refuse to pay any amount that Contractor bills more than six (6) months after the Payment Accrual Date, pursuant to A.R.S. § 11-622(C)

**PIMA COUNTY STANDARD TERMS AND CONDITIONS****1. OPENING:**

Pima County ("COUNTY") will publicly open responses on the date and at the location as stated in the *Invitation for Bid (IFB)* or *Request for Proposal (RFP)*. The County will read each respondent's name, and for responses to an IFB will also read the total bid amount. COUNTY will open proposals so as to avoid disclosure of the contents of any proposal to competing offerors during the **evaluation** process. COUNTY invites all interested parties to attend the bid opening.

**2. EVALUATION:**

COUNTY will evaluate responses to determine which are most advantageous to COUNTY considering conformity to the specifications stated in the IFB, evaluation criteria stated in the RFP, and other factors, regardless of solicitation type.

If COUNTY makes an award, COUNTY will enter into an agreement with one or more Contractor(s) that submitted the lowest responsive bid(s) or highest scoring proposal that COUNTY determined responsible for providing the required goods or services. Unless otherwise specified on the IFB document, COUNTY will determine the low or lowest bids considering all items listed in the Unit Price Schedule.

COUNTY, at its sole discretion, reserves the following rights: 1) to waive informalities in the bid or bid procedure; 2) to reject the response of any persons or corporations that have previously defaulted on any contract with COUNTY or who have engaged in conduct that constitutes a cause for debarment or suspension as set forth in COUNTY Code Section 11.32; 3) to reject any and all responses; 4) to re-advertise for bids previously rejected; 5) to otherwise provide for the purchase of such equipment, supplies materials and services as may be required herein; 6) to award on the basis of price and other factors, including but not limited to such factors as delivery time, quality, uniformity of product, suitability for the intended task, and bidder's ability to supply; 7) to increase or decrease the item quantity or eliminate any item of this solicitation prior to the award. Pricing evaluations will be based on pre-tax pricing proposed by Contractor.

**3. AWARD NOTICE:**

COUNTY will post a *Notice of Recommendation for Award* for IFB or RFP on the Procurement website available for review by interested parties. The Procurement Department will maintain a tabulation of the bids or ranking of proposals.

**4. AWARD:**

Either the Procurement Director or the Board of Supervisors will make the contract award in accordance with the Pima County Procurement Code. COUNTY reserves the right to reject any or all proposals, bids or to waive irregularities and informalities in the best interest of COUNTY. Unless COUNTY expressly agrees otherwise, resulting contracts are not exclusive, they are for the sole convenience of COUNTY, and COUNTY reserves the right to obtain like goods or services from other sources.

**5. WAIVER:**

Each offeror, by submission of an offer, bid or proposal waives any and all claims for damages against County or its officers or employees when County exercises any of its reserved rights.

**6. ACKNOWLEDGEMENT AND ACCEPTANCE:**

If Contractor's terms of sale are inconsistent with the terms of the resultant contract, the terms herein shall govern, unless County accepts Contractor's terms in writing. No oral agreement or understanding shall in any way modify this contract or the terms and conditions herein. Contractor's acceptance, delivery or performance called for herein shall constitute unqualified acceptance of the terms and conditions of the resultant contract.

**7. INTERPRETATION, APPLICABLE LAW and VENUE:**

The laws of the State of Arizona govern the interpretation and construction of this contract. Any action pursuant to this Contract must be filed and maintained in a court of the state of Arizona in Pima County. Any changes in the governing laws, rules, and regulations during an agreement apply, but do not require an amendment or revisions. If any of Contractors' terms or conditions is not in agreement with County's terms and conditions as set forth herein, County's shall govern. This contract incorporates the complete agreement of the parties with respect to the subject matter of this contract. No oral agreement or other understanding will in any way modify the terms and conditions of this contract.

**8. WARRANTY:**

Contractor warrants goods or services to be satisfactory and free from defects.

**9. QUANTITY:**

Contractor will not exceed or reduce the quantity of goods ordered without written permission from County in the form of a properly executed Master Agreement (MA), Purchase Order (PO) Delivery Order (DO) or Delivery Order Maximo (DOM) revision or amendment as required by County Procurement Code. All quantities are estimates and County provides no guarantee regarding actual usage.

**10. PACKING:**

Contractor will make no extra charges for packaging or packing material. Contractor is responsible for safe packaging conforming to carrier's requirements.

**11. DELIVERY:**

On-time delivery of goods and services is an essential part of County's consideration. Contractor must provide a guaranteed delivery date, or interval period from order release date to delivery if the contract so requires. Upon receipt of notification of delivery delay, County at its sole option and at no cost to County may cancel the order or extend delivery times, which extension of delivery time will be valid only if in writing by an authorized representative of County.

To mitigate or prevent damages caused by delayed delivery, County may require Contractor to deliver additional quantity utilizing express modes of transport, and or overtime, all costs to be Contractor's responsibility. County reserves the right to cancel any delinquent order, procure from alternate source, or refuse receipt of or return delayed deliveries, at no cost to County. County reserves the right to cancel any order or refuse delivery upon default by Contractor concerning time, cost, or manner of delivery.

County will not hold Contractor responsible for unforeseen delays caused by fires, strikes, acts of God, or other causes beyond Contractor's control, provided that Contractor provides County immediate notice of delay.

**12. SPECIFICATION CHANGES:**

County has the right to make changes in the specifications, services, or terms and conditions of an order. If such changes cause an increase or decrease in the amount due under an order or in time required for performance, County will make an acceptable adjustment and will modify the order in writing.

Nothing in this clause reduces Contractor's responsibility to proceed without delay in the delivery or performance of an order.

**13. INSPECTION:**

County may inspect or test all goods and services at their place of manufacture, destination or both. County will hold goods failing to meet specifications of the order or contract at Contractor's risk and may return them to Contractor with costs for transportation, unpacking, inspection, repacking, reshipping, restocking or other like expenses to be the responsibility of Contractor. In lieu of return of nonconforming supplies, County, at its sole discretion and without prejudice to County's rights, may waive any nonconformity, receive the delivery, and treat the defect(s) as a warranty item, but waiver of any condition will not be a waiver of that condition for subsequent shipments or deliveries.

**14. SHIPPING TERMS:**

Unless stated otherwise by the contract, delivery terms are to be F.O.B. Destination & Freight Prepaid Not Billed ("F.O.B. Destination") and Contractor is to include them in the Unit Price.

**15. PAYMENT TERMS:**

Payment terms are net thirty (30) days, unless the contract otherwise specifies.

**16. ACCEPTANCE OF MATERIALS AND SERVICES:**

County will not execute an acceptance or authorize payment for any service, equipment or component prior to delivery and verification that the delivered goods or services have met all specification requirements.

**17. RIGHTS AND REMEDIES OF COUNTY FOR DEFAULT:**

In the event any item that Contractor furnishes in the performance of the contract fails to conform to the specifications thereof, or to the sample submitted by Contractor, County may reject same, and it thereupon becomes the duty of Contractor to reclaim and remove the same, without expense to County, and to immediately replace all such rejected items with others conforming to the specifications or samples. Should Contractor fail, neglect, or refuse immediately to do so, County has the right to purchase in the open market, in lieu thereof, a corresponding quantity of any such items and to deduct from any monies due or that may become due to Contractor the difference between the price named in the Master Agreement or Purchase Order and the actual cost to County.

In the event Contractor fails to make prompt delivery as specified of any item, the same conditions as to the rights of County to purchase in the open market and to invoke the reimbursement condition above apply, except when delivery is delayed by fire, strike, freight embargo, or acts of god or of the government. In the event County cancels the Master Agreement, Purchase Order or associated orders, either in whole or in part, by reason of the default or breach by Contractor, Contractor will bear and pay for any loss or damage that County sustains in procuring any items which the Contractor agreed to supply. The rights and remedies of County provided above are not exclusive and are in addition to any other rights and remedies that the law or the contract provide.

**18. FRAUD AND COLLUSION:**

Each Contractor, by submission of a bid, certifies that no officer or employee of County or of any subdivision thereof: 1) has aided or assisted Contractor in securing or attempting to secure a contract to furnish labor, materials or supplies at a higher price than that proposed by any other Contractor; 2) has favored one Contractor over another by giving or withholding information or by willfully misleading the bidder in regard to the character of the material or supplies called for or the conditions under which the proposed work is to be done; 3) will knowingly accept materials or supplies of a quality inferior to those called for by any contract; 4) has any direct or indirect financial interest in the offer or resulting contract. Additionally, during the conduct of business with County, Contractor will not knowingly falsely certify, or induce others to falsely certify to a greater amount of labor or to the receipt of a greater amount or different kind of material or supplies than Contractor has actually delivered to County. If County discovers at any time that Contractor has in presenting any offer(s) colluded with any other party or parties for the purpose of preventing any other offer, then County will terminate any affected contract and that person or entity shall be liable for all damages that County sustains.

**19. COOPERATIVE USE OF RESULTING CONTRACT:**

As allowed by law, County has entered into cooperative procurement agreements that enable other Public Agencies to utilize procurement agreements that County develops. Participating agencies may contact Contractor to provide services and products pursuant to the pricing, terms and conditions that the County Master Agreement or Purchase Order defines. The parties may make minor adjustments by agreement to accommodate additional cost or other factors not present in the County's agreement and to satisfy particular Public Agency code or functional requirements within the intended scope of the solicitation and resulting contract. Any such usage shall be in accordance with State, County and other Public Agency procurement rules, regulations and requirements and shall be between the requesting party and Contractor. Contractor holds harmless County, its officers, employees, and agents from and against all liability, including without limitation payment and performance associated with such use. A list of agencies that are authorized to use County contracts is available on the Procurement Department Internet home page: <http://www.pima.gov/procure> by selecting the link titled *Authorized Use of Pima County Contracts*.

**20. PATENT INDEMNITY:**

Contractor will indemnify, defend and hold County, its officers, agents and employees, harmless from liability of any nature or kind, including costs and expenses, for infringement or use of any copyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in connection with the Master Agreement, Purchase Order, and associated orders. County may require Contractor to furnish a bond or other indemnification to County against any and all loss, damage, costs, expenses, claims and liability for patent or copyright infringement.

**21. INDEMNIFICATION:**

To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless Pima County, and its departments, districts, officials, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, costs, losses, or expenses, (including reasonable attorney's fees), (hereinafter collectively referred to as "Claims") arising out of actual or alleged bodily injury or personal injury of any person (including death) or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of Contractor's directors, officers, agents, employees, volunteers or subcontractors. This indemnity includes any claim or amount arising or recovered under the Workers' Compensation Law or arising out of the failure of Contractor to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all Claims. It is agreed that Contractor will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable. This indemnification will survive the termination of the above listed contract with the Contractor.

**22. UNFAIR COMPETITION AND OTHER LAWS:**

Responses must be in accordance with Arizona trade and commerce laws (Title 44 A.R.S.) and all other applicable County, State, and Federal laws and regulations.

**23. COMPLIANCE WITH LAWS:**

Contractor will comply with all federal, state, and local laws, rules, regulations, standards and Executive Orders, without limitation. In the event any services provided under this contract require a license issued by the Arizona Registrar of Contractors (ROC), Contractor certifies that those services will be provided by a contractor licensed by ROC to perform those services in Arizona.

**24. ASSIGNMENT:**

Contractor may not assign its rights to the contract, in whole or in part, without prior written approval of County. County may withhold approval at its sole discretion, provided that County will not unreasonably withhold such approval.

**25. CONFLICT OF INTEREST:**

This contract is subject to the provisions of A.R.S. § 38-503, the pertinent provisions of which are incorporated into and made part of all County Master Agreements or Purchase Orders as if set forth in full therein.

**26. NON-DISCRIMINATION:**

Contractor agrees to comply with all provisions and requirements of Arizona Executive Order 2009-09 which is hereby incorporated into this contract as if set forth in full herein including flow down of all provisions and requirements to any subcontractors. During the performance of this contract, Contractor must not discriminate against any employee, client or any other individual in any way because of that person's age, race, creed, color, religion, sex, disability or national origin.

**27. NON-APPROPRIATION OF FUNDS:**

County may cancel this contract pursuant to A.R.S. § 11-251(42) if for any reason the County Board of Supervisors does not appropriate funds for the stated purpose of maintaining the contract. In the event of such cancellation, County has no further obligation, other than payment for services or goods that County has already received.

**28. PUBLIC RECORDS:**

Disclosure. Pursuant to A.R.S. § 39-121 et seq., and A.R.S. § 34-603(H) in the case of construction or Architectural and Engineering services procured under A.R.S. Title 34, Chapter 6, all documents submitted in response to the solicitation resulting in award of this Contract, including, but not limited to, pricing schedules, product specifications, work plans, and any supporting documents are public records. As such, those documents are subject to release and/or review by the general public upon request, including competitors.

Records Marked Confidential; Notice and Protective Order. If Contractor reasonably believes that some of those records contain proprietary, trade-secret or otherwise-confidential information, Contractor must prominently mark those records "CONFIDENTIAL." In the event a public-records request is submitted to County for records marked CONFIDENTIAL, County will notify Contractor of the request as soon as reasonably possible. County will release the records 10 business days after the date of that notice, unless Contractor has, within that period, secured an appropriate order from a court of competent jurisdiction, enjoining the release of the records. County will not, under any circumstances, be responsible for securing such an order, nor will County be in any way financially responsible for any costs associated with securing such an order.

The Contractor agrees to waive confidentiality of any price terms.

**29. CUSTOM TOOLING, DOCUMENTATION AND TRANSITIONAL SUPPORT:**

Contractor must include costs to develop all tooling and documentation, such as and not limited to dies, molds, jigs, fixtures, artwork, film, patterns, digital files, work instructions, drawings, etc. necessary to provide the contracted services or products and unique to the services or products that Contractor will supply to County in the agreed upon Unit Price unless the contract specifically states otherwise. Such tools and documentation are the property of County and Contractor will mark them as is practical, as the "Property of Pima County". If County so requests, Contractor will deliver a copy of the tooling and documentation to County within twenty (20) days of acceptance by County of the first article sample, or not later than ten (10) days of termination of the contract associated with their development, without additional cost to County. Contractor also agrees to act in good faith to facilitate the transition of work to a subsequent Contractor if and as County reasonably requests at no additional cost. Should exceptional circumstances be present that may justify an additional charge, Contractor may submit said justification and proposed cost and negotiate an agreement acceptable to both Contractor and County, but Contractor may not withhold any requested tooling, document or support as defined above that would delay the orderly, efficient and prompt transition of work. Should conduct by Contractor result in additional costs to County, Contractor will reimburse County for said actual and incremental costs provided that County had given Contractor reasonable time to respond to County's requests for support.

**30. AMERICANS WITH DISABILITIES ACT:**

Contractor will comply with all applicable provisions of the Americans with Disabilities Act (public law 101-336, 42 USC 12101-12213) and all applicable federal regulations under the act, including 28 CFR parts 35 and 36.

**31. NON-EXCLUSIVE:**

Contracts resulting from this solicitation are non-exclusive and are for the sole convenience of County, which reserves the right to obtain like goods and services from other sources for any reason.

**32. PROTESTS:**

An interested party may file a protest regarding any aspect of a solicitation, evaluation, or recommendation for award. Protests must be filed in accordance with the Pima County Procurement Code, Section 11.20.010.

**33. TERMINATION:**

County reserves the right to terminate any Master Agreement, Purchase Order, Delivery Order, Delivery Order Maximo or award, in whole or in part, at any time, without penalty or recourse, when in the best interests of County. Upon receipt of written notice, Contractor will immediately cease all work as directed by the notice, notify all subcontractors of the effective date of termination and take appropriate actions to minimize further costs to County. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract become the property of County and Contractor must promptly deliver them to County. Contractor is entitled to receive just and equitable compensation for work in progress, work completed and materials that County has accepted before the effective date of the termination. The cost principles and procedures defined by A.A.C. R2-7-701 apply.

**34. ORDER OF PRECEDENCE-CONFLICTING DOCUMENTS:**

In the event of inconsistencies between contract documents, the following is the order of precedence, superior to subordinate, that will apply to resolve the inconsistency: Master Agreement, Delivery Order or Delivery Order Maximo, Purchase Order, offer agreement or contract attached to a Master Agreement, Purchase Order, Delivery Order or Delivery Order Maximo; these standard terms and conditions; any other solicitation documents.

**35. INDEPENDENT CONTRACTOR:**

The status of Contractor is that of an independent Contractor. Contractor and Contractor officer's agents or employees are not considered employees of County and are not entitled to receive any employment-related fringe benefits under the County Merit System. Contractor is responsible for payment of all federal, state and local taxes associated with the compensation received pursuant to this Contract and will indemnify and hold County harmless from any and all liability which County may incur because of Contractor's failure to pay such taxes. Contractor is solely responsible for its program development and operation.

**36. BOOKS AND RECORDS:**

Contractor will keep and maintain proper and complete books, records and accounts, which will be open at all reasonable times for inspection and audit by duly authorized representatives of County. In addition, Contractor will retain all records relating to this contract at least five (5) years after its termination or cancellation or, if later, until any related pending proceeding or litigation has been closed.

**37. COUNTERPARTS:**

The parties may execute the Master Agreement or Purchase Order pursuant to this solicitation in any number of counterparts and each counterpart is considered an original, and together such counterparts constitute one and the same instrument. For the purposes of the Master Agreement and Purchase Order, the signed offer of Contractor and the signed acceptance of County are each considered an original and together constitute a binding Master Agreement, if they meet all other requirements for execution.

**38. AUTHORITY TO CONTRACT:**

Contractor warrants its right and power to enter into the Master Agreement or Purchase Order. If any court or administrative agency determines that County does not have authority to enter into the Master Agreement or Purchase Order, County is not liable to Contractor or any third party by reason of such determination or by reason of the Master Agreement or Purchase order.

**39. FULL AND COMPLETE PERFORMANCE:**

The failure of either party to insist on one or more instances upon the full and complete performance with any of the terms or conditions of the Master Agreement, Purchase Order, Delivery Order or Delivery Order Maximo to be performed on the part of the other, or to take any action permitted as a result thereof, is not a waiver or relinquishment of the right to insist upon full and complete performance of the same, or any other covenant or condition, either in the past or in the future.

The acceptance by either party of sums less than may be due and owing it at any time is not an accord and satisfaction.

**40. SUBCONTRACTORS:**

Contractor is fully responsible for all acts and omissions of any subcontractor and of persons directly or indirectly employed by any subcontractor, and of persons for whose acts Contractor may be liable to the same extent that Contractor is responsible for the acts and omissions of persons directly employed by it. Nothing in this contract creates any obligation on the part of County to pay or see to the payment of any money due any subcontractor, except as may be required by law.

**41. SEVERABILITY:**

Each provision of this Contract stands alone, and any provision of this Contract found to be prohibited by law is ineffective to the extent of such prohibition without invalidating the remainder of this Contract.

**42. LEGAL ARIZONA WORKERS ACT COMPLIANCE:**

Contractor hereby warrants that it will at all times during the term of this Contract comply with all federal immigration laws applicable to Contractor's employment of its employees, and with the requirements of A.R.S. § 23-214 (A) (together the "State and Federal Immigration Laws"). Contractor will further ensure that each subcontractor who performs any work for Contractor under this contract likewise complies with the State and Federal Immigration Laws.

County has the right at any time to inspect the books and records of Contractor and any subcontractor in order to verify such party's compliance with the State and Federal Immigration Laws.

Any breach of Contractor's or any subcontractor's warranty of compliance with the State and Federal Immigration Laws, or of any other provision of this section, is a material breach of this Contract Subjecting Contractor to penalties up to and including suspension or termination of this Contract. If the breach is by a subcontractor, and the subcontract is suspended or terminated as a result, Contractor will take such steps as may be necessary to either self-perform the services that would have been provided under the subcontract or retain a replacement subcontractor as soon as possible so as not to delay project completion.

Contractor will advise each subcontractor of County's rights, and the subcontractor's obligations, under this Article by including a provision in each subcontract substantially in the following form:

"Subcontractor hereby warrants that it will at all times during the term of this contract comply with all federal immigration laws applicable to Subcontractor's employees, and with the requirements of A.R.S. § 23-214 (A). Subcontractor further agrees that County may inspect the Subcontractor's books and records to insure that Subcontractor is in compliance with these requirements. Any breach of this paragraph by Subcontractor is a material breach of this contract subjecting Subcontractor to penalties up to and including suspension or termination of this contract."

Any additional costs attributable directly or indirectly to remedial action under this Article is the responsibility of Contractor. In the event that remedial action under this Article results in delay to one or more tasks on the critical path of Contractor's approved construction or critical milestones schedule, such period of delay will be excusable delay for which Contractor is entitled to an extension of time, but not costs.

**43. CONTROL OF DATA PROVIDED BY COUNTY:**

For those projects and contracts where County has provided data to enable the Contractor to provide contracted services or products, unless otherwise specified and agreed to in writing by County, Contractor will treat, control and limit access to said information as confidential and will under no circumstances release any data provided by County during the term of this contract and thereafter, including but not limited to personal identifying information as defined by A.R.S. § 44-1373, and Contractor is further prohibited from selling such data directly or through a third party. Upon termination or completion of the contract, Contractor will either return all such data to County or will destroy such data and confirm destruction in writing in a timely manner not to exceed sixty (60) calendar days.

TO: Michael Warren  
Pima County Procurement Officer

RE: RFQ 344765-NS/SS, Wemco and Hidrosta! Pumps and Parts  
Due: 7-26-19 @ 1 PM Local time

Dear Mr. Warren,

It is our pleasure to once again bid on the Wemco and Hidrosta! Pump and Parts Contract. Please let me know if you have any questions regarding this proposal.

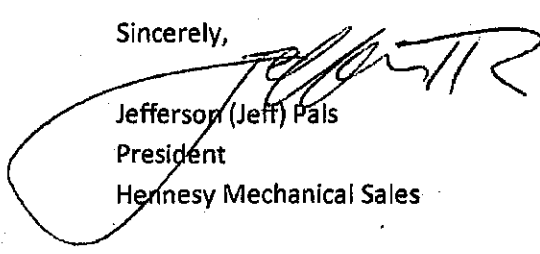

The only item I need to bring to your attention is in regards to delivery of the items being ordered. Since the replacement pumps are all custom pumps the deliveries can sometimes run 22-28 weeks and that time line falls outside the stated 4 month lead time you noted for pumps.

In all cases, we will seek to minimize this lead time as much as possible but we cannot guarantee it as noted in the RFQ. The same thing applies to parts, many of them will be stock to 4 weeks but occasionally a part on a custom pump like an impeller for example will run 6-8 weeks.

If we find that there are critical parts that need to be procured on a somewhat regular basis that seem to always have long lead times, we can discuss bringing in some inventory level to support Pima County in their efforts to maintain and keep the equipment operational. We welcome any other ideas or suggestions the plant maintenance personnel might have to best assist them in their efforts to that same end.

Thank you again for the past business and we hope to be able to continue to service you moving forward with a new contract.

Sincerely,

Jefferson (Jeff) Pals
