

## **BOARD OF SUPERVISORS AGENDA ITEM REPORT**

**Requested Board Meeting Date:** September 17, 2019

**Title:** Precinct Line Changes

### **Introduction/Background:**

Per A.R.S. §16-411(A), the Board of Supervisors shall establish a convenient number of election precincts in the county and define the boundaries of the precincts on or before October 1 of each year preceding the year of a general election.

### **Discussion:**

Pima County currently has 249 voting precincts. After reviewing the number of voters who cast a ballot at the polls during the 2018 general election, the Elections Department has determined that the current precinct boundaries are sufficient to accommodate voters and provide for efficient administration of the 2020 elections.

However, there is a precinct line north of Twin Peaks Road between Precinct 6 and Precinct 115 that needs to be adjusted to due the construction of a subdivision that straddles the existing line.

The Elections Department is asking the Board of Supervisors to make a slight adjustment to the precinct line between Precinct 6 and Precinct 115, so that the line follows Quarry Road and the new subdivision is not split by precinct lines for the 2020 Election Cycle.

### **Conclusion:**

If the Board makes the recommended adjustment, the total number of precincts in Pima County would remain at 249. The new subdivision north of Twin Peaks Road will remain intact in Precinct 115. The Board would be in compliance with A.R.S. §16-411(A).

### **Recommendation:**

The Elections Department recommends adjusting the precinct line between Precinct 6 and Precinct 115 for the 2020 Election Cycle.

### **Fiscal Impact:**

None.
