

AGENDA MATERIAL

DATE 3/19/20 ITEM NO. RA 4

Pima Serves Plan (PSP)

- County staff that are not able to perform their normal duties may be assigned to provide public service to vulnerable populations in our community like grocery and pharmacy pick up and delivery
- Where possible, allow temporary reassignment for County employees unable to perform their normal duties to nonprofit organizations serving our community
- County Housing Department should:
 - Create on-demand library covering subjects including:
 - What to do if I can't pay my rent or mortgage?
 - Housing resources available to me and how to tap into them virtually or by phone
 - Mortgage fixes to help me during a difficult economic time and how to talk to my bank about them
 - Each of these should also include a link allowing them to schedule a videoconference or phone call with appropriate County staff, as well as a phone number to do the same
- Community Services, Employment and Training (CSET)
 - Create on-demand library covering subjects including:
 - How to use CSET resources online
 - Scheduling videoconference or phone call appointments with the one-stop centers
 - Work with members of the Workforce Investment Board to identify opportunities for temporary employment during declaration period
 - If possible, create listing of temporary employment opportunities
 - Apply for any resources made available, including possibly dislocated workers, to help community members who are unable to work during the declaration period
- Economic Development
 - Restaurants
 - Encourage local restaurants to convert servers to drivers to service clientele during to go and drive-in period
 - Create and host voluntary listing of local restaurants that are available for to go and delivery services and how to order
 - Develop, if possible, an Economic Development Response Plan

- For initial distribution in one week (understanding that this will be an ever evolving and changing plan)
- Plan should include, but not be limited to:
 - Measures, in conjunction with our Economic Development Partners, to mitigate, if possible, the effect of this declaration period
 - Resources available to local businesses both during and after the declaration period
 - How to work with CSET should they need additional help
 - Measures or resources that are available and can help businesses unwind from declaration period
- How can I help
 - Develop online resource that will help community members determine how they can help during declaration period
 - Blood donation
 - Regular check ins with vulnerable individuals in their family and neighborhoods
