Hi Terri,

Some further thought related to your email and question below, in that I suppose I really don't know "what you already have". Also, I am somewhat baffled by the last statement where "If I have a record of the protests from P/Z, which are sent to the Board." The attached Petition of Objection & Protest was not submitted to P/Z (which I assume to be the Planning & Zoning Commission), so I suppose you wouldn't have this record of the protests.

I wish to confirm that this Petition of Objection is applied to P19RZ00012, and per 18.91.080 that a three-fourths vote of all member of the board of supervisors shall be required for approval. Acknowledgement will be appreciated.

With approx 110 signatories who live within the nominal 1,000 ft notification area, and well over 70% (29 of 41) of the property owners and land area within 300 ft of the proposed rezoning, I feel the Board should be made aware of the degree of objection which exists, also noting that some additional property owners not listed on the petition have registered their objection separately. Acknowledgement in this regard will also be appreciated.

With respect to distribution and a personal letter of objection which I plan to send soon, can you please advise whom this is to be addressed and sent? My thought was that it would go to the Board of Supervisors via the Clerk of the Board as the proposed rezoning is now a matter for their consideration, but perhaps I am mistaken.

Thank you and best regards, Tony

Thank you Tony!

Is this different than what I already have? It is unnecessary to send duplicate information to the Clerk and myself. If I have a record of the protests from P/Z, which are sent to the Board.  
Terri

Good afternoon;

Pima Co Development Services  
Clerk of the Board of Supervisors

Please find attached an Objection & Protest Petition in respect of the proposed rezoning P19RZ00012 together with some information related to this submittal.

Best regards,

Tony Casagrande
